Memorandum 2007-58

Mechanics Lien Law
(Draft of Recommendation)

The Commission renewed its study of mechanics lien law and associated construction remedies in 2004. A tentative recommendation, intended to simplify, clarify, organize, and modernize the existing statute, was circulated in June 2006. Since that date, the Commission has been studying comment on the tentative recommendation, and has made several additional revisions to the proposed law.

This memorandum presents a draft of the proposed legislation intended for inclusion in a final recommendation in this study. The draft of the narrative “preliminary part” of the final recommendation will be presented separately, either as a supplement to this memorandum or in a separate memorandum.

The attached draft of the proposed law incorporates all revisions approved by the Commission to date, as well as non-substantive technical corrections made by the staff.

After considering the issues raised in CLRC Memorandum 2007-57, and in any supplement to CLRC Memorandum 2007-57, the Commission will need to decide whether approve the staff draft for inclusion in a final recommendation, with or without changes.

Respectfully submitted,

Steve Cohen
Staff Counsel

PRIVATE WORK OF IMPROVEMENT

SEC. ____. Part 6 (commencing with Section 8000) is added to Division 4 of the Civil Code, to read:
PART 6. PRIVATE WORK OF IMPROVEMENT

CHAPTER 1. DEFINITIONS AND GENERAL PROVISIONS

Article 1. Definitions

§ 8000. Application of definitions
8000. Unless the provision or context otherwise requires, the definitions in this article govern the construction of this part.

Comment. Section 8000 continues former Section 3082 without substantive change.

§ 8002. Claimant
8002. “Claimant” means a person that has a right under this part to record a claim of lien, give a stop payment notice, or assert a claim against a payment bond.

Comment. Section 8002 restates former Section 3085, omitting reference to the combination of remedies as unnecessary. See also Sections 8024 (“lien”), 8030 (“payment bond”), 8032 (“person”), 8044 (“stop payment notice”).

§ 8004. Commencement
8004. A work of improvement “commences” on either of the following events:
(a) Delivery to the site of material or supplies that are thereafter used, consumed, or incorporated in the work of improvement.
(b) Visible work of a permanent nature on the site.

Comment. Section 8004 is new. It codifies case law. See, e.g., Walker v. Lytton Sav. & Loan Ass’n, 2 Cal. 3d 152, 159, 84 Cal. Rptr. 521 (1970); Halbert’s Lumber, Inc. v. Lucky Stores, Inc., 6 Cal. App. 4th 1233, 1240-1241, 8 Cal. Rptr. 2d 298 (1992). Although mere delivery of material or supplies to a site can mark “commencement” of the work of improvement, the person delivering the material or supplies has no lien right until the material or supplies are actually used, consumed, or incorporated in the work of improvement. See also Sections 8040 (“site”), 8050 (“work of improvement”).

§ 8006. Construction lender
8006. “Construction lender” means either of the following:
(a) A mortgagee or beneficiary under a deed of trust lending funds for payment of construction costs for all or part of a work of improvement, or the assignee or successor in interest of the mortgagee or beneficiary.
(b) An escrow holder or other person holding funds provided by an owner, lender, or another person as a fund for payment of construction costs for all or part of a work of improvement.

Comment. Section 8006 continues former Section 3087 without substantive change. See also Sections 14 (present includes future), 8028 (“owner”), 8032 (“person”), 8050 (“work of improvement”).
§ 8008. Contract

8008. “Contract” means an agreement between an owner and a direct contractor that provides for all or part of a work of improvement. The term includes a contract change.

Comment. Section 8008 continues former Section 3088 and adds a reference to a contract change. The term “contract change” replaces “written modification of the contract” as used in former Section 3123. This codifies the effect of Basic Modular Facilities, Inc. v. Ehsanipour, 70 Cal. App. 4th 1480, 83 Cal. Rptr. 2d 462 (1990).

There are instances in this part where the term is not used in its defined sense. See, e.g., Sections 8028 (contract of purchase), 8130 (subcontract). See also Section 8000 (application of definitions).

See also Sections 8014 (“direct contractor”), 8028 (“owner”), 8050 (“work of improvement”).

§ 8010. Contract price

8010. “Contract price” means the price agreed to for a work of improvement, including a contract change. If the parties have not agreed to a price for the work of improvement, the contract price is the reasonable value of the work provided for the work of improvement.

Comment. Section 8010 generalizes provisions found in former Section 3123 (amount of lien) and throughout the mechanics lien law.

See also Sections 8008 (“contract”), 8050 (“work of improvement”).

§ 8012. Design professional

8012. “Design professional” means a person licensed as an architect pursuant to Chapter 3 (commencing with Section 5500) of Division 3 of the Business and Professions Code, registered as a professional engineer pursuant to Chapter 7 (commencing with Section 6700) of Division 3 of the Business and Professions Code, or licensed as a land surveyor pursuant to Chapter 15 (commencing with Section 8700) of Division 3 of the Business and Professions Code that provides services pursuant to a written contract with a landowner for the design, engineering, or planning of a work of improvement.

Comment. Section 8012 restates the first paragraph of former Section 3081.1. The introductory clause and the second paragraph of former Section 3081.1 are not continued because they are surplus. See Section 8000 (application of definitions).

See also Sections 8008 (“contract”), 8050 (“work of improvement”).

§ 8014. Direct contractor

8014. “Direct contractor” means a contractor that has a direct contractual relationship with an owner.

Comment. Section 8014 supersedes former Section 3095 (“original contractor”). A direct contractor is not limited to a builder, and may include a surveyor, engineer, material supplier, artisan, or other person that contracts directly with the owner. A direct contractor within the meaning of this section is one that contracts directly with the owner and is not one such as a subcontractor or material provider that contracts with a general contractor acting as the owner’s “agent” for purposes of authorizing work.

See also Section 8028 (“owner”).
§ 8016. Know or knowledge

8016. A person “knows” or “has knowledge” of information if the person knows or should have known that information.

Comment. Section 8016 is new. See also Section 8032 (“person”).

§ 8018. Labor, service, equipment, or material

8018. “Labor, service, equipment, or material” includes but is not limited to labor, skills, services, material, supplies, equipment, appliances, power, and surveying provided for a work of improvement.

Comment. Section 8018 is a new definition. It is included for drafting convenience. The phrase is intended to replace various phrases used throughout the former law, including “labor or material,” “labor, services, equipment, or materials,” “appliances, teams, or power,” and the like, and is not intended to effect any change in the law. The definition applies to variant grammatical forms of the phrase used in this part, such as “labor, service, equipment, and material.” See also Section 8050 (“work of improvement”).

§ 8020. Laborer

8020. (a) “Laborer” means a person who, acting as an employee, performs labor, or bestows skill or other necessary services, on a work of improvement.

(b) “Laborer” includes a person or entity to which a portion of a laborer’s compensation for a work of improvement, including but not limited to employer payments described in Section 1773.1 of the Labor Code and implementing regulations, is paid by agreement with that laborer or the collective bargaining agent of that laborer.

(c) A person or entity described in subdivision (b) that has standing under applicable law to maintain a direct legal action, in their own name or as an assignee, to collect any portion of compensation owed for a laborer for a work of improvement, shall have standing to enforce any rights or claims of the laborer under this part, to the extent of the compensation agreed to be paid to the person or entity for labor on that improvement. This subdivision is intended to give effect to the long-standing public policy of this state to protect the entire compensation of a laborer on a work of improvement, regardless of the form in which that compensation is to be paid.

Comment. Subdivision (a) of Section 8020 continues former Section 3089(a) without substantive change.

Subdivision (b) continues the first sentence of former Section 3089(b) and a part of former Section 3111, without substantive change.

Subdivision (c) continues the second and third sentences of former Section 3089(b), and a part of former Section 3111, without substantive change.

See also Section 8050 (“work of improvement”).
§ 8022. Lending institution

8022. “Lending institution” includes commercial bank, savings and loan institution, credit union, or other organization or person engaged in the business of financing loans.

Comment. Section 8022 continues the second paragraph of former Section 3237.

See also Section 8032 (“person”).

§ 8024. Lien

8024. “Lien” means a lien under this part and includes a lien of a design professional under Section 8302, a lien for a work of improvement under Section 8400, and a lien for a site improvement under Section 8402.

Comment. Section 8024 is a new definition. It is included for drafting convenience. There are instances in this part where the term is not used in its defined sense. See, e.g., Sections 8446(d) (multiple works of improvement), 8450(a) (priority of lien). See also Section 8000 (application of definitions).

See also Sections 8012 (“design professional”), 8042 (“site improvement”), 8050 (“work of improvement”).

§ 8026. Material supplier

8026. (a) “Material supplier” means a person that provides material or supplies to be used or consumed in a work of improvement.

(b) Materials or supplies delivered to a site are presumed to have been used or consumed in the work of improvement. The presumption established by this subdivision is a presumption affecting the burden of proof.

Comment. Subdivision (a) of Section 8026 continues former Section 3090 without substantive change. It replaces the term “materialman” with the term “material supplier” to conform to contemporary usage under this part.

See also Sections 8032 (“person”), 8050 (“work of improvement”).

§ 8028. Owner

8028. “Owner” means:

(a) With respect to a work of improvement, a person that contracts for the work of improvement.

(b) With respect to property on which a work of improvement is situated or planned, a person that owns the fee or a lesser interest in the property, including but not limited to an interest as lessee or as vendee under a contract of purchase.

(c) A successor in interest of a person described in subdivision (a) or (b).

Comment. Section 8028 generalizes provisions found in former Section 3092 (notice of cessation) and throughout the mechanics lien law.

For the authority of an owner to act on behalf of co-owners, and for the effect of notice to the owner of a lesser interest, see Section 8062 (co-owners). For general provisions on the authority of an agent, see Section 8064 (agency).

See also Sections 8032 (“person”), 8050 (“work of improvement”).
§ 8030. Payment bond

8030. “Payment bond” means a bond given under Chapter 6 (commencing with 8600).

Comment. Section 8030 supersedes former Section 3096. See also Section 8600 (payment bond). There are instances in this part where the term is not used in its defined sense. See, e.g., Sections 8452 (payment bond obtained by holder of mortgage or deed of trust), 8720-8722 (payment bond as security for large project). See also Section 8000 (application of definitions).

§ 8032. Person

8032. “Person” means an individual, corporation, public entity, business trust, estate, trust, partnership, limited liability company, association, or other entity.

Comment. Section 8032 is a new definition. It is included for drafting convenience. It supplements Section 14 (“person” includes corporation as well as natural person). See also Section 8036 (“public entity”).

§ 8034. Preliminary notice

8034. “Preliminary notice” means the notice provided for in Chapter 2 (commencing with 8200).

Comment. Section 8034 supersedes former Section 3097. The substantive requirements for preliminary notice are relocated to Section 8200 et seq.

§ 8036. Public entity

8036. “Public entity” means the state, Regents of the University of California, a county, city, district, public authority, public agency, and any other political subdivision or public corporation in the state.

Comment. Section 8036 continues former Section 3099 without substantive change. This part does not apply to a public work, including a work of improvement governed by federal law. See Section 8052 (application of part). For remedies on a public work, see Public Contract Code Sections 41010-45090. See also Section 14 (“county” includes city and county).

§ 8038. Reputed owner, direct contractor, or construction lender

8038. (a) “Reputed owner” means a person that a claimant reasonably and in good faith believes is an owner.

(b) “Reputed direct contractor” means a person that a claimant reasonably and in good faith believes is a direct contractor.

(c) “Reputed construction lender” means a person that a claimant reasonably and in good faith believes is a construction lender.

Comment. Section 8038 is new. It codifies case law. See Kodiak Industries, Inc. v. Ellis, 185 Cal. App. 3d 75, 85, 229 Cal. Rptr. 418 (1986). A reference in this part to a reputed owner, contractor, or lender, includes co-owners, contractors, or lenders. See Section 14 (the singular includes the plural).
§ 8040. Site

8040. “Site” means the property on which a work of improvement is situated or planned.

Comment. Section 8040 continues former Section 3101, with the addition of a reference to a planned work of improvement. See Section 8302 (design professionals lien). See also Section 8050 (“work of improvement”).

§ 8042. Site improvement

8042. “Site improvement” means any of the following work on property:

(a) Demolition or removal of improvements, trees, or other vegetation.

(b) Drilling test holes.

(c) Grading, filling, or otherwise improving the property or a street, highway, or sidewalk in front of or adjoining the property.

(d) Construction or installation of sewers or other public utilities.

(e) Construction of areas, vaults, cellars, or rooms under sidewalks.

(f) Any other work or improvements in preparation of the site for a work of improvement.

Comment. Section 8042 continues former Section 3102 without substantive change. Subdivision (f) makes clear that the reference in former law to “making any improvements” means preparatory work, including infrastructure, and does not include construction of a structure. See also Sections 8040 (“site”), 8050 (“work of improvement”).

§ 8044. Stop payment notice

8044. (a) “Stop payment notice” means the notice given under Chapter 5 (commencing with Section 8500). A reference in another statute to a “stop notice” in connection with the remedies provided in this part means a stop payment notice.

(b) A stop payment notice may be bonded or unbonded. A “bonded stop payment notice” is a notice given with a bond under Section 8532. An “unbonded stop payment notice” is a notice not given with a bond under Section 8532.

(c) Except to the extent this part distinguishes between a bonded and an unbonded stop payment notice, a reference in this part to a stop payment notice includes both a bonded and an unbonded notice.

Comment. Section 8044 supersedes former Section 3083. The term “stop payment notice” replaces the term “stop notice” used in former law.

§ 8046. Subcontractor

8046. “Subcontractor” means a contractor that does not have a direct contractual relationship with an owner. The term includes a contractor that has a contractual relationship with a direct contractor or with another subcontractor.

Comment. The first sentence of Section 8046 continues former Section 3104 without substantive change. The second sentence is new; it makes clear that the term “subcontractor” includes a subcontractor of a subcontractor. See also Section 8028 (“owner”).
§ 8048. Work

8048. “Work” means labor, service, equipment, or material provided to a work of improvement.

Comment. Section 8048 is a new definition. It is included for drafting convenience. See also Sections 8018 (“labor, service, equipment, or material”), 8050 (“work of improvement”).

§ 8050. Work of improvement

8050. (a) “Work of improvement” includes but is not limited to:

(1) Construction, alteration, repair, demolition, or removal, in whole or in part, of, or addition to, a building, wharf, bridge, ditch, flume, aqueduct, well, tunnel, fence, machinery, railroad, or road.

(2) Seeding, sodding, or planting of property for landscaping purposes.

(3) Filling, leveling, or grading of property.

(b) Except as otherwise provided in this part, “work of improvement” means the entire structure or scheme of improvement as a whole, and includes site improvement.

Comment. Section 8050 restates former Section 3106. The section is revised to reorganize and tabulate the different types of works falling within the definition, to expand the coverage of the definition, and to make various technical, nonsubstantive revisions. The term “property” replaces “lot or tract of land.” A site improvement is treated under this part in the same manner as a work of improvement generally, except as specifically provided in this part. See Sections 8448 (claim against separate residential units), 8450 (priority of lien), 8458 (priority of site improvement lien). See also Section 8042 (“site improvement”).

§ 8052. Application of part

8052. This part applies only to a work of improvement that is not governed by Part 6 (commencing with Section 41010) of Division 2 of the Public Contract Code.

Comment. Section 8052 is new. It subsumes various provisions of former law, including former Sections 3097 (preliminary notice of private work), 3109 (application of mechanics lien provisions), 3156 (stop notice provisions), 3260 (retention payment provisions), 3260.1 (progress payment provisions), 3260.2 (stop work notice provisions).

Part 6 (commencing with Section 41010) of Division 2 of the Public Contract Code applies to a work of improvement performed pursuant to a public works contract awarded by a public entity. See Public Contract Code Section 42010.

See also Section 8050 (“work of improvement”).

§ 8054. Rules of practice

8054. Except as otherwise provided in this part, Part 2 (commencing with Section 307) of the Code of Civil Procedure provides the rules of practice in proceedings under this part.
Comment. Section 8054 continues the first sentence of former Section 3259 without substantive change. The second sentence of former Section 3259 is not continued; this part does not include special provisions relating to new trials or appeals.

Section 8054 makes former Section 3149, relating to consolidation of actions, unnecessary. Part 2 of the Code of Civil Procedure enables persons claiming liens on the same property to join in the same action to enforce their liens. See Code Civ. Proc. § 378 (permissive joinder). If separate actions are commenced, the court may consolidate them. See Code Civ. Proc. § 1048 (consolidation of actions).

§ 8056. Calculation of time
8056. For purposes of this part, the term “day” means a calendar day.

Comment. Section 8056 is new. A reference to the term “day” in a statute typically means calendar day, unless otherwise specifically indicated. Iverson v. Superior Court, 167 Cal. App. 3d 544, 548, 213 Cal. Rptr. 399 (1985). See also Sections 10 (computing time), 11 (holidays).

§ 8058. Filing and recording of papers
8058. (a) If this part provides for filing a contract, plan, or other paper with the county recorder, the provision is satisfied by filing the paper in the office of the county recorder of the county in which the work of improvement or part of it is situated.

(b) If this part provides for recording a notice, claim of lien, payment bond, or other paper, the provision is satisfied by filing the paper for record in the office of the county recorder of the county in which the work of improvement or part of it is situated. A paper in otherwise proper form, verified and containing the information required by this part, shall be accepted by the recorder for recording and is deemed duly recorded without acknowledgment.

(c) The county recorder shall number, index, and preserve a contract, plan, or other paper presented for filing under this part, and shall number, index, and transcribe into the official records, in the same manner as a conveyance of real property, a notice, claim of lien, payment bond, or other paper recorded under this part.

(d) The county recorder shall charge and collect the fees provided in Article 5 (commencing with Section 27360) of Chapter 6 of Part 3 of Division 2 of Title 3 of the Government Code for performing duties under this section.

Comment. Subdivisions (a) and (b) of Section 8058 are new. They generalize a number of provisions of former law. The provision of subdivision (b) for recordation without acknowledgment is drawn from former Sections 3084 and 3093; it is an exception to the general rule of Government Code Sections 27280 and 27287.

Subdivisions (c) and (d) continue former Section 3258 without substantive change.

See also Sections 8008 (“contract”), 8024 (“lien”), 8030 (“payment bond”), 8050 (“work of improvement”).
§ 8060. Effect of act by owner

8060. No act of an owner in good faith and in compliance with a provision of this part shall be construed to prevent a direct contractor’s performance of the contract, or exonerate a surety on a performance or payment bond.

