

2/23/82

Memorandum 82-37

Subject: Schedule for Future Meetings

The staff has concluded that in order to permit the Commission to submit its major recommendation (wills and intestate succession) to the 1983 session it appears essential that the Commission hold an additional meeting to review a comprehensive tentative recommendation prior to its distribution for review and comment by interested persons. For further discussion, see Memorandum 82-14 (to be sent).

We believe that it will be possible to complete a draft of the tentative recommendation by May 28. We propose that the Commission meet on June 11 (Friday) or June 12 (Saturday), beginning at 10:00 a.m., to review the tentative recommendation. We suggest that the meeting be held at the San Francisco airport since the San Francisco area is the most convenient to the great majority of our probate law consultants.

Please check your calendars to determine whether you could meet on June 11 or 12.

Respectfully submitted,

John H. DeMouilly
Executive Secretary
