

Memorandum 89-85

Subject: Study L-828 - TOD Designation for Vehicles and Vessels

Attached is a staff draft of a proposal drawn from Missouri law to permit registration and title to state-registered vehicles and vessels to designate a beneficiary to receive title at death of the owner

California law permits transfer by affidavit of title to state-registered vehicles and vessels at death of the owner. Health & Safety Code § 18102; Veh. Code §§ 5910, 9916. The affidavit may be used by the person entitled to the vehicle or vessel under the owner's will, or, if a near relative, by intestate succession. The attached TOD proposal has the advantage of allowing the owner to designate the beneficiary without a will, and, in case of intestacy, without limiting beneficiaries to near relatives of the owner.

The attached proposal is consistent with the TOD designation allowed for accounts in financial institutions under the California Multiple-Party Accounts Law. Prob. Code § 5302. It is also consistent with the TOD designation permitted in employment contracts, bonds, promissory notes, and the like. *Id.* § 160.

The attached proposal permits designation of multiple beneficiaries, consistent with the California Multiple-Party Accounts Law. Although Missouri only permits designation of one beneficiary, this is "because of capacity constraints in the present registration system. If there is demand for multiple beneficiary designations and the computerized record keeping system is expanded to accomodate additional names, the [Missouri] law may be amended to authorize such." Report of Missouri Subcommittee on Nonprobate Transfers. There appears to be no reason to limit California law so only one beneficiary may be designated.

Respectfully submitted,