Comment. Section 8060 continues former Section 3263 without substantive change.
See also Section 8142 (no release of surety from liability).
See also Sections 8008 (“contract”), 8014 (“direct contractor”), 8028 (“owner”).

§ 8062. Co-owners

8062. An owner may give a notice or execute or file a document under this part on behalf of a co-owner if the owner acts on the co-owner’s behalf and includes in the notice or document the name and address of the co-owner on whose behalf the owner acts.

Comment. Section 8062 is new. It generalizes provisions found in former Sections 3092 (notice of cessation) and 3093 (notice of completion), and clarifies the effect of giving notice by a co-owner.
See also Section 8028 (“owner”).

§ 8064. Agency

8064. An act that may be done by or to a person under this part may be done by or to the person’s agent to the extent the act is within the scope of the agent’s authority.

Comment. Section 8064 is a specific application of Section 2305 (agent may perform acts required of principal by code). This section makes clear that an agent’s authority is limited to the scope of the agency. Thus, to the extent a direct contractor is deemed to be the agent of the principal for the purpose of engaging a subcontractor, the scope of the agency does not include other acts, such as compromise of litigation.

For provisions relating to the agent of an owner and to the agency authority of co-owners, see Sections 8028 (“owner”) and 8062 (co-owners).
See also Section 8032 (“person”).

§ 8066. Relation to other statutes

8066. (a) This part does not apply to a transaction governed by the Oil and Gas Lien Act, Chapter 2.5 (commencing with Section 1203.50) of Title 4 of Part 3 of the Code of Civil Procedure.

(b) This part does not apply to or change improvement security under the Subdivision Map Act, Division 2 (commencing with Section 66410) of Title 7 of the Government Code.

Comment. Subdivision (a) of Section 8066 restates former Section 3266(a) without substantive change. The substance of former Section 3266(b), which referred to former Streets and Highways Code Sections 5290-5297, is continued in Public Contract Code Section 42010 (application of part). This part does not apply to a public work. See Section 8052 (application of part).
Subdivision (b) is new. It clarifies the interrelation between this part and the Subdivision Map Act. For relevant provisions of that act, see Government Code Sections 66499-66499.10 (improvement security).
Article 3. Notice

§ 8100. Written notice
8100. (a) Notice under this part shall be in writing.
(b) Written notice under this part may be given by electronic communication to the extent authorized under Section 8112.

Comment. Subdivision (a) of Section 8100 generalizes various provisions of former law. See, e.g., former Civ. Code §§ 3092 (notice of cessation), 3093 (notice of completion), 3094 (notice of nonresponsibility), 3097 (preliminary notice (private work)), 3103 (stop notice).

Subdivision (b) is new.
See also Section 14 (writing includes printing and typewriting).

§ 8102. Contents of notice
8102. (a) Notice under this part shall, in addition to any other information required by statute for that type of notice, include all of the following information to the extent known to the person giving the notice:
(1) The name and address of the owner or reputed owner.
(2) The name and address of the direct contractor.
(3) The name and address of the construction lender, if any.
(4) A description of the site sufficient for identification, including the street address of the site, if any. If a sufficient legal description of the site is given, the effectiveness of the notice is not affected by the fact that the street address is erroneous or is omitted.
(5) The name, address, and relationship to the parties of the person giving the notice.
(6) If the person giving the notice is a claimant:
   (i) A general statement of the work provided.
   (ii) The name of the person to or for which the work is provided.
   (iii) A statement or estimate of the claimant’s demand, if any, after deducting all just credits and offsets.
(b) Notice is not invalid by reason of any variance from the requirements of this section if the notice is sufficient to substantially inform the person given notice of the information required by this section and other information required in the notice.

Comment. Section 8102 is new. It generalizes and standardizes provisions found throughout former law. See, e.g., former Sections 3092 (notice of cessation), 3093 (notice of completion), 3097 (preliminary notice), 3103 (stop notice), 3252 (notice to principal and surety).

§ 8104. Notice of overdue laborer compensation
8104. (a) A direct contractor or subcontractor that employs a laborer and fails to pay the full compensation due the laborer, including any employer payments described in Section 1773.1 of the Labor Code and implementing regulations, shall not later than the date the compensation became delinquent, give the laborer, the laborer’s bargaining representative, if any, the construction lender or reputed
construction lender, if any, and the owner, notice that includes all of the following
information, in addition to the information required by Section 8102:

(1) The name and address of the laborer, and of any person or entity described in
subdivision (b) of Section 8020 to which employer payments are due.

(2) The total number of straight time and overtime hours worked by the laborer
on each job.

(3) The amount then past due and owing.

(b) Failure to give the notice required by subdivision (a) constitutes grounds for
disciplinary action under the Contractors’ State License Law, Chapter 9
(commencing with Section 7000) of Division 3 of the Business and Professions
Code.

Comment. Section 8104 restates former Section 3097(k), with the additional requirement that
the information provided be given to the owner, and include the name and address of the unpaid
laborer. See also Sections 8100-8118 (notice).

The reference to the Registrar of Contractors in the final sentence of former Section 3097(k) is
revised to refer to the Contractors’ State License Law. This is a technical, nonsubstantive change.
The information required in this notice is in addition to the information required by Section
8102 (contents of notice).

Compliance with this section does not excuse compliance with Section 8202(b), if applicable.
See Section 8202 (contents of preliminary notice).

See also Sections 8006 (“construction lender”), 8020 (“laborer”), 8028 (“owner”), 8046
(“subcontractor”), 8052 (application of part).

§ 8106. Manner of giving notice

8106. Except as otherwise provided by statute, notice under this part may be
given by any of the following means:

(a) Personal delivery.

(b) Mail in the manner provided in Section 8110.

(c) Leaving the notice and mailing a copy in the manner provided in Section
415.20 of the Code of Civil Procedure for service of summons and complaint in a
civil action.

Comment. Section 8106 is new. It generalizes and standardizes provisions found throughout
former law. See, e.g., former Sections 3097 (preliminary notice), 3103 (stop notice), 3144.5
(notice of release bond), 3227 (notice to principal and surety), 3259.5 (notice of recordation of
notice of completion), 3260.2 (stop work notice).

When notice is given in the manner provided in Code of Civil Procedure Section 415.20 for
service of summons and complaint, the notice is complete five days after mailing the notice. See
Section 8116 (when notice complete). The 10 day delay provided in the Code of Civil Procedure
for completion of service under that code is inapplicable.

This part may prescribe a different or more limited manner of giving a particular notice. See,
e.g., Section 8486 (service of petition for order releasing lien).

§ 8108. Address at which notice is given

8108. Except as otherwise provided by this part, notice under this part shall be
given to the person to be notified at any of the following addresses:

(a) The person’s residence.

(b) The person’s place of business.
(c) If the person to be notified is an owner, at the owner’s address shown on the contract, the building permit, or a construction trust deed.
(d) If the person to be notified is a construction lender, at the construction lender’s address shown on the construction loan agreement or construction trust deed.
(e) If the person to be notified is a direct contractor or a subcontractor, at the contractor’s address shown on the building permit, on the contractor’s contract, or on the records of the Contractors’ State License Board.
(f) If the person to be notified is a claimant, at the claimant’s address shown on the claimant’s contract, preliminary notice, claim of lien, stop payment notice, or claim against a payment bond, or on the records of the Contractors’ State License Board.
(g) If the person to be notified is a surety on a bond, at the surety’s address shown on the bond for service of notices, papers, and other documents, or on the records of the Department of Insurance.

**Comment.** Section 8108 is new. It generalizes and standardizes provisions found throughout former law. For an example of a more particularized notice provision, see Section 8506.

Subdivision (g) does not continue the unique provisions found in former Section 3227 for notice to alternate persons in the case of a personal surety or admitted surety insurer. The bond and undertaking law requires every bond to include the address at which the principal and sureties may be served with notices, papers, and other documents. Code Civ. Proc. § 995.320.

§ 8110. Mailed notice

8110. Except as otherwise provided by this part, notice by mail under this part shall be given by registered or certified mail, Express Mail, or overnight delivery by an express service carrier.

**Comment.** Section 8110 is a new provision included for drafting convenience. It generalizes a number of provisions of former law, and expands the methods of giving notice to include delivery by express service carrier.

For an example of a more particularized notice provision, see Section 8486.

§ 8112. Notice by electronic communication

8112. (a) As used in this section, “electronic record” has the meaning provided in Section 1633.2.

(b) A notice under this part may be given to a person in the form of an electronic record if the person has agreed to receive the notice in the form of an electronic record.

(c) If a person that has agreed to receive a notice in the form of an electronic record is a consumer within the meaning of Section 7006 of Title 15 of the United States Code, the person’s agreement shall satisfy the requirements of Section 7001 of Title 15 of the United States Code relating to consumer consent to an electronic record.

**Comment.** Section 8112 is new. It combines the agreement requirement of the California Uniform Electronic Transactions Act (UETA) (Sections 1633.1-1633.17) with the consumer

A consumer within the meaning of E-Sign is “an individual who obtains products or services used primarily for personal, family, or household purposes.” 15 U.S.C. § 7006(1). The consumer consent requirements of E-Sign include (i) affirmative consent, (ii) disclosure, (iii) electronic access, (iv) software and hardware upgrades. See 15 U.S.C. § 7001(c)(1).

See also Section 8032 (“person”).

§ 8114. Posting of notice

8114. A notice required by this part to be posted shall be displayed in a conspicuous location at the site and at the main office of the site, if one exists.

Comment. Section 8114 is new. It generalizes and standardizes provisions found in former law. See, e.g., former Sections 3094 (notice of nonresponsibility), 3260.2 (stop work notice).

§ 8116. When notice complete

8116. Notice under this part is complete and deemed to have been given at the following times:

(a) If given by personal delivery, when delivered.
(b) If given by mail, when deposited in the mail or with an express service carrier in the manner provided in Section 1013 of the Code of Civil Procedure.
(c) If given by leaving the notice and mailing a copy in the manner provided in Section 415.20 of the Code of Civil Procedure for service of summons in a civil action, five days after mailing.
(d) If given by posting, when displayed.
(e) If given by recording, when recorded in the office of the county recorder.
(f) If given in the form of an electronic record, when the electronic record is transmitted.

Comment. Section 8116 is new. It generalizes and standardizes provisions found in former law. See, e.g., former Section 3097(f)(3) (service of preliminary notice).

Under subdivision (b), when notice is given in the manner provided in Code of Civil Procedure Section 1013, the notice is complete when deposited in the mail or with an express service carrier. The 10 and 20 day delays provided in the Code of Civil Procedure for completion of service under that code are inapplicable. For an exception to this rule, see Section 8486 (notice of hearing on lien release petition).

Under subdivision (c), when notice is given in the manner provided in Code of Civil Procedure Section 415.20 for service of summons and complaint, the notice is complete five days after mailing of the notice. The 10 day delay provided in the Code of Civil Procedure for completion of service under that code is inapplicable.

§ 8118. Proof of notice

8118. (a) Proof that notice was given to a person in the manner required by this part shall be made by a proof of notice declaration that states all of the following:

(1) The type or description of the notice given.
(2) The date, place, and manner of notice, and facts showing that notice was given in the manner required by statute.
(3) The name and address of the person to which notice was given, and, if appropriate, the title or capacity in which the person was given notice.

(b) If the notice is given by mail, the declaration shall be accompanied by one of the following:

(1) Documentation provided by the United States Post Office showing that payment was made to mail the notice using registered or certified mail.

(2) Documentation provided by an express service carrier showing that payment was made to send the notice using an overnight delivery service.

(3) A return receipt, delivery confirmation, signature confirmation, or other proof of delivery or attempted delivery provided by the United States Postal Service, or a photocopy of the record of delivery and receipt maintained by the United States Postal Service, showing the date of delivery and to whom delivered, or in the event of nondelivery, by the returned envelope itself.

(4) A tracking record or other documentation provided by an express service carrier showing delivery or attempted delivery of the notice.

(c) If notice is given in the form of an electronic record, the declaration shall also state that the document was served electronically and that no notice of non-transmission was received.

Comment. Section 8118 is new. It generalizes and standardizes provisions found throughout former law, and expands the methods of proof to include a certification of the mailing by the United States Postal Service and documentation by an express service carrier. See, e.g., former Sections 3097 (preliminary notice), 3260.2 (stop work notice).

Article 4. Construction Documents

§ 8130. Contract forms

8130. (a) A written contract entered into between an owner and a direct contractor shall provide a space for the owner to enter the following information:

(1) The owner’s name and address, and place of business if any.

(2) The name and address of the construction lender if any. This paragraph does not apply to a home improvement contract or swimming pool contract subject to Article 10 (commencing with Section 7150) of Chapter 9 of Division 3 of the Business and Professions Code.

(b) A written contract entered into between a direct contractor and subcontractor, or between subcontractors, shall provide a space for the name and address of the owner, direct contractor, and construction lender if any.

Comment. Section 8130 continues the parts of former Section 3097(l)-(m) relating to the content of contracts, deleting the limitation to the owner’s residence address. The reference to “written” contract is added to subdivision (b) for consistency with subdivision (a). The reference to “lender or lenders” in subdivision (a) is shortened to “lender” for consistency with subdivision (b). See Section 14 (singular includes plural, and plural includes singular). These and other minor wording changes are technical, nonsubstantive revisions. For the direct contractor’s duty to provide information to persons seeking to serve a preliminary notice, see Section 8208.

This section does not require that all contracts between an owner and a direct contractor be in writing.
See also Sections 8006 (“construction lender”), 8014 (“direct contractor”), 8028 (“owner”), 8046 (“subcontractor”).

§ 8132. Designation of construction lender on building permit
8132. (a) A public entity that issues building permits shall, in its application form for a building permit, provide space and a designation for the applicant to enter the name, branch designation, if any, and address of the construction lender and shall keep the information on file open for public inspection during the regular business hours of the public entity.
(b) If there is no known construction lender, the applicant shall note that fact in the designated space.
(c) Failure of the applicant to indicate the name and address of the construction lender on the application does not relieve a person required to give the construction lender preliminary notice from that duty.

Comment. Section 8132 continues former Section 3097(i) without substantive change.

§ 8134. Construction trust deed
8134. (a) A mortgage, deed of trust, or other instrument securing a loan, any of the proceeds of which may be used for a work of improvement, shall bear the designation “Construction Trust Deed” prominently on its face and shall state all of the following:
(1) The name and address of the construction lender.
(2) The name and address of the owner of the property described in the instrument.
(3) A legal description of the property that secures the loan and, if known, the street address of the property.
(b) Failure to comply with subdivision (a) does not affect the validity of the mortgage, deed of trust, or other instrument.
(c) Failure to comply with subdivision (a) does not relieve a person required to give preliminary notice from that duty.
(d) The county recorder of the county in which the instrument is recorded shall indicate in the general index of the official records of the county that the instrument secures a construction loan.

Comment. Section 8134 continues former Section 3097(j) without substantive change.

Article 5. Bonds

§ 8140. Application of Bond and Undertaking Law
8140. The Bond and Undertaking Law, Chapter 2 (commencing with Section 995.010) of Title 14 of Part 2 of the Code of Civil Procedure, applies to a bond
given under this part, except to the extent this part prescribes a different rule or is inconsistent.

Comment. Section 8140 is new. It is a specific application of Code of Civil Procedure Section 995.020 (application of Bond and Undertaking Law).

Former Section 3227, relating to notice to principal and surety, is not continued. Its substance is superseded by Sections 8100-8118 (notice).

§ 8142. No release of surety from liability

8142. None of the following releases a surety from liability on a bond given under this part:

(a) A change to a contract, plan, specification, or agreement for a work of improvement or for work provided for a work of improvement.

(b) A change to the terms of payment or an extension of the time for payment for a work of improvement.

(c) A rescission or attempted rescission of a contract, agreement, or bond.

(d) A condition precedent or subsequent in the bond purporting to limit the right of recovery of a claimant otherwise entitled to recover pursuant to a contract, agreement, or bond.

(e) In the case of a bond given for the benefit of claimants, the fraud of a person other than the claimant seeking to recover on the bond.

Comment. Section 8142 restates former Section 3225 without substantive change. See also Section 8060 (effect of act by owner).

See also Sections 8002 (“claimant”), 8008 (“contract”), 8048 (“work”), 8032 (“person”), 8050 (“work of improvement”).

§ 8144. Construction of bond

8144. (a) A bond given under this part shall be construed most strongly against the surety and in favor of the beneficiary.

(b) A surety is not released from liability to the beneficiary by reason of a breach of the contract between the owner and direct contractor or on the part of the beneficiary.

(c) Except as otherwise provided by statute, the sole conditions of recovery on the bond are that the beneficiary is a person described in Article 1 (commencing with Section 8400) of Chapter 4 and has not been paid the full amount of the claim.

Comment. Section 8144 restates former Section 3226 without substantive change. See also Sections 8400-8404 (who is entitled to lien).

See also Sections 8008 (“contract”), 8014 (“direct contractor”), 8028 (“owner”), 8032 (“person”).

Article 6. Completion

§ 8150. Completion
8150. (a) For the purpose of this part, completion of a work of improvement occurs at the earliest of the following times:

(1) Substantial completion of the work of improvement.
(2) Occupation or use by the owner accompanied by cessation of labor.
(3) Cessation of labor for a continuous period of 60 days.
(4) Recordation of a notice of completion after cessation of labor for a continuous period of 30 days.

(b) Notwithstanding subdivision (a), if a work of improvement is subject to acceptance by a public entity, completion occurs on acceptance.

Comment. Section 8150 restates former Section 3086 to the extent it applied to a private work. References to occupation or use by an owner include those actions by the owner’s agent. See Section 8028 (“owner”).

Subdivision (a)(1) replaces the term “actual completion” in former Section 3086 with “substantial completion,” consistent with judicial interpretation of the former term. See cases collected in Lewis v. Hopper, 140 Cal. App. 2d 365, 367, 295 P.2d 93 (1956). This is a nonsubstantive change.

“Acceptance by the owner” is not continued as a form of completion.

The provision in subdivision (b) for acceptance by a public entity refers to acceptance pursuant to a legislative enactment of the public entity and not to inspection and approval or issuance of a certificate of occupancy under building regulations.

Subdivision (b) applies only to a private work of improvement. See Section 8052 (application of part).

See also Sections 8036 (“public entity”), 8050 (“work of improvement”).

