**Memorandum 95-48****1995 Legislative Program: Current Status**

---

Attached is a chart showing the status of the Commission's 1995 legislative program.

**Administrative Adjudication**

It went down to the wire, but the administrative adjudication bill has been passed by the Legislature and has gone to the Governor. For more information, see Memorandum 95-42.

**Trial Court Unification**

SB 162 (Lockyer), which gives the Governor authority to convert municipal court judgeships to superior court judgeships as municipal court vacancies occur, was passed by the Legislature rather than SCA 4 (unification on a county-by-county basis). The unification-by-attribution proposal, if signed by the Governor, probably will not require extensive legislative implementation. However, we should do a preliminary analysis to make sure this is the case. See discussion in Memorandum 95-50 (new topics and priorities).

The Commission's resolution of authority, embodied in ACR 14, has been amended to authorize the Commission to report recommendations "pertaining to statutory changes that may be necessitated by court unification."

Respectfully submitted,

Nathaniel Sterling  
Executive Secretary
