First Supplement to Memorandum 76-103

Subject: Study 77 - Nonprofit Corporations (Preliminary Part of Recommendation)

As you may already have discovered, a number of errors were made in running off the material attached to Memorandum 76-103.

The following are the errors:

(1) The summary is run on green, not pink as indicated in the memorandum.

(2) Page 11 follows page 12.

(3) There is no page 20. The pages were not correctly numbered; no material is omitted at this point in the copy, but the page numbering skips from page 19 to page 21.

(4) Page 32 was run twice. Ignore one side of this sheet.

(5) There is no page 64. The pages were not correctly numbered; no material was omitted at this point in the copy, but the page numbering skips from page 63 to page 65.

We regret any inconvenience these errors may have caused you.

Respectfully submitted,

John H. DeMouilly
Executive Secretary
