## Memorandum 2007-46

**Schedule of Future Meetings**

---

The Commission has scheduled a meeting for the afternoon of January 17, 2008, in Sacramento. The purpose of the meeting is to wrap up any unfinished business from 2007. In particular, the meeting would provide another opportunity to make progress on the study of miscellaneous hearsay exceptions, which has a deadline for completion of March 1, 2008.

It is now clear that the meeting will be required for that purpose and should be kept on the schedule. However, the Commission may wish to change the location of the meeting, in order to optimize attendance. That possibility should be discussed.

Respectfully submitted,

Brian Hebert  
Executive Secretary