§ 8152. Notice of completion
8152. (a) An owner may record a notice of completion on or within 15 days after completion of a work of improvement.
(b) The notice of completion shall be signed and verified by the owner.
(c) The notice shall comply with Section 8102, and shall also include all of the following information:

(1) If the notice is given only of completion of a contract for a particular portion of the work of improvement as provided in Section 8154, the name of the direct contractor under that contract and a general statement of the work provided pursuant to the contract.
(2) If signed by the owner’s successor in interest, the name and address of the successor’s transferor.
(3) The nature of the interest or estate of the owner.
(4) The date of completion. An erroneous statement of the date of completion does not affect the effectiveness of the notice if the true date of completion is 15 days or less before the date of recordation of the notice.
(5) If the notice is based on cessation of labor, the date on or about which labor ceased.
(6) If the notice is based on cessation of labor under paragraph (4) of subdivision (a) of Section 8150, that cessation of labor has been continuous until recordation of the notice.

(d) A notice of completion that does not comply with the provisions of this section is not effective.

Comment. Section 8152 continues former Section 3093 (notice of completion). For the date of completion of a work of improvement, see Section 8150. For the effect of a notice of completion, see Sections 8412-8414 (time for claim of lien), 8460 (time for commencement of enforcement action). See also Sections 8100-8118 (notice).

The notice of completion may be recorded by an agent of the owner to the extent the act is within the scope of the agent’s authority. See Section 8064 (agency).

This section extends the 10-day period for recording a notice of completion under former law to 15 days. A claim of lien must be filed within 30 or 60 days after recording a notice of completion (depending on the nature of the claimant). See Sections 8412 and 8414 (recordation of claim of lien).

A notice of completion is ineffective to shorten the time for a claim of lien unless notice of recordation is given to the person whose claim of lien is affected. See Section 8156 (notice of recordation by owner).

A notice of completion is recorded in the office of the county recorder of the county in which the work of improvement or part of it is situated. Section 8058(a) (filing and recording of papers). A notice of completion is recorded when it is filed for record. Section 8058(b).

As used in this section, the owner is the person that causes a building, improvement, or structure, to be constructed, altered, or repaired (or the owner’s successor in interest on the date a notice of completion is recorded) whether the interest or estate of the owner is in fee, as vendee under a contract of purchase, as lessee, or other interest or estate less than the fee, and includes a cotenant. A notice of completion may be signed and verified by the owner’s agent. See Sections 8028 (“owner”), 8062 (co-owners).

The reference to a successor’s “transferors” is omitted from subdivision (b)(2). See Section 14 (singular includes plural).

See also Sections 8014 (“direct contractor”), 8040 (“site”), 8048 (“work”), 8050 (“work of improvement”), 8058 (filing and recording of papers).

§ 8154. Notice of completion of contract for portion of work of improvement

8154. If a work of improvement is made pursuant to two or more contracts, each covering a portion of the work of improvement:

(a) The owner may record a notice of completion of a contract for a portion of the work of improvement. On recordation of the notice of completion, for the purpose of Sections 8412 and 8414 a direct contractor is deemed to have completed the contract for which the notice of completion is recorded and a claimant other than a direct contractor is deemed to have ceased providing work.

(b) If the owner does not record a notice of completion under this section, the period for recording a claim of lien is that provided in Sections 8412 and 8414.

Comment. Section 8154 continues the substance of former Section 3117, but eliminates the 10-day period for recording a notice of completion. A claim of lien must be filed within 60 days after recording a notice of completion (depending on the nature of the claimant), subject to a maximum of 90 days after actual completion. See Sections 8412 and 8414 (time for claim of lien). However, an owner that records a notice of completion that states an incorrect date of completion may be estopped from asserting the running of the filing period. See Doherty v. Carruthers, 171 Cal. App. 2d 214, 340 P.2d 58 (1959).
This section omits the rules found in former law governing the time for recording a claim of lien after a notice of completion for a portion of a work of improvement. The general rules governing the time for recording do not distinguish among types of notice of completion, and appear to be satisfactory for purposes of this section, with the clarification set out in subdivision (a). See Sections 8412 and 8414 (time for claim of lien).

See also Sections 8002 (“claimant”), 8008 (“contract”), 8014 (“direct contractor”), 8028 (“owner”), 8048 (“work”), 8050 (“work of improvement”).

§ 8156. Notice of recordation by owner

8156. (a) An owner that records a notice of completion shall, within 10 days of the date the notice of completion is filed for record, give a copy of the notice to all of the following persons:

1. A direct contractor.
2. A claimant that has given the owner preliminary notice.

(b) The copy of the notice shall be given in compliance with the requirements of Article 3 (commencing with Section 8100).

(c) If the owner fails to give notice to a person as required by subdivision (a), the notice of completion is ineffective to shorten the time within which that person may record a claim of lien under Sections 8412 and 8414. The ineffectiveness of the notice of completion is the sole liability of the owner for failure to give notice to a person under subdivision (a).

(d) This section does not apply to any of the following owners:

1. A person that occupies the property as a personal residence, if the dwelling contains four or fewer residential units.
2. A person that has a security interest in the property.
3. A person that obtains an interest in the property pursuant to a transfer described in subdivision (b), (c), or (d) of Section 1102.2.

Comment. Section 8156 restates former Section 3259.5, replacing the notice of recordation with a copy of the recorded notice and expanding the manner of notice. See Section 8106 (manner of giving notice). This provision is limited to a private work. See Section 8052 (application of part).

As used in this section “owner” includes a person who has an interest in property (or the person’s successor in interest on the date a notice of completion is recorded) that causes a building, improvement, or structure, to be constructed, altered, or repaired on the property, and includes a cotenant. See Section 8028 (“owner”). A notice is recorded when it is filed for record. Section 8058 (filing and recording of papers). The references to a “mechanic’s” lien in subdivision (a) are deleted. Subdivision (a) is intended to apply to a site improvement lien as well.

The notice may no longer be given by regular mail. For service and proof of service by mail, see Section 8110 (mailed notice).

Subdivision (b) is phrased in terms of the ineffectiveness of the notice of completion, in place of the former references to extension of time.

See also Sections 8002 (“claimant”), 8014 (“direct contractor”), 8024 (“lien”), 8032 (“person”), 8034 (“preliminary notice”).
Article 7. Waiver and Release

§ 8160. Terms of contract
8160. An owner or direct contractor may not, by contract or otherwise, waive, affect, or impair a claimant’s rights under this part, whether with or without notice, and any term of a contract that purports to do so is void and unenforceable unless and until the claimant executes and delivers a waiver and release under this article.

Comment. Section 8160 continues the first and second sentences of former Section 3262(a) without substantive change. See Section 8002 (“claimant”). See also Sections 8002 (“claimant”), 8014 (“direct contractor”), 8028 (“owner”).

§ 8162. Waiver and release
8162. A claimant’s waiver and release does not release the owner, construction lender, or surety on a payment bond from a lien or claim unless both of the following conditions are satisfied:
(a) The waiver and release is in substantially the form provided in this article and is signed by the claimant.
(b) If the release is a conditional release, there is evidence of payment to the claimant. Evidence of payment may be (1) the claimant’s endorsement on a single or joint payee check that has been paid by the financial institution on which it was drawn or (2) written acknowledgment of payment by the claimant.

Comment. Section 8162 continues the third and fourth sentences of former Section 3262(a) without substantive change. The waiver and release may be signed by the claimant’s agent. See Section 8064 (agency). The term “financial institution” replaces “bank” in subdivision (b) and in the forms provided in this article. See also Sections 8002 (“claimant”), 8006 (“construction lender”), 8024 (“lien”), 8028 (“owner”).

§ 8164. Statement of claimant
8164. An oral or written statement purporting to waive, release, impair or otherwise adversely affect a lien or claim is void and unenforceable and does not create an estoppel or impairment of the lien or claim unless either of the following conditions is satisfied:
(a) The statement is pursuant to a waiver and release under this article.
(b) The claimant has actually received payment in full for the claim.

Comment. Section 8164 continues former Section 3262(b) without substantive change. See also Section 8002 (“claimant”).

§ 8166. Reduction or release of stop payment notice
8166. (a) A claimant may reduce the amount of, or release in its entirety, a stop payment notice. The reduction or release shall be in writing and may be given in a form other than a waiver and release form provided in this article.
(b) The writing shall identify whether it is a reduction of the amount of the stop payment notice, or a release of the notice in its entirety. If the writing is a
reduction, it shall state the amount of the reduction, and the amount to remain withheld.

(c) A claimant’s reduction or release of a stop payment notice has the following effect:

(1) The reduction or release releases the claimant’s right to enforce payment of the claim stated in the notice to the extent of the reduction or release.

(2) The reduction or release releases the person given the notice from the obligation to withhold funds pursuant to the notice to the extent of the reduction or release.

(3) The reduction or release does not preclude the claimant from giving a subsequent stop payment notice that is timely and proper.

(4) The reduction or release does not release any right of the claimant other than the right to enforce payment of the claim stated in the stop payment notice to the extent of the reduction or release.

Comment. Section 8166 generalizes the second, third, and fourth sentences of subdivision (b) of former Section 3262 so as to apply to a stop payment notice given to a construction lender as well as to a stop payment notice given to an owner.

See also Sections 8002 (“claimant”), 8032 (“person”), 8044 (“stop payment notice”).

§ 8168. Accord and satisfaction or settlement agreement not affected

8168. This article does not affect the enforceability of either an accord and satisfaction concerning a good faith dispute or an agreement made in settlement of an action pending in court if the accord and satisfaction or agreement and settlement make specific reference to the lien or claim.

Comment. Section 8168 continues former Section 3262(c) without substantive change.

See also Section 8024 (“lien”).

§ 8170. Conditional waiver and release on progress payment

8170. If a claimant is required to execute a waiver and release in exchange for, or in order to induce the payment of, a progress payment and the claimant is not, in fact, paid in exchange for the waiver and release or a single payee check or joint payee check is given in exchange for the waiver and release, the waiver and release shall be in substantially the following form:

§ 8172. Unconditional waiver and release on progress payment
8172. If the claimant is required to execute a waiver and release in exchange for, or in order to induce payment of, a progress payment and the claimant asserts in the waiver it has, in fact, been paid the progress payment, the waiver and release shall be in substantially the following form, with the text of the “Notice to Claimant” in at least as large a type as the largest type otherwise in the form:

8176. If the claimant is required to execute a waiver and release in exchange for, or in order to induce payment of, a final payment and the claimant asserts in the waiver it has, in fact, been paid the final payment, the waiver and release shall be

**CHAPTER 2. PRELIMINARY NOTICE**

§ 8200. Preliminary notice prerequisite to remedies

8200. (a) Except as otherwise provided by statute, before recording a lien claim, giving a stop payment notice, or asserting a claim against a payment bond, a claimant shall give preliminary notice to the following persons:

(1) The owner or reputed owner.

(2) The direct contractor or reputed direct contractor to whom the claimant provides work, either directly or through one or more subcontractors.
(3) The construction lender or reputed construction lender, if any.
(b) The notice shall comply with the requirements of Article 3 (commencing with Section 8100) of Chapter 1.
(c) Notwithstanding subdivision (a):
   (1) A laborer is not required to give preliminary notice.
   (2) A claimant with a direct contractual relationship with an owner or reputed owner is required to give preliminary notice only to the construction lender or reputed construction lender, if any.
(d) Compliance with this section is a necessary prerequisite to the validity of a lien claim or stop payment notice.
(e) Compliance with this section or with Section 8612 is a necessary prerequisite to the validity of a claim against a payment bond.

   Comment. Section 8200 restates the introductory clause and parts of subdivisions (a) and (b) of former Section 3097 without substantive change. Some repetitive detail is omitted in reliance on defined terms and other substantive provisions.
For an exception to the requirement that preliminary notice must be given before asserting a claim against a payment bond, see Section 8612.
The substance of former Sections 3097(f) and 3097.1 are continued in the general notice provisions of this part. See Sections 8100-8118 (notice).
The transitional provisions of former Section 3097(p) are obsolete and not continued.
See also Sections 8002 (“claimant”), 8006 (“construction lender”), 8014 (“direct contractor”), 8020 (“laborer”), 8024 (“lien”), 8028 (“owner”), 8032 (“person”).

§ 8202. Contents of preliminary notice
8202. (a) In addition to the requirements of Section 8102, preliminary notice shall include the following statement in boldface type:

NOTICE TO PROPERTY OWNER

EVEN THOUGH YOU HAVE PAID YOUR CONTRACTOR IN FULL, if the person or firm that has given you this notice is not paid in full for labor, service, equipment, or material provided or to be provided to your construction project, a lien may be placed on your property. Foreclosure of the lien may lead to loss of all or part of your property. You may wish to protect yourself against this by (1) requiring your contractor to provide a signed release by the person or firm that has given you this notice before making payment to your contractor, or (2) any other method that is appropriate under the circumstances.

This notice is required by law to be served by the undersigned as a statement of your legal rights. This notice is not intended to reflect upon the financial condition of the contractor or the person employed by you on the construction project.

If you record a notice of cessation or completion of your construction project, you must within 15 days after recording send a copy of the notice of completion to your contractor and the person or
firm that has given you this notice. The notice must be sent by
registered or certified mail. Failure to send the notice will extend the
deadline to record a claim of lien. You are not required to send the
notice if you are a residential homeowner of a dwelling containing four
or fewer units.

(b) If preliminary notice is given by a subcontractor that has not paid all
compensation due to a laborer, the notice shall include the name and address of the
laborer and any person or entity described in subdivision (b) of Section 8020 to
which payments are due.

(c) If an invoice for material or certified payroll contains the information
required by this section and Section 8102, a copy of the invoice or payroll, given
in compliance with the requirements of Article 3 (commencing with Section 8100)
of Chapter 1, is sufficient.

Comment. Section 8202 continues the substance of former Section 3097(c)(1)-(6), the
unnumbered paragraph following paragraph (6), and the requirement of former Section 3097(a)
that the preliminary notice be written. See also Sections 8100-8118 (notice). The reference to an
“express trust fund” is replaced by a reference to a generalized category of persons or entities
included within the definition of “laborer.” See Section 8020 (“laborer”).
The information required in this notice is in addition to the information required by Section
8102 (contents of notice).

See also Sections 8010 (“contract price”), 8018 (“labor, service, equipment, or material”), 8024
(“lien”), 8032 (“person”), 8040 (“site”), 8046 (“subcontractor”).

§ 8204. Effect of preliminary notice

8204. (a) A claimant may record a claim of lien, file a stop payment notice, or
assert a claim against a payment bond only for work provided within 20 days
before giving preliminary notice or at any time thereafter.

(b) Notwithstanding subdivision (a), a design professional may record a claim of
lien, file a stop payment notice, or assert a claim against a payment bond for
design professional services provided for the design of the work of improvement if
the design professional gives preliminary notice not later than 20 days after the
work of improvement has commenced.

Comment. Subdivision (a) of Section 8204 supersedes former Section 3097(d). The provision
is simplified so that it refers only to the effect of giving preliminary notice.

Subdivision (b) restates the unnumbered paragraph preceding former Section 3097(d).
See also Sections 8002 (“claimant”), 8012 (“design professional”), 8024 (“lien”), 8048
(“work”), 8050 (“work of improvement”).

§ 8206. Coverage of preliminary notice

8206. (a) Except as provided in subdivision (b), a claimant need give only one
preliminary notice to each person to which notice must be given under this chapter
with respect to all work provided by the claimant for a work of improvement.

(b) If a claimant provides work pursuant to contracts with more than one
subcontractor, the claimant shall give a separate preliminary notice with respect to
work provided to each contractor.

- 38 -
(c) A preliminary notice that contains a general description of work provided by the claimant through the date of the notice also covers work provided by the claimant after the date of the notice whether or not they are within the scope of the general description contained in the notice.

Comment. Section 8206 restates former Section 3097(g) without substantive change. See also Sections 8002 (“claimant”), 8032 (“person”), 8046 (“subcontractor”), 8048 (“work”), 8050 (“work of improvement”).

§ 8208. Direct contractor’s duty to provide information

8208. A direct contractor shall make available to any person seeking to give preliminary notice the following information:

(a) The name and address of the owner.
(b) The name and address of the construction lender, if any.

Comment. Section 8208 continues the parts of former Section 3097(l)-(m) relating to the direct contractor’s duty to provide information, deleting the limitation to the owner’s residence address. For provisions concerning the content of contracts, see Section 8130 (contract forms).

See also Sections 14 (singular includes plural), 8006 (“construction lender”), 8014 (“direct contractor”), 8028 (“owner”), 8032 (“person”).

§ 8210. Owner’s duty to give notice of construction loan

8210. If a construction loan is obtained after commencement of a work of improvement, the owner shall give notice of the name and address of the construction lender to each person that has given the owner preliminary notice.

Comment. Section 8210 continues former Section 3097(n) without substantive change. The reference to commencement of construction is changed to commencement of work for consistency with the remainder of this part.

See also Sections 8006 (“construction lender”), 8028 (“owner”), 8032 (“person”).

§ 8212. Waiver void

8212. An agreement made or entered into by an owner whereby the owner agrees to waive the rights conferred on the owner by this chapter is void and unenforceable.

Comment. Section 8212 continues former Section 3097(e) without substantive change. See also Section 8028 (“owner”).

§ 8214. Notices filed with county recorder

8214. The county recorder may cause to be destroyed all documents filed under subdivision (o) of former Section 3097.

Comment. Section 8214 supersedes former Section 3097(o) relating to filing preliminary notice with the county recorder. This part no longer provides for filing a preliminary notice with the county recorder or for the county recorder to give notice to persons who filed preliminary notice of the recording of a notice of completion or notice of cessation. The former reference to the date after which the county recorder is authorized to act (January 1, 2007) is deleted as a transitional provision that is now obsolete.
CHAPTER 3. DESIGN PROFESSIONALS LIEN

§ 8300. Owner
8300. Notwithstanding Section 8028, for purposes of this chapter “owner” means a fee owner of a site.

Comment. Section 8300 is new. The defined term replaces the term “landowner” as used in former Sections 3081.1 through 3081.9.
See also Section 8040 (“site”).

§ 8302. Lien
8302. (a) A design professional has, from the date of recordation of a claim of lien under this chapter, a lien on the site notwithstanding the absence of commencement of the planned work of improvement, if the owner that contracted for the design professional’s services is also the owner of the site at the time of recordation of the claim of lien.
(b) The lien of the design professional is for the amount of the design professional’s fee for services provided under the contract or the reasonable value of those services, whichever is less. The amount of the lien is reduced by the amount of any deposit or prior payment under the contract.
(c) A design professional may not record a claim of lien, and a lien may not be created, under this chapter unless a building permit or other governmental approval in furtherance of the work of improvement has been obtained in connection with or utilizing the services provided by the design professional.

