Memorandum No. 4-A

Views of the State Bar

Mr. Stanton and I plan to attend a meeting of the Northern Section of the Committee on Administration of Justice on this Wednesday, April 15. Hopefully, we can at that time eliminate some of the questions and objections which the C.A.J. has raised concerning A. B. 405. We should also be able to ascertain those matters, if any, as to which the C.A.J. is still dissatisfied. I have not, therefore, prepared for distribution now a summary of the C.A.J. objections and questions on these bills but will bring such a summary with me to the meeting.

Respectfully submitted,

John R. McDonough, Jr.
Executive Secretary
