Memorandum 72-4

Subject: Study 36 - Condemnation (Schedule)

The staff suggests that the tentative schedule for the condemnation study be as set out in Exhibit I. We would like to have a tentative schedule approved so the State Bar Committee and various other interested groups will be able to schedule their work in connection with this project.

As you can see from the schedule, we have substantially completed the initial drafting of the right to take provisions; only a few miscellaneous matters remain for initial consideration.

At the January 1972 meeting, we will consider two matters that need to be resolved so we can complete our work on the right to take. We will not consider condemnation at the February meeting. At the March meeting, assuming that we have tentatively determined the procedure for raising right to take issues and the compensation rules in partial take cases, we will consider various different types of excess takings.

Also attached (Exhibit II) is a schedule we would like to send to the State Bar Committee (and perhaps others), together with Exhibit I (attached).

Respectfully submitted,

John H. DeMouilly
Executive Secretary
