TABLE OF SECTIONS AFFECTED

This is a table of sections of the Constitution, codes, and uncodified statutes affected (added, amended, or repealed) by the proposed legislation contained in the following January 1974 Commission publications:

Tentative Recommendations Relating to Condemnation Law and Procedure:

The Eminent Domain Law (herein referred to as "EDL")

Condemnation Authority of State Agencies (herein referred to as "SEC")

Conforming Changes in Special District Statutes (herein referred to as "SD")

Recommendation Relating to Condemnation Law and Procedure: Conforming Changes in Improvement Acts (herein referred to as "IA")

The tentative recommendation relating to conforming changes in special district statutes includes eight bills, which are numbered in that tentative recommendation as "Bill No. 1" through "Bill No. 8." This table indicates the number of the particular bill which contains the section affected. For example, "Bill No. 3" is referred to as "SD#3."

One of the following abbreviations is used after each section listed in the table to indicate how the section is affected:

"(new)" - a new section to be added to the code

"(A)" - a section of existing law that is amended

"(R)" - a section of existing law that is repealed.