Comment. Section 8302 restates former Section 3081.2. The amount of the lien is limited to the fee for services provided under the contract rather than the fee for services provided before commencement of the work of improvement, since the lien provided by this section is only available prior to commencement of the work of improvement. See also Section 8306 (lien terminates on commencement of work).
See also Sections 8012 (“design professional”), 8024 (“lien”), 8028 (“owner”), 8040 (“site”), 8050 (“work of improvement”).

§ 8304. Prerequisites for lien
8304. A design professional is not entitled to a lien under this chapter unless all of the following conditions are satisfied:
(a) The work of improvement for which the design professional provided services has not commenced.
(b) The owner defaults in a payment required under the contract or refuses to pay the demand of the design professional made under the contract.
(c) Not less than 10 days before recording a claim of lien, the design professional gives the owner notice making a demand for payment, and stating that a default has occurred under the contract and the amount of the default.
(d) The design professional records a claim of lien. The claim of lien shall include all of the following information:
   (1) The name of the design professional.
(2) The amount of the claim.
(3) The current owner of record of the site.
(4) A legal description of the site.
(5) Identification of the building permit or other governmental approval for the
work of improvement.

Comment. Section 8304 restates former Section 3081.3, with the clarification that a lien under
this chapter is unavailable if construction has commenced. See subdivision (a).
A building permit or other governmental approval for the work of improvement obtained in
connection with or utilizing the services provided by the design professional is required as a
condition of recording the claim of lien under Section 8302 (lien).
See also Sections 8008 (“contract”), 8012 (“design professional”), 8024 (“lien”), 8028
(“owner”), 8040 (“site”), 8050 (“work of improvement”).

§ 8306. Creation, expiration, and release of lien
8306. (a) On recordation of the claim of lien, a lien is created in favor of the
named design professional.
(b) The lien automatically expires and is null and void and of no further force or
effect on the occurrence of either of the following events:
(1) The commencement of the work of improvement for which the design
professional provided services.
(2) The expiration of 90 days after recording the claim of lien, unless the design
professional commences an action to enforce the lien within that time.
(c) If the owner partially or fully satisfies the lien, the design professional shall
execute and record a document that evidences a partial or full satisfaction and
release of the lien, as the case may be.

Comment. Section 8306 restates former Section 3081.4. On expiration of the lien as a result of
commencement of the work of improvement, the design professional may obtain a lien under
Section 8400 (mechanics lien). See Section 8310 (mechanics lien right not affected).
See also Sections 8012 (“design professional”), 8024 (“lien”), 8028 (“owner”), 8050 (“work of
improvement”).

§ 8308. Enforcement of lien
8308. A lien created under this chapter is enforceable under Article 7
(commencing with Section 8460) of Chapter 4.

Comment. Section 8308 restates former Section 3081.5.
See also Section 8024 (“lien” defined).

§ 8310. Mechanics lien right not affected
8310. This chapter does not affect the ability of a design professional to obtain a
lien for a work of improvement under Section 8400.

Comment. Section 8310 restates former Section 3081.6.
See also Sections 8012 (“design professional”), 8024 (“lien”), 8050 (“work of improvement”).
§ 8312. Time for claim of lien

8312. A design professional shall record a claim of lien under this chapter no later than 90 days after the design professional knows or has reason to know that the work of improvement will not be commenced.

Comment. Section 8312 restates former Section 3081.7. See also Sections 8012 (“design professional”), 8024 (“lien”), 8028 (“owner”), 8050 (“work of improvement”).

§ 8314. Right to pursue other remedies

8314. The creation of a lien under this chapter does not affect the ability of the design professional to pursue other remedies.

Comment. Section 8314 restates former Section 3081.8. See also Sections 8012 (“design professional”), 8024 (“lien”).

§ 8316. Priorities

8316. (a) No lien created under this chapter affects or takes priority over the interest of record of a purchaser, lessee, or encumbrancer, if the interest of the purchaser, lessee, or encumbrancer in the property was duly recorded before recordation of the claim of lien.

(b) No lien created under this chapter affects or takes priority over an encumbrance of a construction lender that funds the loan for the work of improvement for which the design professional provided services.

Comment. Section 8316 restates former Section 3081.9. See also Sections 8006 (“construction lender”), 8012 (“design professional”), 8024 (“lien”), 8028 (“owner”), 8050 (“work of improvement”).

§ 8318. Exemption

8318. A design professional may not obtain a lien under this chapter for services provided for a work of improvement relating to a single-family owner occupied residence for which the expected construction cost is less than one hundred thousand dollars ($100,000).

Comment. Section 8318 restates former Section 3081.10. The exemption is based on expected construction cost, since the lien is only available if the work of improvement is not constructed. See Section 8306 (creation, expiration, and release of lien). See also Sections 8010 (“contract price”), 8012 (“design professional”), 8024 (“lien”), 8028 (“owner”), 8050 (“work of improvement”).
CHAPTER 4. MECHANICS LIEN

Article 1. Who Is Entitled to Lien

§ 8400. Persons entitled to lien

8400. A person that provides work authorized for a work of improvement, including but not limited to the following persons, has a lien right under this chapter:
(a) Direct contractor.
(b) Subcontractor.
(c) Material supplier.
(d) Equipment lessor.
(e) Laborer.
(f) Design professional.

Comment. Section 8400 supersedes the part of former Section 3110 providing a lien for contributions to a work of improvement. It implements the directive of Article XIV, Section 3, of the California Constitution that, “Mechanics, persons furnishing materials, artisans, and laborers of every class, shall have a lien upon the property upon which they have bestowed labor or furnished material for the value of such labor done and material furnished; and the Legislature shall provide, by law, for the speedy and efficient enforcement of such liens.”

The reference in the introductory portion of Section 8400 to work “authorized” replaces the references in former Section 3110 to the “instance or request of the owner or any other person acting by his authority or under him, as contractor or otherwise.” See Section 8404 (who may authorize work).

The type of contribution to the work of improvement that qualifies for a lien right is described in the introductory portion of Section 8400 as provision of “work.” Elimination of the former references to “bestowing skill or other necessary services” or “furnishing appliances, teams, or power” or “work done or materials furnished” is not a substantive change. See Section 8048 (“work”).

The listing of classes of persons with lien rights in subdivisions (a)-(f) restates without substantive change the comparable part of former Section 3110. This provision does not continue the former listing of types of contractors, subcontractors, laborers, and design professionals, such as mechanics, artisans, machinists, builders, teamsters, draymen, architects, registered engineers, and licensed land surveyors. This is not a substantive change; these classes are included in the defined terms used in this section.

A person or entity described in Section 8020(b) has the same lien rights as the laborer in subdivision (e), to the extent of the laborer’s compensation agreed to be paid to the person or entity for labor on the improvement. See Section 8020 (“laborer”).

See also Sections 8012 (“design professional”), 8014 (“direct contractor”), 8024 (“lien”), 8026 (“material supplier”), 8032 (“person”), 8046 (“subcontractor”), 8048 (“work”), 8050 (“work of improvement”).

§ 8402. Site improvement lien

8402. A person that provides work authorized for a site improvement has a lien right under this chapter.

Comment. Section 8402 supersedes former Section 3112. The reference to work done or material furnished is superseded by the reference to work. See Section 8048 (“work”). The reference to work at the instance or request of the owner or any person acting by or under
authority of the owner as contractor or otherwise is replaced by the reference to work authorized.

See Section 8404 (who may authorize work).

A site improvement is treated in the same manner as a work of improvement under this chapter, except as provided in Sections 8448 (claim against separate residential units), 8450 (priority of lien), 8458 (priority of site improvement lien). See also Section 8050 (“work of improvement”).

See also Sections 8024 (“lien”), 8032 (“person”), 8042 (“site improvement”).

§ 8404. Who may authorize work

8404. Work is authorized for a work of improvement or for a site improvement in any of the following circumstances:

(a) It is provided at the request of or agreed to by the owner.
(b) It is provided or authorized by a direct contractor, subcontractor, architect, project manager, or other person having charge of all or part of the work of improvement or site improvement.

Comment. Section 8404 restates parts of former Sections 3110 and 3112.

The reference to work provided at the request of an owner in subdivision (a) includes work provided at the instance of the owner, or of a person acting by or under the owner’s authority. See Section 8028 (“owner”).

The inclusion of project managers in subdivision (b) is new.

The references in former law to subcontractors and builders are omitted as surplus. A contractor either has a contract with the owner (direct contractor) or does not (subcontractor). This part does not distinguish among levels of subcontractor. The term “builder” was not defined in former law and was used only in former Section 3110. A work of improvement includes a site improvement. See Section 8050 (“work of improvement”).

See also Sections 8014 (“direct contractor”), 8048 (“work”), 8032 (“person”), 8046 (“subcontractor”).

Article 2. Conditions to Enforcing a Lien

§ 8410. Preliminary notice required

8410. A claimant may enforce a lien only if the claimant has given preliminary notice to the extent required by Chapter 2 (commencing with Section 8200) and made proof of notice.

Comment. Section 8410 continues former Section 3114 without substantive change. A claimant must give preliminary notice to the extent provided in the preliminary notice provisions of this part. See Section 8200 et seq. Preliminary notice is not required of a direct contractor or a laborer. Section 8200(b) (preliminary notice prerequisite to remedies).

See also Section 8118 (proof of notice).

See also Sections 8002 (“claimant”), 8024 (“lien”), 8034 (“preliminary notice”).

§ 8412. Time for claim of lien by direct contractor

8412. A direct contractor may not enforce a lien unless the contractor records a claim of lien after the contractor completes the contract, and before the earlier of the following times:

(a) Ninety days after completion of the work of improvement.
(b) Sixty days after the owner records a notice of completion.
Comment. Section 8412 restates former Section 3115. A contract is complete within the meaning of this section when the contractor’s obligations under it are substantially performed, excused, or otherwise discharged. See Howard S. Wright Construction Co. v. BBIC Investors, LLC, 136 Cal. App. 4th 228, 38 Cal. Rptr. 3d 769 (2006).

For “completion” of a work of improvement, see Section 8150. For recordation of a notice of completion, see Section 8152 (notice of completion). The notice of completion includes notice of cessation.

See also Sections 8014 (“direct contractor”), 8024 (“lien”), 8028 (“owner”), 8050 (“work of improvement”).

§ 8414. Time for claim of lien by claimant other than direct contractor

8414. A claimant other than a direct contractor may not enforce a lien unless the claimant records a claim of lien within the following times:
(a) After the claimant ceases to provide work.
(b) Before the earlier of the following times:
   (1) Ninety days after completion of the work of improvement.
   (2) Thirty days after the owner records a notice of completion.

Comment. Section 8414 restates former Section 3116. For “completion” of a work of improvement, see Section 8150. For recordation of a notice of completion, see Section 8152 (notice of completion). The notice of completion includes notice of cessation.

See also Sections 8002 (“claimant”), 8014 (“direct contractor”), 8024 (“lien”), 8028 (“owner”), 8048 (“work”), 8050 (“work of improvement”).

§ 8416. Contents of claim of lien

8416. A claim of lien shall be in writing, signed and verified by the claimant, and shall include all of the following information:
(a) An itemization of the claimant’s demand after deducting all just credits and offsets.
(b) The name of the owner or reputed owner, if known.
(c) A general statement of the kind of work provided by the claimant.
(d) The name of the person that contracted with the claimant for the work.
(e) A description of the site sufficient for identification.
(f) The claimant’s address.

Comment. Subdivisions (a)-(e) of Section 8416 continue former Section 3084 without substantive change. The claim of lien may be executed by the claimant’s authorized agent. See Section 8064 (agency).

Subdivision (d) requires the name of the person that “contracted for” the work, rather than who “employed” the claimant. See Section 8404 (who may authorize work). See also Section 8058 (filing and recording of papers).

Subdivision (f) is new. It implements other provisions that invoke a claimant’s address. Cf. Sections 8424 (release bond), 8486 (time of hearing).

See also Sections 8002 (“claimant”), 8024 (“lien”), 8028 (“owner”), 8032 (“person”), 8040 (“site”), 8048 (“work”).

§ 8418. Notice of intended recording of claim of lien

8418. (a) Before recording a claim of lien, the claimant shall give notice of the intended recording to the owner or reputed owner of property subject to the claim
of lien, if known. The notice shall comply with the requirements of Article 3
(commencing with Section 8100) of Chapter 1.
(b) Notice of the intended recording of a claim of lien shall include a copy of the
claim of lien.

Comment. Section 8418 is new. A claim of lien may not be recorded unless accompanied by
proof of notice to the owner. Section 8420 (notice prerequisite to recording claim of lien).
See also Sections 8100-8118 (notice).

§ 8420. Notice prerequisite to recording claim of lien

8420. The county recorder shall not record a claim of lien that is filed for record
unless accompanied by a declaration under penalty of perjury attesting to service
of a true and accurate copy of the lien claim on the owner or reputed owner.

Comment. Section 8420 is new. Cf. Gov’t Code § 27297.5 (notification by county recorder of
person against which involuntary lien is recorded). See also Section 8118 (proof of notice).

§ 8422. Forfeiture of lien for false claim

8422. (a) Except as provided in subdivision (b), erroneous information contained
in a claim of lien relating to the claimant’s demand, credits and offsets deducted,
the work provided, or the description of the site, does not invalidate the claim of
lien.
(b) Erroneous information contained in a claim of lien relating to the claimant’s
demand, credits and offsets deducted, or the work provided, invalidates the claim
of lien if the court determines either of the following:
(1) The claim of lien was made with intent to slander title or defraud.
(2) An innocent third party, without notice, actual or constructive, became the
bona fide owner of the property after recordation of the claim of lien, and the
claim of lien was so deficient that it did not put the party on further inquiry in any
manner.

Comment. Section 8422 combines former Sections 3118 and 3261. The terminology of the
combined provision is conformed to Section 8416 (content of claim of lien).
Subdivision (b)(1) expands the bases for invalidity to include intent to slander title.
See also Sections 8002 (“claimant”), 8048 (“work”), 8024 (“lien”), 8028 (“owner”), 8040
(“site”).

§ 8424. Release bond

8424. (a) An owner of property subject to a recorded claim of lien or a direct
contractor or subcontractor affected by the claim of lien that disputes the
correctness or validity of the claim may obtain release of the property from the
claim of lien by recording a lien release bond. The principal on the bond may be
the owner of the property, the direct contractor, or the subcontractor.
(b) The bond shall be conditioned on payment of any judgment and costs the
claimant recovers on the lien. The bond shall be in an amount equal to 125 percent
of the amount of the claim of lien or 125 percent of the amount allocated in the
claim of lien to the property to be released. The bond shall be executed by an
admitted surety insurer.
(c) The bond may be recorded either before or after commencement of an action
to enforce the lien. On recordation of the bond the property is released from the
claim of lien and from any action to enforce the lien.
(d) A person that obtains and records a lien release bond shall give notice to the
claimant. The notice shall comply with the requirements of Article 3 (commencing
with Section 8100) of Chapter 1 and shall include a copy of the bond. Failure to
give the notice required by this section does not affect the validity of the bond, but
the statute of limitations for an action on the bond is tolled until notice is given.
The claimant shall commence an action on the bond within six months after notice
is given.
Comment. Subdivisions (a)-(c) of Section 8424 continue former Section 3143. The amount of
the release bond is reduced to 125 percent of the amount of the claim of lien, consistent with the
stop payment notice release bond. See Section 8510 (release bond). The language of the section is
harmonized with the Bond and Undertaking Law, Chapter 2 (commencing with Section 995.010)
of Title 14 of Part 2 of the Code of Civil Procedure.
Subdivision (d) restates former Section 3144.5. See also Sections 8100-8118 (notice).
The owner of an interest in property may obtain a release bond. See Section 8028 (“owner”).
The reference to recordation of the bond in the county in which the claim of lien is recorded is
omitted as unnecessary. Both the claim of lien and the bond are recorded in the office of the
county recorder of the county in which the work of improvement or part of it is situated. Section
8058 (filing and recording of papers).
If an action to enforce a lien has been timely commenced before a release bond is recorded, the
claimant may name the surety as a defendant and seek recovery against the bond in the
enforcement action; the claimant is not required to commence a new action on the bond. See
Hutnick v. United States Fidelity & Guaranty Co., 47 Cal. 3d 456, 763 P.2d 1326, 253 Cal. Rptr.
236 (1988).
See also Sections 8002 (“claimant”), 8014 (“direct contractor”), 8024 (“lien”), 8032
(“person”), 8046 (“subcontractor”).

Article 3. Amount of Lien

§ 8430. Amount of lien
8430. (a) The lien is a direct lien for the lesser of the following amounts:
(1) The reasonable value of the work provided by the claimant.
(2) The price agreed to by the claimant and the person that contracted for the
work.
(b) The lien is not limited in amount by the contract price for the work of
improvement except as provided in Section 8602.
(c) This section does not preclude the claimant from including in a claim of lien
work performed as a result of rescission, abandonment, or breach of the contract.
If there is a rescission, abandonment, or breach of the contract, the amount of the
lien may not exceed the reasonable value of the work provided by the claimant.
Comment. Section 8430 restates subdivisions (a) and (b) of former Section 3123 and a portion
of former Section 3110. See also Section 8602 (payment bond). As used in this section, the
reasonable value of work includes the reasonable use value of appliances, equipment, teams, and power.

The term “contract price” in subdivision (b) includes contract changes. See Section 8010.

The provision of former Section 3123(c) that required an owner to give notice of a change of 5 percent or more is not continued.

See also Sections 8002 (“claimant”), 8024 (“lien”), 8032 (“person”), 8048 (“work”), 8416 (content of claim of lien).

§ 8432. Lien limited to work included in contract or modification

8432. (a) A lien does not extend to work, whether or not the work is authorized by a direct contractor or subcontractor, if the work is not included in a contract between the owner and direct contractor, and the claimant had actual knowledge or constructive notice of the provisions of that contract before providing the work.

(b) The filing of a contract with the county recorder, before the commencement of a work of improvement, is constructive notice of the provisions of the contract to a person providing work on that work of improvement.

Comment. Section 8432 restates former Section 3124 without substantive change. “Direct contractor” is substituted for the undefined “contractor” in subdivision (a). The concept of “authorized” is substituted for “employed” in subdivision (a). See Section 8404 (who may authorize work). The reference to a modification of the contract is omitted in reliance of the definition of “contract,” which includes a contract change. See Section 8008 (“contract”).

See also Sections 8002 (“claimant”), 8014 (“direct contractor”), 8024 (“lien”), 8028 (“owner”), 8032 (“person”), 8046 (“subcontractor”), 8048 (“work”).

§ 8434. Amount of recovery

8434. A direct contractor or a subcontractor may enforce a lien only for the amount due pursuant to that contractor’s contract after deducting all lien claims of other claimants for work provided and embraced within that contract.

