Memorandum 87-22

Subject: Study L - Probate Code - Assembly Bill 708 (As Amended)

Attached is a copy of Assembly Bill 708 as amended on March 30. We received copies of the bill today.

It was not possible to include in the amended bill all of the amendments approved at the March meeting of the Commission. We have prepared a series of memorandums that set out the amendments approved at the March meeting that are not included in the amended bill and other amendments the staff recommends be made to the bill.

The Assembly Judiciary Committee has decided not to hear Assembly Bill 708 until May 13. This will permit Assembly Bill 708 to be again amended before it is heard by the Assembly Judiciary Committee.

Respectfully submitted,

John H. DeMouilly  
Executive Secretary
