First Supplement to Memorandum 64-61

Subject: Study No. 34(L) - Uniform Rules of Evidence (Evidence Code--
Division 5--Presumptions)

There is attached to this memorandum a copy of the comments on Division 5 of the Southern Section of the State Bar Committee on Evidence.

The comments arrived today and we have not had time to prepare an analysis of them. There are some well thought out criticisms of our statute in these comments. We felt that we should send them to you immediately so that you will have some time to think about them prior to the meeting. We will do research on the matters raised by the comments prior to the meeting.

Respectfully submitted,

Joseph B. Harvey
Assistant Executive Secretary