Comment. Section 8434 continues former Section 3140 without substantive change.

See also Sections 8002 (“claimant”), 8024 (“lien”), 8014 (“direct contractor”), 8046 (“subcontractor”), 8048 (“work”).

Article 4. Property Subject to Lien

§ 8440. Property subject to lien

8440. Subject to Section 8442, a lien attaches to the work of improvement and to the property on which the work of improvement is situated, including as much space about the work of improvement as is required for the convenient use and occupation of the work of improvement.

Comment. Section 8440 restates the parts of former Sections 3128 and 3112 (site improvement lien on lot or tract of land) that described property subject to the lien, without substantive change. References to “property” are substituted for references to “land.”

See also Sections 8024 (“lien”), 8050 (“work of improvement”).
§ 8442. Interest subject to lien

8442. The following interests in property to which a lien attaches are subject to the lien:

(a) The interest of a person that contracted for the work of improvement.
(b) The interest of a person that did not contract for the work of improvement, if work for which the lien is claimed was provided with the knowledge of the person. This subdivision does not apply to the interest of a person that gives notice of nonresponsibility under Section 8444.

Comment. Section 8442 restates former Section 3129 and the last portion of former Section 3128. A reference to “work” is substituted for the former reference to “commencement of the work or of the furnishing of the materials.” Cf. Section 8048 (“work”). It should be noted that under this section, the interest of a person that contracts for a work of improvement indirectly, for example through a provision in a lease that requires a tenant to make the work of improvement, may be subject to the lien. Likewise, the interest of a person that did not contract for a work of improvement might in some circumstances be subject to the lien if the person is a “participating owner.” See, e.g., Los Banos Gravel Co. v. Freeman, 58 Cal. App. 3d 785, 130 Cal. Rptr. 180 (1976). See also Sections 8024 (“lien”), 8032 (“person”), 8050 (“work of improvement”).

§ 8444. Notice of nonresponsibility

8444. (a) An owner of property on which a work of improvement is situated that did not contract for the work of improvement may give notice of nonresponsibility.
(b) A notice of nonresponsibility shall be signed and verified by the owner.
(c) The notice shall comply with the requirements of Article 3 (commencing with Section 8100) of Chapter 1.
(d) The notice shall also include all of the following information:
(1) The nature of the owner’s title or interest.
(2) The name of a purchaser under contract, if any, or lessee, if known.
(3) A statement that the person giving the notice is not responsible for claims arising from the work of improvement.
(e) A notice of nonresponsibility is not effective unless, within 10 days after the person giving notice has knowledge of the work of improvement, the person both posts and records the notice.

Comment. Section 8444 restates former Section 3094 without substantive change. See also Sections 8100-8118 (notice). The information required in this notice is in addition to the information required by Section 8102 (contents of notice). The notice of nonresponsibility may be signed and verified by the owner or person owning or claiming an interest in the property, or by the owner or other person’s agent. See Section 8028 (“owner”). A notice of nonresponsibility is recorded in the office of the county recorder of the county in which the work of improvement or part of it is situated. Section 8058 (filing and recording of papers).

See also Sections 8032 (“person”), 8040 (“site”), 8050 (“work of improvement”).

§ 8446. Multiple works of improvement

8446. A claimant may record one claim of lien on two or more works of improvement, subject to the following conditions:
(a) The works of improvement have or are reputed to have the same owner, or
the work was contracted for by the same person for the works of improvement
whether or not they have the same owner.

(b) The claimant in the claim of lien designates the amount due for each work of
improvement. If the claimant contracted for a lump sum payment for work
provided for the works of improvement and the contract does not segregate the
amount due for each work of improvement separately, the claimant may estimate
an equitable distribution of the amount due for each work of improvement based
on the proportionate amount of work provided for each. If the claimant does not
designate the amount due for each work of improvement, the lien is subordinate to
other liens.

(c) If there is a single structure on property of different owners, the claimant
need not segregate the proportion of work provided for the portion of the structure
situated on property of each owner. In the lien enforcement action the court may,
if it determines it equitable to do so, designate an equitable distribution of the lien
among the property of the owners.

(d) The lien does not extend beyond the amount designated as against other
creditors having liens, by judgment, mortgage, or otherwise, on either the works of
improvement or the property on which the works of improvement are situated.

Comment. Section 8446 restates former Section 3130 without substantive change. The concept
of “contracted for” is substituted for “employed” in subdivisions (a) and (b). See Section 8404
(who may authorize work).
Subdivision (c) is intended to apply to a single work of improvement situated on two or more
parcels of land that have distinct owners.
See also Sections 8002 (“claimant”), 8024 (“lien”), 8028 (“owner”), 8032 (“person”), 8048
(“work”), 8050 (“work of improvement”).

§ 8448. Claim against separate residential units

8448. (a) As used in this section, “separate residential unit” means one
residential structure, including a residential structure containing multiple
condominium units, together with any common area, garage, or other appurtenant
improvements.

(b) If a work of improvement consists of the construction of two or more
separate residential units:

(1) Each unit is deemed a separate work of improvement, and completion of
each unit is determined separately for purposes of the time for recording a claim of
lien on that unit. This paragraph does not affect any lien right under Section 8402
or 8446.

(2) Material provided for the work of improvement is deemed to be provided for
use or consumption in each separate residential unit in which the material is
actually used or consumed; but if the claimant is unable to segregate the amounts
used or consumed in separate residential units, the claimant has the right to all the
benefits of Section 8446.
Comment. Section 8448 restates the first paragraph of former Section 3131 without substantive change. The reference to “filing” a claim of lien is changed to recording. See Sections 8412, 8414 (recording of claim of lien). For the purpose of this section, a claim of lien is not considered recorded unless done in the manner provided by Section 8058 (filing and recording of papers). See also Sections 8402 (site improvement lien) and 8446 (multiple works of improvement).

The second paragraph of former Section 3131 is continued in Section 7416 (special rule for express trust fund claim on separate residential unit in condominium).

For “completion” of a work of improvement, see Section 8150.

See also Section 8416 (claim of lien).

See also Sections 8002 (“claimant”), 8024 (“lien”), 8050 (“work of improvement”).

Article 5. Priorities

§ 8450. Priority of lien

(a) A lien under this chapter, other than a lien provided for in Section 8402, has priority over a lien, mortgage, deed of trust, or other encumbrance on the work of improvement or the property on which the work of improvement is situated, that (1) attaches after commencement of the work of improvement, or (2) was unrecorded at the commencement of the work of improvement and of which the claimant had no notice.

(b) Subdivision (a) is subject to the exception provided for in Section 8452.

Comment. Section 8450 continues former Section 3134 without substantive change. For a site improvement lien, see Section 8458 (priority of site improvement lien). See also Sections 8402 (site improvement lien), 8452 (payment bond).

See also Sections 8002 (“claimant”), 8024 (“lien”), 8042 (“site improvement”), 8050 (“work of improvement”).

§ 8452. Payment bond obtained by holder of mortgage or deed of trust

(a) The bond refers to the mortgage or deed of trust.

(b) The bond is in an amount not less than 75 percent of the principal amount of the mortgage or deed of trust.

Comment. Section 8452 continues former Section 3138 without substantive change. See also Section 8058 (recording of payment bond in county in which work of improvement is situated).

See also Sections 8024 (“lien”), 8030 (“payment bond”), 8048 (“work”).

§ 8454. Separate contract for site improvement

(a) The bond is an amount not less than 75 percent of the principal amount of the mortgage or deed of trust.

Comment. Section 8454 restates former Section 3135 without substantive change. See also Sections 8042 (“site improvement”), 8050 (“work of improvement”).
§ 8456. Priority of advances by lender

8456. (a) This section applies to a construction loan secured by a mortgage or deed of trust that has priority over a lien under this chapter.

(b) An optional advance of funds by the construction lender that is used for construction costs has the same priority as a mandatory advance of funds by the construction lender, provided that the total of all advances does not exceed the amount of the original construction loan.

Comment. Section 8456 rewrites former Section 3136 for clarity.
See also Sections 8006 (“construction lender”), 8024 (“lien”).

§ 8458. Priority of site improvement lien

8458. (a) Except as provided in subdivision (b), a lien provided for in Section 8402 has priority over:

(1) A mortgage, deed of trust, or other encumbrance that attaches after commencement of the site improvement.

(2) A mortgage, deed of trust, or other encumbrance that was unrecorded at the commencement of the site improvement and of which the claimant had no notice.

(3) A mortgage, deed of trust, or other encumbrance that was recorded before commencement of the site improvement, if given for the sole or primary purpose of financing the site improvement. This subdivision does not apply if the loan proceeds are, in good faith, placed in the control of the lender pursuant to a binding agreement with the borrower to the effect that (i) the proceeds are to be applied to the payment of claimants and (ii) no portion of the proceeds will be paid to the borrower in the absence of satisfactory evidence that all claims have been paid or that the time for recording a claim of lien has expired and no claim of lien has been recorded.

(b) A mortgage or deed of trust, otherwise subordinate under subdivision (a), has priority over a lien provided for in Section 8402 if a payment bond in an amount not less than 50 percent of the principal amount of the mortgage or deed of trust is recorded before completion of the work of improvement.

Comment. Subdivision (a) of Section 8458 continues former Section 3137 without substantive change. See also Section 8402 (site improvement lien).

Subdivision (b) continues former Section 3139 without substantive change. See also Section 8058 (filing and recording of papers).
See also Sections 8002 (“claimant”), 8024 (“lien”), 8030 (“payment bond”), 8042 (“site improvement”), 8050 (“work of improvement”).

Article 6. Enforcement of Lien

§ 8460. Time for commencement of enforcement action

8460. (a) The claimant shall commence an action to enforce a lien within 90 days after recordation of the claim of lien and record a notice of the pendency of the action under Title 4.5 (commencing with Section 405) of Part 2 of the Code of Civil Procedure within 110 days after recordation of the claim of lien. If the
claimant does not commence an action and record notice of the pendency of the action within the time provided in this subdivision, the claim of lien expires and is unenforceable.

(b) Subdivision (a) does not apply if the claimant and owner agree to extend credit, and notice of the fact and terms of the extension of credit is recorded (1) within 90 days after recordation of the claim of lien or (2) more than 90 days after recordation of the claim of lien but before a purchaser or encumbrancer for value and in good faith acquires rights in the property. In that event the claimant shall commence an action to enforce the lien and record a notice of the pendency of the action within 90 days after the expiration of the credit, but in no case later than one year after completion of the work of improvement. If the claimant does not commence an action and record notice of the pendency of the action within the time provided in this subdivision, the claim of lien expires and is unenforceable.

Comment. Section 8460 restates former Sections 3144, 3145, and the first sentence of former Section 3146, adding the requirement that a claim of lien is unenforceable if a lis pendens is not recorded within the statutory periods. The reference to the lis pendens statute is corrected, to reflect the repeal of Code of Civil Procedure 409. See 1992 Cal. Stat. ch. 883, § 1. See also Section 8054 (rules of practice).

Subdivision (b) makes clear that the owner must be a party to the extension of credit, and allows for late recording of the extension of credit. This codifies the rule in Richards v. Hillside Development Co., 177 Cal. App. 2d 776, 2 Cal. Rptr. 693 (1960), and overrules Dorer v. McKinsey, 188 Cal. App. 2d 199, 10 Cal. Rptr. 287 (1961).

For completion of a work of improvement, see Section 8150.

See also Sections 8002 (“claimant”), 8024 (“lien”), 8050 (“work of improvement”).

§ 8462. Dismissal for lack of prosecution

8462. Notwithstanding Section 583.420 of the Code of Civil Procedure, the court may dismiss an action to enforce a lien that is not brought to trial within two years after commencement of the action.

Comment. Section 8462 continues former Section 3147 without substantive change. The cross-reference to the Code of Civil Procedure is added to make clear that this section modifies the general three-year period for discretionary dismissal. See also Section 8054 (rules of practice).

See also Section 8024 (“lien”).

§ 8464. Costs

8464. In addition to any other costs allowed by law, the court in an action to enforce a lien shall allow as costs to each claimant whose lien is established the amount paid to verify and record the claim of lien, whether the claimant is a plaintiff or defendant.

Comment. Section 8464 continues former Section 3150 without substantive change.

See also Sections 8002 (“claimant”), 8024 (“lien”).
§ 8466. Deficiency

8466. If there is a deficiency of proceeds from the sale of property on a judgment for enforcement of a lien, a deficiency judgment may be entered against a party personally liable for the deficiency in the same manner and with the same effect as in an action to foreclose a mortgage.

Comment. Section 8466 restates former Section 3151 without substantive change. See also Section 8024 (“lien”).

§ 8468. Other remedies

8468. (a) This chapter does not affect any of the following rights of a claimant:
   (1) The right to maintain a personal action to recover a debt against the person liable, either in a separate action or in an action to enforce a lien.
   (2) The right to a writ of attachment. In an application for a writ of attachment, the claimant shall refer to this section. The claimant’s recording of a claim of lien does not affect the right to a writ of attachment.
   (3) The right to enforce a judgment.

(b) A judgment obtained by the claimant in a personal action described in subdivision (a) does not impair or merge the claim of lien, but any amount collected on the judgment shall be credited on the amount of the lien.

Comment. Section 8468 restates former Section 3152 without substantive change. The reference in the introductory portion of the section to “this title” is changed to “this chapter” consistent with the scope of the chapter.

   For provisions relating to attachment, see Code Civ. Proc. § 481.010 et seq. For provisions relating to enforcement of a money judgment, see Code Civ. Proc. § 681.010 et seq.
   See also Sections 8002 (“claimant”), 8024 (“lien”), 8032 (“person”).

§ 8470. Defense of lien enforcement action by contractor

8470. In an action to enforce a lien for work provided to a contractor:
   (a) The contractor shall defend the action at the contractor’s own expense. During the pendency of the action the owner may withhold from the direct contractor the amount of the lien claim.
   (b) If the judgment in the action is against the owner or the owner’s property, the owner may deduct the amount of the judgment and costs from any amount owed to the direct contractor. If the amount of the judgment and costs exceeds the amount owed to the direct contractor, or if the owner has settled with the direct contractor in full, the owner may recover from the contractor, or the sureties on a bond given by the contractor for faithful performance of the contract, the amount of the judgment and costs that exceed the contract price and for which the contractor was originally liable.

Comment. Section 8470 restates former Section 3153 without substantive change. This section does not apply to an action to enforce a lien brought by a direct contractor.

   See also Sections 8010 (“contract price”), 8024 (“lien”), 8014 (“direct contractor”), 8028 (“owner”), 8048 (“work”).
Article 7. Release Order

§ 8480. Petition for release order
8480. (a) The owner of property subject to a claim of lien may petition the court for an order to release the property from the claim of lien for any of the following causes:
(1) The claimant has not commenced an action to enforce the lien within the time provided in Section 8460.
(2) The claimant’s demand stated in the claim of lien has been paid to the claimant in full.
(3) None of the work stated in the claim of lien has been provided.
(4) The claimant was not licensed to provide the work stated in the claim of lien for which a license was required by statute.
(5) There is a final judgment in another proceeding that the petitioner is not indebted to the claimant for the demand on which the claim of lien is based.
(b) This article does not bar any other cause of action or claim for relief by the owner of the property, including but not limited to the filing of a complaint with the Contractors’ State License Board. A release order does not bar any other cause of action or claim for relief by the claimant, other than an action to enforce the claim of lien that is the subject of the release order.
(c) A petition for a release order under this article may be joined with a pending action to enforce the claim of lien that is the subject of the petition. No other action or claim for relief may be joined with a petition under this article.
(d) Notwithstanding Section 8054, Chapter 2.5 (commencing with Section 1141.10) of Title 3 of Part 3 of the Code of Civil Procedure does not apply to a proceeding under this article.

Comment. Subdivision (a)(1) of Section 8480 continues former Section 3154(a) without substantive change. Subdivisions (a)(2)-(6) are new. The owner need not wait until expiration of the time to commence an enforcement action before bringing a petition to release an invalid claim of lien under this section. Cf. Section 8422 (forfeiture of lien for false claim).
Subdivision (b) continues former Section 3154(h) without substantive change, and codifies the holding in Solit v. Tokai Bank, Ltd. New York Branch, 68 Cal. App. 4th 1435, 81 Cal. Rptr. 2d 243 (1999). A petition under this section only addresses the specific claims made in a specific recorded claim of lien, and does not address the existence or validity of the claimant’s underlying lien right.
Subdivision (c) provides a limited exception to the last sentence of former Section 3154(h), allowing the petition to be joined with a pending action to enforce the claim of lien that is the subject of the petition.
Subdivision (d) continues former Section 3154(i) without substantive change.
See also Sections 8002 (“claimant”), 8024 (“lien”), 8048 (“work”).

§ 8482. Demand prerequisite to petition
8482. An owner of property may not petition the court for a release order under this article unless at least 10 days before filing the petition the owner gives the claimant notice demanding that the claimant execute and record a release of the
claim of lien. The notice shall comply with the requirements of Article 3
(commencing with Section 8100) of Chapter 1, and shall state the grounds for the
demand.

Comment. Section 8482 is new. If the lien claimant complies with the demand, a release
proceeding is unnecessary.

See also Sections 8002 (“claimant”), 8024 (“lien”), 8028 (“owner”).

§ 8484. Contents of petition

A petition for a release order shall be verified and shall allege all of the
following:

(a) The date of recordation of the claim of lien. A certified copy of the claim of
lien shall be attached to the petition.

(b) The county in which the claim of lien is recorded.

(c) The book and page or series number of the place in the official records where
the claim of lien is recorded.

(d) The legal description of the property subject to the claim of lien.

(e) The facts on which the petition is based. If the petition is based on expiration
of the time to enforce the lien, the petition shall state whether an extension of
credit has been granted under Section 8460, if so to what date, and shall allege that
the time for commencement of an action to enforce the lien has expired.

(f) That the owner has given the claimant notice under Section 8482 demanding
that the claimant execute and record a release of the lien and that the claimant is
unable or unwilling to do so or cannot with reasonable diligence be found.

(g) Whether an action to enforce the lien is pending.

(h) Whether the owner has filed for relief in bankruptcy or there is another
restraint that prevents the claimant from commencing an action to enforce the lien.

Comment. Section 8484 supersedes subdivision (b) of former Section 3154. As used in this
section, the owner of property includes the owner of an interest in the property. See Section 8028
(“owner”). See also Section 8100 (written notice).

The information included in the petition is intended to facilitate the court’s order under Section
8488 (hearing and order). The reference to series number is added to cover a county in which the
recorder uses a sequence number for record location.

