

2/15/67

Memorandum 67-6

Subject: Senate Bill No. 249 (Commercial Code Revisions)

We have received no comments on this bill. More than a month ago we sent our Recommendation on this subject to the California Commissioners on Uniform State Laws with a request that they give us any suggestions for revision of the proposed legislation. We have not yet received a response to this request. (You will recall that the California Commissioners on Uniform State Laws took the position that our proposed revisions of the California Uniform Commercial Code were undesirable because they departed from the language of the Uniform Act.)

Respectfully submitted,

John H. DeMouilly
Executive Secretary
