Memorandum 2000-59

2000 Legislative Program (Final Report)

Attached is a chart showing final legislative action on bills in the Commission's 2000 legislative program. We will update the chart at the meeting with a report of the Governor's action on the bills.

The following legislative measure also affects the Commission directly:

SB 2140 (Burton): Trial Court Employees. This bill directs the Commission to determine whether "any provisions of law are obsolete" as a result of trial court restructuring:

Gov't Code § 71674. Obsolete provisions resulting from trial court restructuring

71674. The California Law Revision Commission shall determine whether any provisions of law are obsolete as a result of the enactment of this chapter [Trial Court Employment Protection and Governance Act], the enactment of the Lockyer-Isenberg Trial Court Funding Act of 1997 (Chapter 850 of the Statutes of 1997), or the implementation of trial court unification, and shall recommend to the Legislature any amendments to remove those obsolete provisions. The commission shall report its recommendations to the Legislature, including any proposed statutory changes, on or before January 1, 2002.

The bill has passed the Legislature and gone to the Governor.

This would be a substantial undertaking for the Commission's staff. (It should require relatively little Commission time.) The body of statutes to be reviewed and dealt with occupies several volumes of the annotated codes. The legislation does not include an urgency clause, but we would need to begin staff work immediately. The project is discussed further in Memorandum 2000-58 (new topics and priorities).

Respectfully submitted,

Nathaniel Sterling
Executive Secretary