See also Sections 8002 (“claimant”), 8024 (“lien”).

§ 8486. Time of hearing

(a) On the filing of a petition for a release order, the clerk shall set a
hearing date. The date shall be not more than 30 days after the filing of the
petition. The court may continue the hearing only on a showing of good cause, but
in any event the court shall rule and make any necessary orders on the petition not
later than 60 days after the filing of the petition.

(b) The petitioner shall serve a copy of the petition and a notice of hearing on
the claimant at least 15 days before the hearing. Service shall be made in the same
manner as service of summons, or by certified or registered mail, postage prepaid,
return receipt requested, addressed to the claimant as provided in Section 8108.
(c) Notwithstanding Section 8116, when service is made by mail, service is complete on the fifth day following deposit of the petition and notice in the mail.

Comment. Section 8486 continues subdivisions (c), (d), and the first sentence of (e) of former Section 3154 without substantive change, except the time for serving a copy of the petition and notice of hearing is increased to 15 days, and a requirement that the court act no later than 60 days after the petition is filed is added.

The specific mailing requirements in subdivision (b) of Section 8486 supersede the general mailing requirements in Section 8110.

The reference to “if there is no clerk, the judge” is deleted. All courts now have a clerk.

See also Sections 8002 (“claimant”), 8024 (“lien”), 8034 (“preliminary notice”).

§ 8488. Hearing and order

8488. (a) At the hearing both (i) the petition and (ii) the issue of compliance with the service and date for hearing requirements of this article are deemed controverted by the claimant. The petitioner has the initial burden of producing evidence on those matters. The petitioner has the burden of proof as to the issue of compliance with the service and date for hearing requirements of this article. The claimant has the burden of proof as to the validity of the lien.

(b) If judgment is in favor of the petitioner, the court shall order the property released from the claim of lien.

(c) The prevailing party is entitled to a reasonable attorney’s fee.

Comment. Subdivision (a) of Section 8488 continues the last sentence of former Section 3154(b)(5) and the last two sentences of former Section 3154(e) without substantive change, except that language is added to clarify the burden of production and the burden of proof.

Subdivision (b) continues a portion of former Section 3154(f); the remainder of the former provision is continued in Article 8 (commencing with Section 8490) (removal of claim of lien from record). Subdivision (c) continues former Section 3154(g) with the exception of the $2,000 limitation.

See also Sections 8002 (“claimant”), 8024 (“lien”), Evid. Code §§ 500 (burden of proof), 550 (burden of producing evidence).

Article 8. Removal of Claim of Lien from Record

§ 8490. Court order

8490. (a) A court order dismissing a cause of action to enforce a lien or releasing property from a claim of lien, or a judgment that no lien exists, shall include all of the following information:

(1) The date of recordation of the claim of lien.

(2) The county in which the claim of lien is recorded.

(3) The book and page or series number of the place in the official records where the claim of lien is recorded.

(4) The legal description of the property.

(b) A court order under this section is a recordable instrument. On recordation of a certified copy of the court order, the property described in the order is released from the claim of lien.
Comment. Subdivision (a) of Section 8490 generalizes a portion of former Section 3154(f).
The reference to sequence number is added to cover a county in which the recorder uses a series
number for record location. The reference to the city where the claim of lien is recorded is
omitted as superfluous.
Subdivision (b) generalizes the second sentence of former Section 3154(f)(4).
See also 8058 (filing and recording of papers).

§ 8492. Effect of court order
8492. (a) A court order or judgment under Section 8490 is equivalent to
cancellation of the claim of lien and its removal from the record.
(b) This section does not apply to a court order dismissing an action to enforce a
lien that is expressly stated to be without prejudice.
Comment. Section 8492 generalizes former Section 3148.
See also Section 8024 (“lien”).

§ 8494. Effect of expiration or recordation of court order
8494. If a claim of lien expires and is unenforceable under Section 8460, or if a
court order or judgment is recorded under Section 8490, the claim of lien does not
constitute actual or constructive notice of any of the matters contained, claimed,
alleged, or contended in the claim of lien, or create a duty of inquiry in any person
thereafter dealing with the affected property.
Comment. Section 8494 is drawn from Code of Civil Procedure Section 405.60 (lis pendens).
See also Section 8024 (“lien”).

§ 8496. Subsequent recording by claimant
8496. An order releasing a lien under this article does not bar the subsequent
recording of a claim of lien by the claimant, if that recording is otherwise allowed
by law.
Comment. Section 8496 restates a part of former Section 3154(h). It codifies the holding in
See also Section 8024 (“lien” defined).

CHAPTER 5. STOP PAYMENT NOTICE

§ 8500. Stop payment notice exclusive remedy to reach construction funds
The rights of all persons furnishing work for any work of improvement, with
respect to any fund for payment of construction costs, are governed exclusively by
this chapter, and no person may assert any legal or equitable right with respect to
such fund, other than a right created by direct written contract between such
person and the person holding the fund, except pursuant to the provisions of this
chapter.
Comment. Section 8500 continues Section 3264 without substantive change, except that it is limited to a private work. See Section 8052 (application of part). For a comparable provision applicable to a public work, see Pub. Cont. Code § 44110 (stop payment notice exclusive remedy to reach construction funds).

This section is not intended to either ratify or abrogate the holding of Nibbi Brothers, Inc. v. Home Fed. Sav. & Loan Ass’n, 205 Cal. App. 3d 1415, 253 Cal. Rptr. 289 (1988), that in an appropriate case a person providing labor or materials may recover from a construction lender on a theory of unjust enrichment.

See also Sections 8032 (“person”), 8048 (“work”).

§ 8502. Contents of stop payment notice

8502. (a) A stop payment notice shall comply with the requirements of Section 8102, and shall be signed and verified by the claimant.

(b) The notice may only be given for the amount due the claimant for work provided.

(c) The claimant may include in a stop payment notice an amount due for work performed as a result of rescission, abandonment, or breach of the contract. If there is a rescission, abandonment, or breach of the contract, the amount of the stop payment notice may not exceed the reasonable value of the work provided by the claimant.

Comment. Subdivision (a) of Section 8502 supersedes subdivisions (a)-(d) of former Section 3103. See also Sections 8100-8118 (notice). A stop payment notice may be executed by the claimant’s agent. See Section 8064 (agency).

This section does not preclude the claimant from including in a stop payment notice an amount due for work provided pursuant to a contract change. See Section 8008 (“contract”).

Subdivision (c) applies provisions applicable to a claim of lien to the stop payment notice. Cf. Section 8430 (amount of lien).

See also Sections 8002 (“claimant”), 8006 (“construction lender”), 8032 (“person”), 8044 (“stop payment notice”), 8048 (“work”).

§ 8504. False stop payment notice

8504. A claimant that willfully gives a false stop payment notice or that willfully includes in the notice work not provided or agreed to be provided to or for the person named in the notice forfeits all right to participate in the distribution of the funds withheld and all right to a lien under Article 3 (commencing with Section 8100) of Chapter 1.

Comment. Section 8504 restates former Section 3168 without substantive change.

See also Sections 8002 (“claimant”), 8024 (“lien”), 8032 (“person”), 8044 (“stop payment notice”).

§ 8506. Manner of giving stop payment notice

8506. (a) A stop payment notice to an owner shall be given to the owner or to the owner’s architect, if any.

(b) A stop payment notice to a construction lender holding construction funds shall be given to the manager or other responsible officer or person at the office or branch of the lender administering or holding the construction funds.
(c) A stop payment notice shall comply with the requirements of Article 3 (commencing with Section 8100) of Chapter 1.

Comment. Subdivisions (a) and (b) of Section 8506 restate a portion of the last two sentences of former Section 3083 and the second paragraph of former Section 3103.

Subdivision (c) is new. The effect of the last paragraph of former Section 3103 is continued in Section 8106 (manner of giving notice).

See also Sections 8006 (“construction lender”), 8028 (“owner”), 8032 (“person”), 8044 (“stop payment notice”).

§ 8508. Requirements for valid stop payment notice

8508. A stop payment notice is not valid unless both of the following conditions are satisfied:

(a) The claimant gave preliminary notice to the extent required by Chapter 2 (commencing with Section 8200).

(b) The claimant gave the stop payment notice before expiration of the time within which a claim of lien must be recorded under Chapter 4 (commencing with Section 8400).

Comment. Section 8508 restates former Section 3160 and a portion of the first sentence of former Section 3159 without substantive change. For the time within which a claim of lien must be recorded, see Sections 8412-7416 (time for claim of lien); see also Section 8154 (notice of completion of contract for portion of work of improvement). For the person to whom the notice must be given, see Section 8506.

See also Sections 8002 (“claimant”), 8028 (“owner”), 8034 (“preliminary notice”), 8044 (“stop payment notice”), 8050 (“work of improvement”).

§ 8510. Release bond

8510. (a) A person may obtain release of funds withheld pursuant to a stop payment notice by giving the person withholding the funds a release bond.

(b) A release bond shall be given by an admitted surety insurer and shall be conditioned for payment of any amount not exceeding the penal obligation of the bond that the claimant recovers on the claim, together with costs of suit awarded in the action. The bond shall be in an amount equal to 125 percent of the amount claimed in the stop payment notice.

(c) On receipt of a release bond, the person withholding funds pursuant to the stop payment notice shall release them.

Comment. Section 8510 restates former Section 3171, but eliminates the restrictions on the persons and the conditions under which a release bond may be given, and requires the bond to be given by an admitted surety insurer. See Section 8140 (application of Bond and Undertaking Law); Code Civ. Proc. § 995.120 (“admitted surety insurer”).

See also Sections 8002 (“claimant”), 8006 (“construction lender”), 8014 (“direct contractor”), 8028 (“owner”), 8032 (“person”), 8044 (“stop payment notice”), 8046 (“subcontractor”).
Article 2. Stop Payment Notice to Owner

§ 8520. Stop payment notice to owner

8520. (a) A person that has a lien right under Chapter 4 (commencing with Section 8400), other than a direct contractor, may give the owner a stop payment notice.

(b) The owner may give notice, in compliance with the requirements of Article 3 (commencing with Section 8100) of Chapter 1, demanding that a person that has a lien right under Chapter 4 (commencing with Section 8400) give the owner a stop payment notice. If the person fails to give the owner a bonded or unbonded stop payment notice, the person forfeits the right to a lien under Chapter 4 (commencing with Section 8400).

Comment. Section 8520 restates former Section 3158. It makes clear that the owner’s demand under this section requires only an unbonded stop payment notice.

See also Sections 8014 (“direct contractor”), 8024 (“lien”), 8028 (“owner”), 8032 (“person”), 8044 (“stop payment notice”).

§ 8522. Duty of owner

8522. (a) Except as provided in subdivision (b), on receipt of a stop payment notice an owner shall withhold from the direct contractor or from any person acting under authority of a direct contractor a sufficient amount due or to become due to the direct contractor to pay the claim stated in the notice.

(b) The owner may, but is not required to, withhold funds if the owner has previously recorded a payment bond under Section 8602. If the owner does not withhold funds, the owner shall, within 30 days after receipt of the stop payment notice, give notice to the claimant that a payment bond has been recorded and provide the claimant a copy of the bond. The notice shall comply with the requirements of Article 3 (commencing with Section 8100) of Chapter 1.

Comment. Section 8522 restates former Section 3161. See also Sections 8002 (“claimant”), 8014 (“direct contractor”), 8024 (“lien”), 8028 (“owner”), 8030 (“payment bond”), 8032 (“person”), 8044 (“stop payment notice”).

Article 3. Stop Payment Notice to Construction Lender

§ 8530. Stop payment notice to construction lender

8530. A person that has a lien right under Chapter 4 (commencing with Section 8400) may give a construction lender a stop payment notice.

Comment. Section 8530 restates a portion of the first sentence of former Section 3159 without substantive change. See also Sections 8044 (“stop payment notice”), 8508 (requirements for valid stop payment notice).

For provisions governing the amount withheld where the person giving a stop payment notice is a direct contractor or subcontractor and there is a claim of another subcontractor or material supplier, see Section 8542 (amount withheld).

See also Sections 8002 (“claimant”), 8006 (“construction lender”), 8014 (“direct contractor”), 8024 (“lien”), 8032 (“person”), 8048 (“work”).
§ 8532. Bonded stop payment notice
8532. A claimant may give a construction lender a stop payment notice accompanied by a bond in an amount equal to 125 percent of the amount of the claim. The bond shall be conditioned that if the defendant recovers judgment in an action to enforce payment of the claim stated in the stop payment notice or to enforce a claim of lien recorded by the claimant, the claimant will pay all costs that are awarded the owner, direct contractor, or construction lender, and all damages to the owner, direct contractor, or construction lender that result from the stop payment notice or recordation of the claim of lien, not exceeding the amount of the bond.

Comment. Section 8532 restates the first sentence of former Section 3083 without substantive change. The former reference to “good and sufficient sureties” on the bond is omitted as unnecessary. See Code Civ. Proc. § 995.310 (sufficient sureties on bond required). The second two sentences of former Section 3083 are continued in Section 8506(a)(2) (manner of giving stop payment notice).

See also Sections 8002 (“claimant”), 8006 (“construction lender”), 8014 (“direct contractor”), 8024 (“lien”), 8028 (“owner”), 8044 (“stop payment notice”).

§ 8534. Objection to bond
8534. (a) A construction lender that objects to the sufficiency of sureties on the bond given with a bonded stop payment notice shall give notice to the claimant of the objection, within 20 days after the bonded stop payment notice is given. The notice shall comply with the requirements of Article 3 (commencing with Section 8100) of Chapter 1.

(b) The claimant may within 10 days after notice of the objection is given substitute for the initial bond a bond executed by an admitted surety insurer. If the claimant does not substitute a bond executed by an admitted surety insurer, the construction lender may disregard the bonded stop payment notice and release all funds withheld in response to that notice.

Comment. Section 8534 restates former Section 3163 without substantive change. Cf. Section 8100 (written notice); Code Civ. Proc. § 995.120 (“admitted surety insurer”).

See also Sections 8002 (“claimant”), 8006 (“construction lender”), 8044 (“stop payment notice”).

§ 8536. Duty of construction lender
8536. (a) Except as provided in subdivision (b), on receipt of a stop payment notice a construction lender shall withhold from the borrower or other person to which the lender or the owner is obligated to make payments or advancement out of the construction fund sufficient funds to pay the claim.

(b) The construction lender may, at its option, elect not to withhold funds in any of the following circumstances:

(1) The stop payment notice is unbonded.

(2) The stop payment notice is given by a claimant other than a direct contractor, and a payment bond is recorded before the lender is given any stop payment notice.
Comment. Section 8536 restates paragraphs (1) and (2) of subdivision (a) of former Section 3159, and subdivision (a)(1)-(2) of former Section 3162. The requirement in former Section 3162(a) that the lender withhold sufficient funds to pay “any claim of lien that may be recorded therefor” is omitted; any amount paid pursuant to a stop payment notice reduces the claim of lien. The reference to recordation of a payment bond “in the office of the county recorder where the site is located” is omitted from subdivision (b)(2) as unnecessary. See Section 8058 (filing and recording of papers).

If a bonded stop payment notice is given by a direct contractor, the construction lender must withhold funds regardless of whether a payment bond has previously been recorded under Section 8602.

For provisions governing the amount withheld where the person giving a stop payment notice is a direct contractor or subcontractor and there is a claim of another subcontractor or material supplier, see Section 8542 (amount withheld).

See also Sections 8006 (“construction lender”), 8014 (“direct contractor”), 8024 (“lien”), 8028 (“owner”), 8030 (“payment bond”), 8032 (“person”), 8044 (“stop payment notice”).

§ 8538. Notice of election

8538. (a) The claimant may make a written request for notice of an election by the construction lender under Section 8536 not to withhold funds. The request shall be made at the time the claimant gives the construction lender the stop payment notice and shall be accompanied by a preaddressed, stamped envelope.

(b) If the construction lender elects not to withhold funds under Section 8536, the lender shall, within 30 days after making the election, give notice of that fact to a claimant that has requested notice of the election under subdivision (a). The notice shall comply with the requirements of Article 3 (commencing with Section 8100) of Chapter 1. If the basis of the election is the recordation of a payment bond under Section 8602, the construction lender shall include a copy of the bond with the notice.

(c) A construction lender is not liable for failure to include a copy of the bond with the notice under this section if all of the following conditions are satisfied:

(1) The failure was not intentional and resulted from a bona fide error.
(2) The lender maintains reasonable procedures to avoid an error of that type.
(3) The lender corrected the error not later than 20 days after the date the lender discovered the violation.

Comment. Section 8538 restates paragraph (3) of subdivision (a) of former Sections 3159 and 3162 without substantive change. The last sentence of former Section 3159(a)(3) is continued in Section 8530(b) (notice to construction lender to withhold funds).

See also Sections 8002 (“claimant”), 8006 (“construction lender”), 8030 (“payment bond”), 8044 (“stop payment notice”).

Article 4. Priorities

§ 8540. Distribution of funds withheld pursuant to stop payment notice

8540. (a) Funds withheld pursuant to a stop payment notice shall be distributed in the following order of priority:
(1) First, to pay claims of persons that have given a bonded stop payment notice. If funds are insufficient to pay the claims of those persons in full, the funds shall be distributed pro rata among the claimants in the ratio that the claim of each bears to the aggregate of all claims for which a bonded stop payment notice is given.

(2) Second, to pay claims of persons that have given an unbonded stop payment notice. If funds are insufficient to pay the claims of those persons in full, the funds shall be distributed among the claimants in the ratio that the claim of each bears to the aggregate of all claims for which an unbonded stop payment notice is given.

(b) Pro rata distribution under this section shall be made among the persons entitled to share in the distribution without regard to the order in which the person has given a stop payment notice or commenced an enforcement action.

Comment. Section 8540 restates former Section 3167 without substantive change. Only valid claims, as determined in an enforcement action, are entitled to participate in the distribution. Cf. Idaho Lumber Co. v. Northwestern S. & L. Ass’n, 265 Cal. App. 2d 490, 71 Cal. Rptr. 422 (1968). The amount of the claim of a contractor is governed by Section 8542.

See also Sections 8002 (“claimant”), 8032 (“person”), 8044 (“stop payment notice”).

§ 8542. Amount withheld

8542. Notwithstanding Section 8540:

(a) If funds are withheld pursuant to a stop payment notice given to a construction lender by a direct contractor or subcontractor, the direct contractor or subcontractor may recover only the net amount due the direct contractor or subcontractor after deducting any funds that are withheld by the construction lender pursuant to the claims of subcontractors and material suppliers that have given a stop payment notice for work done on behalf of the direct contractor or subcontractor.

(b) In no event is the construction lender required to withhold, pursuant to a stop payment notice, more than the net amount provided in subdivision (a). Notwithstanding any other provision of this chapter, a construction lender is not liable for failure to withhold more than that net amount on receipt of a stop payment notice.

Comment. Section 8542 restates subdivisions (b) and (c) of former Sections 3159 and 3162, except that the rules governing a bonded notice are generalized and also apply to funds that a construction lender actually withholds pursuant to an unbonded notice.

See also Sections 8006 (“construction lender”), 8014 (“direct contractor”), 8026 (“material supplier”), 8044 (“stop payment notice”), 8046 (“subcontractor”).

§ 8544. Effect of stop payment notice on assignment of funds

8544. The rights of a claimant that gives a construction lender a stop payment notice are not affected by an assignment of construction loan funds made by the owner or direct contractor, and the stop payment notice has priority over the assignment, whether the assignment is made before or after the stop payment notice is given.

Comment. Section 8544 restates former Section 3166 without substantive change.
See also Sections 8002 ("claimant"), 8006 ("construction lender"), 8014 ("direct contractor"), 8028 ("owner"), 8044 ("stop payment notice").

Article 5. Enforcement of Claim Stated in Stop Payment Notice

§ 8550. Time for enforcement of claim stated in stop payment notice

8550. (a) A claimant shall commence an action to enforce the claim stated in a stop payment notice not earlier than 10 days after the date the claimant gives the notice and not later than 90 days after expiration of the time within which a stop payment notice must be given. The action may not be brought to trial or judgment entered before expiration of the time prescribed in this subdivision.

(b) If a claimant does not commence an action to enforce payment of the claim stated in a stop payment notice within the time prescribed in subdivision (a), the notice ceases to be effective and the person withholding funds pursuant to the notice shall release them.

(c) Within five days after commencement of an action to enforce payment of the claim stated in a stop payment notice, the claimant shall give notice of commencement of the action to the persons to which the stop payment notice was given. The notice shall comply with the requirements of Article 3 (commencing with Section 8100) of Chapter 1.

Comment. Section 8550 restates former Section 3172 without substantive change. A stop payment notice must be given before expiration of the time within which a claim of lien must be recorded under Chapter 4 (commencing with Section 8400). See Section 8508 (requirements for valid stop payment notice).

For the manner in which notice of commencement of an enforcement action is to be given, see Section 8506 (manner of giving stop payment notice).

Funds released for failure to timely commence an enforcement action must be paid or delivered to the person to which they are due.

See also Sections 8002 ("claimant"), 8032 ("person"), 8044 ("stop payment notice").

§ 8552. Joinder, consolidation, and interpleader

8552. If more than one claimant has given a stop payment notice:

(a) Any number of claimants may join in the same enforcement action.

(b) If claimants commence separate actions, the court first acquiring jurisdiction may order the actions consolidated.

(c) On motion of the owner or construction lender the court shall require all claimants to be impleaded in one action, to the end that the rights of all parties may be adjudicated in the action.

Comment. Section 8552 restates former Section 3175 without substantive change. Subdivision (a) is a specific application of the general rule stated in Section 8054 (rules of practice).

See also Sections 8002 ("claimant"), 8006 ("construction lender"), 8028 ("owner"), 8044 ("stop payment notice").
§ 8554. Dismissal of enforcement action for lack of prosecution

8554. Notwithstanding Section 583.420 of the Code of Civil Procedure, the court may dismiss an action to enforce payment of the claim stated in a stop payment notice that is not brought to trial within two years after commencement of the action.

Comment. Section 8554 restates former Section 3173 without substantive change. The cross-reference to the Code of Civil Procedure is added to make clear that this section modifies the general three-year period for discretionary dismissal. Cf. Section 8054 (rules of practice).

See also Section 8044 (“stop payment notice”).

§ 8556. Dismissal of action or judgment against claimant

8556. A stop payment notice ceases to be effective, and a person withholding funds pursuant to the notice shall release them, in either of the following circumstances:

(a) An action to enforce payment of the claim stated in the stop payment notice is dismissed, unless expressly stated to be without prejudice.

(b) Judgment in an action to enforce payment of the claim stated in the stop payment notice is against the claimant.

Comment. Section 8556 restates former Section 3174 without substantive change. Funds released as a result of dismissal of the action or judgment against the claimant must be paid or delivered to the person to which they are due.

See also Sections 8002 (“claimant”), 8032 (“person”), 8044 (“stop payment notice”).

§ 8558. Attorney’s fee in action to enforce payment of claim stated in bonded stop payment notice

8558. (a) In an action to enforce payment of the claim stated in a bonded stop payment notice, the prevailing party is entitled to a reasonable attorney’s fee in addition to costs and damages.

(b) The court, on notice and motion by a party, shall determine which is the prevailing party or that there is no prevailing party for the purpose of this section, regardless of whether the action proceeds to final judgment. The prevailing party is the party that recovers greater relief in the action, subject to the following limitations:

(1) If the action is voluntarily dismissed or dismissed pursuant to a settlement, there is no prevailing party.

(2) If the defendant tenders to the claimant the full amount to which the defendant is entitled, and deposits in court for the claimant the amount so tendered, and alleges those facts in the answer and the allegation is determined to be true, the defendant is deemed to be the prevailing party.

Comment. Section 8558 restates former Section 3176 without substantive change.

See also Sections 8002 (“claimant”), 8044 (“stop payment notice”).
§ 8560. Interest in action to enforce payment of claim stated in bonded stop payment notice
8560. If the claimant is the prevailing party in an action to enforce payment of the claim stated in a bonded stop payment notice, any amount awarded on the claim shall include interest at the legal rate calculated from the date the stop payment notice is given.

Comment. Section 8560 restates former Section 3176.5 without substantive change. See also Sections 8002 (“claimant”), 8044 (“stop payment notice”).

CHAPTER 6. PAYMENT BOND

§ 8600. Public policy of payment bond
8600. An owner may require a performance bond, payment bond, or other security as protection against a direct contractor’s failure to perform the contract or to make full payment for all work provided pursuant to the contract.

Comment. Section 8600 restates the second sentence of former Section 3236 without substantive change. See also Sections 8008 (“contract”), 8014 (“direct contractor”), 8028 (“owner”), 8030 (“payment bond”), 8048 (“work”).

§ 8602. Limitation of owner’s liability
8602. (a) This section applies if, before the commencement of work, the owner in good faith files the contract with the county recorder and records a payment bond of the direct contractor in an amount not less than 50 percent of the contract price.

(b) If the conditions of subdivision (a) are satisfied, the court shall restrict lien enforcement under this part to the aggregate amount due from the owner to the direct contractor and shall enter judgment against the direct contractor and surety on the bond for any deficiency that remains between the amount due to the direct contractor and the whole amount due to claimants.

Comment. Subdivision (a) of Section 8602 restates the first part of former Section 3235 and the first sentence of former Section 3236 without substantive change. It makes clear that the bond, as well as the contract, must be recorded before the commencement of work. See also Section 8058 (filing and recording of papers).

Subdivision (b) restates the last part of former Section 3235. It replaces the restriction of lien enforcement in cases where it would be equitable, with a restriction of lien enforcement in cases where the sureties are sufficient. See also Code Civ. Proc. § 995.310 (sufficient sureties on bond required). This codifies case law interpretation of former Section 3235 and is consistent with the “in all cases” language of former Section 3236. See, e.g., Simpson v. Bergmann, 125 Cal. App. 1, 13 P.2d 531 (1932), Sudden Lumber Co. v. Singer, 103 Cal. App. 386, 284 P. 477 (1930), S.R. Frazee Co. v. Arnold, 46 Cal. App. 74, 76, 188 P. 822 (1920). See also Section 14 (singular includes plural).

See also Sections 8002 (“claimant”), 8004 (“commencement”), 8008 (“contract”), 8010 (“contract price”), 8014 (“direct contractor”), 8024 (“lien”), 8028 (“owner”), 8030 (“payment bond”), 8048 (“work”).
§ 8604. Bond required by lending institution

8604. If a lending institution requires that a payment bond be given as a condition of lending money to finance a work of improvement, and accepts in writing as sufficient a bond given in fulfillment of the requirement, the lending institution may not thereafter object to the borrower as to the validity of the bond or refuse to make the loan based on an objection to the bond if the bond is given by an admitted surety insurer.

Comment. Section 8604 supersedes former Section 3237. It makes clear that the lender may not object to the bond if given by an admitted surety insurer. Cf. Code Civ. Proc. § 995.120 (“admitted surety insurer” means corporate insurer to which Insurance Commissioner has issued certificate of authority to transact surety insurance in state).

See also Sections 8022 (“lending institution”), 8030 (“payment bond”), 8032 (“person”), 8050 (“work of improvement”).

See also Code Civ. Proc. §§ 995.130 (“beneficiary”), 995.140 (“bond”), 995.185 (“surety”).

§ 8606. Conditions of payment bond

8606. (a) A payment bond under this part shall be conditioned for the payment in full of the claims of all claimants and shall by its terms inure to the benefit of all claimants so as to give a claimant a right of action to enforce the liability on the bond. The bond shall be given by an admitted surety insurer.

(b) An owner, direct contractor, or subcontractor may be the principal on the bond.

(c) A claimant may enforce the liability on the bond in an action to enforce a lien under this part or in a separate action on the bond.

Comment. Section 8606 restates former Section 3096 without substantive change, except to add a requirement that the bond be given by an admitted surety insurer. See also Section 8140 (application of Bond and Undertaking Law). The statute is relocated to the general provisions on payment bonds because it states substantive rules.

See also Sections 8002 (“claimant”), 8014 (“direct contractor”), 8024 (“lien”), 8028 (“owner”), 8046 (“subcontractor”).

§ 8608. Limitation on part

8608. (a) This part does not give a claimant a right to recover on a direct contractor’s payment bond given under this chapter unless the claimant provided work to the direct contractor either directly or through one or more subcontractors, pursuant to a contract between the direct contractor and the owner.

(b) Nothing in this section affects the stop payment notice right of, and relative priorities among, design professionals and holders of secured interests in the property.

Comment. Section 8608 restates former Section 3267, but clarifies that claimants providing work to subcontractors at every level have a right to recover against a direct contractor’s payment bond as provided in this section. See Union Asphalt, Inc. v. Planet Ins. Co., 21 Cal. App. 4th 1762, 27 Cal. Rptr. 2d 371 (1994).

See also Sections 8002 (“claimant”), 8008 (“contract”), 8012 (“design professional”), 8014 (“direct contractor”), 8028 (“owner”), 8046 (“subcontractor”), 8048 (“work”).
§ 8610. Statute of limitations for suit on recorded bond

8610. If a payment bond under this part is recorded before completion of a work of improvement, an action to enforce the liability on the bond may not be commenced later than six months after completion of the work of improvement.

Comment. Section 8610 restates former Section 3240, and broadens it to cover enforcement of any liability on the bond, not limited to the liability of the surety. Cf. Code Civ. Proc. § 996.440 (judgment on bond against principal and sureties). It supersedes former Section 3239 (provision shortening statute of limitations). See also Sections 8058 (filing and recording of papers), 8150 (completion).

See also Sections 8030 (“payment bond”), 8050 (“work of improvement”).

See also Code Civ. Proc. §§ 995.130 (“beneficiary”), 995.140 (“bond”).

§ 8612. Notice prerequisite to enforcement

8612. (a) In order to enforce a claim against a payment bond under this part, a claimant shall give the preliminary notice provided in Chapter 2 (commencing with Section 8200).

(b) If preliminary notice was not given as provided in Chapter 2 (commencing with Section 8200), a claimant may enforce a claim by giving written notice to the surety and the bond principal within 15 days after recordation of a notice of completion. If no notice of completion has been recorded, the time for giving written notice to the surety and the bond principal is extended to 75 days after completion of the work of improvement.

Comment. Section 8612 restates former Section 3242 without substantive change. See also Sections 8100-8118 (notice). The former limitation to a contract entered into on or after January 1, 1995, is omitted due to lapse of time.

See also Sections 14 (singular includes plural), 8110 (mailed notice), 8150 (completion), 8152 (notice of completion).

See also Sections 8002 (“claimant”), 8030 (“payment bond”), 8034 (“preliminary notice”), 8050 (“work of improvement”).

CHAPTER 7. SECURITY FOR LARGE PROJECT

Article 1. Application of Chapter

§ 8700. Application of chapter

8700. (a) This chapter applies if any of the following conditions is satisfied:

(1) The owner of the fee interest in property contracts for a work of improvement on the property with a contract price greater than five million dollars ($5,000,000).

(2) The owner of a less than fee interest in property contracts for a work of improvement on the property with a contract price greater than one million dollars ($1,000,000).

(b) For the purpose of this section:
(1) The owner of the fee interest in property is not deemed to be the owner of a less than fee interest by reason of a mortgage, deed of trust, ground lease, or other lien or encumbrance or right of occupancy that encumbers the fee interest.

(2) A lessee of property is deemed to be the owner of a fee interest in the property if all of the following conditions are satisfied:

(A) The initial term of the lease is at least 35 years.
(B) The lease covers one or more lawful parcels under the Subdivision Map Act, Division 2 (commencing with Section 66410) of Title 7 of the Government Code, and any applicable local ordinance adopted under that Act, in their entirety, including but not limited to a parcel approved pursuant to a certificate of compliance proceeding.

Comment. Subdivision (a) of Section 8700 restates former Section 3110.5(a)(2) without substantive change. Subdivision (b) restates former Section 3110.5(a)(1) without substantive change.

This section standardizes terminology consistent with the remainder of the mechanics lien law. A less than fee interest includes a leasehold interest in the property. See Section 8028 (“owner”). See also Section 8050 (“work of improvement”).

Under this section, if the owner that contracts for the work of improvement owns the fee interest in the property, the owner of a less than fee interest that does not contract for the work of improvement is not required to provide security or to comply with any other obligation of an owner under this chapter.

If the owner that contracts for a work of improvement owns a less than fee interest in the property, the owner of the fee interest that does not contract for the work of improvement is not required to provide security or to comply with any other obligation of an owner under this chapter.

§ 8702. Single-family residence and low income housing excluded

8702. This chapter does not apply to any of the following works of improvement:

(a) A single-family residence, including a single-family residence located within a subdivision, and any associated fixed work that requires the services of a general engineering contractor as defined in Section 7056 of the Business and Professions Code. As used in this subdivision, “single-family residence” means a real property improvement used or intended to be used as a dwelling unit for one family.

(b) A housing development eligible for a density bonus under Section 65915 of the Government Code.

Comment. Section 8702 restates former Section 3110.5(e) without substantive change, omitting reference to a public work. This part does not apply to a public work. See Section 8052 (application of part).

§ 8704. Qualified publicly traded company and qualified private company excluded

8704. This chapter does not apply to any of the following owners:

(a) A qualified publicly traded company or a wholly owned subsidiary of a qualified publicly traded company, if the obligations of the subsidiary pursuant to the contract for the work of improvement are guaranteed by the parent. As used in this subdivision, “qualified publicly traded company” means a company having a
class of equity securities listed for trading on the New York Stock Exchange, the
American Stock Exchange, or the NASDAQ stock market, and the
nonsubordinated debt securities of which are rated as “investment grade” by either
Fitch ICBA, Inc., Moody’s Investor Services, Inc., Standard & Poor’s Ratings
Services, or a similar statistical rating organization that is nationally recognized
for rating the creditworthiness of a publicly traded company. If at any time before
final payment of all amounts due pursuant to the contract the nonsubordinated debt
securities of the qualified publicly traded company are downgraded to below
“investment grade” by any of those rating organizations, the owner is no longer
exempt from this chapter.

(b) A qualified private company or a wholly owned subsidiary of a qualified
private company, if the obligations of the subsidiary pursuant to the contract for
the work of improvement are guaranteed by the parent. As used in this
subdivision, “qualified private company” means a company that has no equity
securities listed for trading on the New York Stock Exchange, the American Stock
Exchange, or the NASDAQ stock market, and that has a net worth determined in
accordance with generally accepted accounting principles in excess of fifty million
dollars ($50,000,000). If at any time before final payment of all amounts due
pursuant to the contract the net worth of the qualified private company is reduced
below that level, the owner is no longer exempt from this chapter.

Comment. Section 8704 restates former Section 3110.5(f) without substantive change.
See also Sections 8008 (“contract”), 8028 (“owner”), 8050 (“work of improvement”).

Article 2. Security Requirement

§ 8710. Security for owner’s payment obligation

8710. An owner shall provide the direct contractor all of the following:
(a) Security for the owner’s payment obligation pursuant to the contract. The
security shall be used only if the owner defaults on the payment obligation to the
direct contractor. This subdivision does not apply to an owner that is the majority
owner of the direct contractor.
(b) A copy, certified by the county recorder, of any recorded mortgage or deed
of trust that secures the construction loan of a lending institution for the work of
improvement, disclosing the amount of the loan.

Comment. Section 8710 restates the first parts of subdivisions (a) and (b) of former Section
3110.5 without substantive change. As used in this section, “owner” includes the owner of the fee
simple absolute interest or any lesser interest in the property. See Section 8028 (“owner”). The
reference to a “work of improvement” includes construction, alteration, addition to, or repair
upon, the property. See Section 8050 (“work of improvement”).
See also Sections 8100-8118 (notice), 8134 (construction trust deed).
See also Sections 8008 (“contract”), 8014 (“direct contractor”), 8022 (“lending institution”).
§ 8712. Demand for security

8712. If an owner fails to provide or maintain the security required by this chapter, the direct contractor may give the owner notice demanding security. The notice shall comply with the requirements of Article 3 (commencing with Section 8100) of Chapter 1. If the owner does not provide or maintain the security within 10 days after notice demanding security is given, the direct contractor may suspend work until the owner provides or maintains the security.

Comment. Section 8712 restates the second sentence of former Section 3110.5(c) without substantive change.

See also Sections 8014 (“direct contractor”), 8028 (“owner”).

§ 8714. Security not waivable

8714. It is against public policy by contract to waive the provisions of this chapter.

Comment. Section 8714 restates former Section 3110.5(g) without substantive change. This part does not apply to a public work. See Section 8052 (application of part).

See also Section 8008 (“contract”).

§ 8716. Rights of subcontractor not affected

8716. This chapter does not affect any statute providing a subcontractor the right to record a claim of lien, file a stop payment notice, assert a claim against a payment bond, or receive prompt payment, including the direct contractor’s payment responsibilities under Section 7108.5 of the Business and Professions Code.

Comment. Section 8716 restates former Section 3110.5(d), omitting the reference to Public Contract Code Section 10262. This chapter does not apply to a public works contract. Cf. Section 8052 (application of part).

See also Sections 8014 (“direct contractor”), 8024 (“lien”), 8030 (“payment bond”), 8046 (“subcontractor”).

Article 3. Form of Security

§ 8720. Form of security

8720. An owner shall provide security by any of the following means:

(a) A bond that satisfies Section 8722.

(b) An irrevocable letter of credit that satisfies Section 8724.

(c) An escrow account that satisfies Section 8726.

Comment. Section 8720 restates a part of former Section 3110.5(b) without substantive change.

See also Section 8028 (“owner”).

§ 8722. Bond

8722. A bond under this chapter shall satisfy all of the following requirements:

(a) The bond shall be executed by an admitted surety insurer that is either listed in the Department of the Treasury’s Listing of Approved Sureties (Department
Circular 570) or that has an A.M. Best rating of A or better and has an underwriting limitation, under Section 12090 of the Insurance Code, greater than the amount of the bond.

(b) The bond shall be in an amount not less than 15 percent of the contract price for the work of improvement or, if the work of improvement is to be substantially completed within six months after the commencement of work, not less than 25 percent of the contract price.

(c) The bond shall be conditioned for payment on default by the owner of any undisputed amount pursuant to the contract that is due and payable for more than 30 days.

Comment. Section 8722 restates former Section 3110.5(b)(1).

See also Code Civ. Proc. § 995.120 (“admitted surety insurer”).

See also Sections 8008 (“contract”), 8010 (“contract price”), 8028 (“owner”), 8050 (“work of improvement”).

§ 8724. Irrevocable letter of credit

8724. An irrevocable letter of credit under this chapter shall satisfy all of the following requirements:

(a) The letter of credit shall be issued by a financial institution, as defined in Section 5107 of the Financial Code, inuring to the benefit of the direct contractor.

(b) The letter of credit shall be in an amount not less than 15 percent of the contract price for the work of improvement or, if the work of improvement is to be substantially completed within six months after the commencement of work, not less than 25 percent of the contract price.

(c) The maturity date and other terms of the letter of credit shall be determined by agreement between the owner, the direct contractor, and the financial institution, except that the owner shall maintain the letter of credit in effect until the owner has satisfied its payment obligation to the direct contractor.

Comment. Section 8724 restates former Section 3110.5(b)(2) without substantive change.

See also Sections 8010 (“contract price”), 8014 (“direct contractor”), 8028 (“owner”), 8050 (“work of improvement”).

§ 8726. Escrow account

8726. An escrow account under this chapter shall satisfy all of the following requirements:

(a) The account shall be designated as a “construction security escrow account.”

(b) The account shall be located in this state and maintained with an escrow agent licensed under the Escrow Law, Division 6 (commencing with Section 17000) of the Financial Code, or with any person exempt from the Escrow Law under paragraph (1) or (3) of subdivision (a) of Section 17006 of the Financial Code.

(c) The owner shall deposit funds in the account in the amount provided in Section 8728. This chapter does not require a construction lender to agree to deposit proceeds of a construction loan in the account.
(d) The owner shall grant the direct contractor a perfected, first priority security interest in the account and in all funds deposited by the owner in the account and in their proceeds, established to the reasonable satisfaction of the direct contractor, which may be by a written opinion of legal counsel for the owner.

(e) The funds on deposit in the account shall be the sole property of the owner, subject to the security interest of the direct contractor. The owner and the direct contractor shall instruct the escrowholder to hold the funds on deposit in the account for the purpose of perfecting the direct contractor’s security interest in the account and to disburse those funds only on joint authorization of the owner and the direct contractor, or pursuant to a court order that is binding on both of them.

Comment. Section 8726 restates portions of former Section 3110.5(b)(3) without substantive change.

See also Sections 8006 (“construction lender”), 8014 (“direct contractor”), 8028 (“owner”).

§ 8728. Deposits to and disbursements from escrow account

8728. The following provisions govern a deposit to or disbursement from a construction security escrow account under this chapter:

(a) Before the commencement of work the owner shall make an initial deposit to the account in an amount not less than 15 percent of the contract price for the work of improvement or, if the work of improvement is to be substantially completed within six months after the commencement of work, not less than 25 percent of the contract price.

(b) If the contract provides for a retention to be withheld from a periodic payment to the direct contractor, the owner shall deposit to the account the amount withheld as retention at the time the owner makes the corresponding payment to the direct contractor from which the retention is withheld.

(c) The amount required to be maintained on deposit shall not exceed the total amount remaining to be paid to the direct contractor pursuant to the contract or as adjusted by agreement between the owner and the direct contractor. If the amount on deposit equals or exceeds the total amount remaining to be paid to the direct contractor, the owner and the direct contractor shall authorize disbursement to the direct contractor for progress payments then due the direct contractor, but a party is not obligated to authorize disbursement that would cause the amount remaining on deposit following the disbursement to be less than the total amount remaining to be paid to the direct contractor.

(d) The owner and the direct contractor shall authorize the disbursement to the owner of any funds remaining on deposit after the direct contractor has been paid all amounts due pursuant to the contract. The owner and the direct contractor shall authorize the disbursement of funds on deposit pursuant to a court order that is binding on both of them. The owner and the direct contractor may agree in the contract to additional conditions for the disbursement of funds on deposit, except that the conditions may not cause the amount remaining on deposit to be less than the amount required under this section.
Comment. Section 8728 restates portions of former Section 3110.5(b)(3) without substantive change. See also Sections 8008 (“contract”), 8010 (“contract price”), 8014 (“direct contractor”), 8028 (“owner”), 8050 (“work of improvement”).

§ 8730. Contract price
8730. If the contract price for a work of improvement is not a fixed price, the amount of security provided under this chapter shall be the guaranteed maximum price or, if there is no guaranteed maximum price, the owner’s and direct contractor’s good faith estimate of the reasonable value of the work to be provided pursuant to the contract.

Comment. Section 8730 restates the first sentence of former Section 3110.5(c) without substantive change. See also Sections 8008 (“contract”), 8010 (“contract price”), 8014 (“direct contractor”), 8028 (“owner”), 8050 (“work of improvement”).

CHAPTER 8. PROMPT PAYMENT

Article 1. Progress Payment

§ 8800. Progress payment between owner and direct contractor
8800. (a) Except as otherwise agreed in writing by the owner and direct contractor, the owner shall pay the direct contractor, within 30 days after notice demanding payment pursuant to the contract, any progress payment due as to which there is no good faith dispute between them. The notice given shall comply with the requirements of Article 3 (commencing with Section 8100) of Chapter 1.

(b) If there is a good faith dispute between the owner and direct contractor, the owner may withhold from the progress payment an amount not in excess of 150 percent of the disputed amount.

(c) An owner that violates this section is liable to the direct contractor for a penalty of two percent per month on the amount wrongfully withheld, in place of any interest otherwise due. In an action for collection of the amount wrongfully withheld, the prevailing party is entitled to costs and a reasonable attorney’s fee.

(d) This section does not supersede any requirement of Article 2 (commencing with Section 8810) relating to the withholding of a retention.

Comment. Section 8800 restates former Section 3260.1, with the addition of a reasonableness limitation on an attorney’s fee. This section is limited to a private work. See Section 8052 (application of part). The operative date provision of subdivision (a) of former Section 3260.1 is omitted due to lapse of time.

The owner’s duty runs from the time notice is complete, rather than the time of “receipt.” See Section 8116 (when notice is complete).

See also Sections 8008 (“contract”), 8014 (“direct contractor”), 8028 (“owner”).
§ 8802. Progress payment between direct contractor and subcontractor on public utility work

8802. (a) This section applies to a contract between a public utility and a direct contractor for all or part of a work of improvement.

(b) Unless the direct contractor and a subcontractor otherwise agree in writing, within 21 days after receipt of a progress payment from the public utility the direct contractor shall pay the subcontractor the amount allowed the direct contractor on account of the work performed by the subcontractor to the extent of the subcontractor’s interest in the work. If there is a good faith dispute over all or part of the amount due on a progress payment from the direct contractor to a subcontractor, the direct contractor may withhold an amount not in excess of 150 percent of the disputed amount.

(c) A direct contractor that violates this section is liable to the subcontractor for a penalty of two percent of the disputed amount due per month for every month that payment is not made. In an action for collection of the amount wrongfully withheld, the prevailing party is entitled to costs and a reasonable attorney’s fee.

(d) This section does not limit or impair a contractual, administrative, or judicial remedy otherwise available to a contractor or subcontractor in a dispute involving late payment or nonpayment by the contractor or deficient performance or nonperformance by the subcontractor.

Comment. Section 8802 restates former Section 3262.5, with the addition of a reasonableness limitation on an attorney’s fee. The reference to 15 “working days” is converted to 21 “days,” consistent with the remainder of the mechanics lien law. Cf. Section 9 (business day).

See also Sections 8008 (“contract”), 8014 (“direct contractor”), 8046 (“subcontractor”), 8050 (“work of improvement”).

Article 2. Retention Payment

§ 8810. Application of article

8810. This article governs a retention withheld by an owner from a direct contractor or by a direct contractor from a subcontractor.

Comment. Section 8810 restates subdivision (b) of former Section 3260 without substantive change. This article is limited to a private work. See Section 8052 (application of part). The transitional provision found in subdivision (a) of former Section 3260, relating to contracts entered into before 1991, 1993, and 1994, is omitted due to lapse of time.

See also Sections 8014 (“direct contractor”), 8028 (“owner”), 8046 (“subcontractor”).

§ 8812. Payment of retention by owner

8812. (a) If an owner withholds a retention from a direct contractor, the owner shall, within 45 days after completion of the work of improvement, pay the retention to the contractor.

(b) If part of a work of improvement ultimately will become the property of a public entity, the owner may condition payment of a retention allocable to that part on acceptance of the part by the public entity.
(c) If there is a good faith dispute between the owner and direct contractor, the owner may withhold from final payment an amount not in excess of 150 percent of the disputed amount.

Comment. Section 8812 restates subdivision (c) of former Section 3260, except that detailed provisions defining the date of completion are eliminated in reliance on the general provisions of this part governing completion. See Section 8150 (completion). The right of the owner to withhold disputed amounts is made subject to a condition of good faith, consistent with other provisions of this part.

See also Sections 8014 (“direct contractor”), 8028 (“owner”), 8036 (“public entity”), 8050 (“work of improvement”).

§ 8814. Payment of retention by direct contractor

8814. (a) If a direct contractor has withheld a retention from a subcontractor, the direct contractor shall, within 10 days after receiving all or part of a retention payment, pay the subcontractor its share of the payment.

(b) If a retention payment received by the direct contractor is specifically designated for a particular subcontractor, the direct contractor shall pay the retention payment to the designated subcontractor, if consistent with the terms of the subcontract.

(c) If a good faith dispute exists between the direct contractor and a subcontractor, the direct contractor may withhold from the retention payment to the subcontractor an amount not in excess of 150 percent of the estimated value of the disputed amount.

Comment. Section 8814 restates subdivisions (d) and (e) of former Section 3260 without substantive change. See also Sections 8014 (“direct contractor”), 8046 (“subcontractor”).

§ 8816. Payment for disputed work

8816. (a) If the direct contractor gives the owner, or a subcontractor gives the direct contractor, notice that work in dispute has been completed in accordance with the contract, the owner or direct contractor shall within 10 days give notice advising the notifying party of the acceptance or rejection of the disputed work. Both notices shall comply with the requirements of Article 3 (commencing with Section 8100) of Chapter 1.

(b) Within 10 days after acceptance of disputed work, the owner or direct contractor shall pay the portion of the retention relating to the disputed work.

Comment. Section 8816 restates subdivision (f) of former Section 3260 without substantive change. See also Sections 8100-8118 (notice).

§ 8818. Wrongful withholding

8818. If an owner or direct contractor does not make a retention payment within the time required by this article:
(a) The owner or direct contractor is liable to the person to which payment is owed for a penalty of two percent per month on the amount wrongfully withheld, in place of any interest otherwise due.

(b) In an action for collection of the amount wrongfully withheld, the prevailing party is entitled to costs and a reasonable attorney’s fee.

Comment. Section 8818 restates subdivision (g) of former Section 3260, with the addition of a reasonableness limitation on an attorney’s fee.

See also Sections 8014 (“direct contractor”), 8028 (“owner”), 8032 (“person”).

§ 8822. Construction loan exempt

8822. This article does not apply to a retention withheld by a lender pursuant to a construction loan agreement.

Comment. Section 8822 restates subdivision (i) of former Section 3260.

Article 3. Stop Work Notice

§ 8830. “Stop work notice” defined

8830. “Stop work notice” means notice given under this article by a direct contractor to an owner that the contractor will stop work if the amount owed the contractor is not paid within 10 days after notice is given.

Comment. Section 8830 restates a part of the first sentence of former Section 3260.2(a) without substantive change. This article is limited to a private work of improvement. See Section 8052 (application of part).

Former Section 3260.2(g), relating to the mechanics of the notice, is superseded by Sections 8100-8118 (notice).

See also Sections 8014 (“direct contractor”), 8028 (“owner”).

§ 8832. Stop work notice

8832. If a direct contractor is not paid the amount due pursuant to a written contract within 35 days after the date payment is due under the contract, and there is no dispute as to the satisfactory performance of the contractor, the contractor may give the owner a stop work notice. The notice shall comply with the requirements of Article 3 (commencing with Section 8100) of Chapter 1.

Comment. Section 8832 restates a portion of the first sentence of former Section 3260.2(a) without substantive change.

See also Sections 8008 (“contract”), 8014 (“direct contractor”), 8028 (“owner”).

(a) At least five days before giving the stop work notice, the contractor shall post notice of intent to give a stop work notice. The notice shall comply with the requirements of Article 3 (commencing with Section 8100) of Chapter 1.

Comment. Section 8834 restates the second and third sentences of former Section 3260.2(a), and requires that the contractor give a copy of the stop work notice. See also Section 8114 (posting).

See also Sections 8014 (“direct contractor”), 8028 (“owner”), 8040 (“site”), 8046 (“subcontractor”), 8050 (“work of improvement”).

8838. (a) The direct contractor or the direct contractor’s surety, or a subcontractor or a subcontractor’s surety, is not liable for delay or damage that the owner or a subcontractor may suffer as a result of the direct contractor giving a stop work notice and subsequently stopping work for nonpayment, if the notice and posting requirements of this article are satisfied.

(b) A direct contractor’s or subcontractor’s liability to a subcontractor or material supplier after the direct contractor stops work under this article is limited to the amount the subcontractor or material supplier could otherwise recover under this part for work provided up to the date the subcontractor or material supplier ceases work, subject to the following exceptions:

(1) The direct contractor’s or subcontractor’s liability continues for work provided up to and including the 10 day notice period and not beyond.

(2) This subdivision does not limit liability for custom work, including materials that have been fabricated, manufactured, or ordered to specifications that are unique to the job.

Comment. Section 8838 restates former Section 3260.2(c), and corrects two inadvertent drafting errors.

See also Sections 8014 (“direct contractor”), 8026 (“material supplier”), 8028 (“owner”), 8046 (“subcontractor”), 8048 (“work”).

cancellation of the stop work notice, the contractor shall post, and give
subcontractors with which the contractor has a direct contractual relationship on
the work of improvement, notice of the resolution or cancellation. The notice shall
comply with the requirements of Article 3 (commencing with Section 8100) of
Chapter 1.

substantive change. See also Section 8114 (posting).

See also Sections 8014 (“direct contractor”), 8040 (“site”), 8046 (“subcontractor”), 8050
(“work of improvement”).

§ 8842. Stop work remedy not exclusive
8842. A direct contractor’s right to stop work under this article is in addition to
other rights the direct contractor may have under the law.
Comment. Section 8842 restates former Section 3260.2(b) without substantive change.

See also Section 8014 (“direct contractor”).

§ 8844. Judicial proceeding
8844. (a) If payment of the amount claimed is not made within 10 days after a
stop work notice is given, the direct contractor, the direct contractor’s surety, or an
owner may in an expedited proceeding seek a judicial determination of liability for
the amount due.
(b) The expedited proceeding shall be set for hearing or trial at the earliest
possible date in order that it shall be quickly heard and determined, and shall take
precedence over all other cases except older matter of the same character and other
matters to which special precedence has been given.
Comment. Subdivision (a) of Section 8844 restates former Section 3260.2(d), and additionally
allows an owner to seek a judicial determination of liability for the amount due in an expedited
proceeding.
Subdivision (b) is comparable to Code of Civil Procedure Sections 1062.3 and 1260.010.

See also Section 8014 (“direct contractor”).

§ 8846. Waiver against public policy
8846. It is against public policy by contract to waive the provisions of this
article.
Comment. Section 8846 restates former Section 3260.2(e) without substantive change.

§ 8848. Application of article
8848. (a) This article applies to a contract entered into on or after January 1, 1999.
(b) This article does not apply to a retention withheld by a lender pursuant to a

PUBLIC WORK OF IMPROVEMENT

SEC. ____. Part 6 (commencing with Section 41010) is added to Division 2 of
the Public Contract Code, to read:

PART 6. PUBLIC WORKS CONTRACT
REMEDIES

CHAPTER 1. DEFINITIONS

§ 41010. Application of definitions
41010. Unless the provision or context otherwise requires, the definitions in this
chapter govern the construction of this part.

Comment. Section 41010 supersedes former Civil Code Section 3082.

§ 41020. Claimant
41020. “Claimant” means a person that has right under this part to give a stop
payment notice or assert a claim against a payment bond.

Comment. Section 41020 restates former Civil Code Section 3085, omitting as unnecessary
the reference to the claimant’s “entitlement” and to the combination of remedies. For persons
having the right to give a stop payment notice or assert a claim against a payment bond, see
Section 42030 (who may use remedies).

See also Sections 41080 (“payment bond”), 41090 (“person”), 41140 (“stop payment notice”).

§ 41030. Design professional
41030. “Design professional” means a person licensed as an architect pursuant
to Chapter 3 (commencing with Section 5500) of Division 3 of the Business and
Professions Code, registered as a professional engineer pursuant to Chapter 7
(commencing with Section 6700) of Division 3 of the Business and Professions
Code, or licensed as a land surveyor pursuant to Chapter 15 (commencing with
Section 8700) of Division 3 of the Business and Professions Code.

Comment. Section 41030 is a new definition. It is included for drafting convenience. It
generalizes provisions of former Civil Code Sections 3247 and 3267.

See also Section 41090 (“person”).

§ 41040. Direct contractor
41040. “Direct contractor” means a contractor that has a direct contractual
relationship with a public entity. With respect to the amount due or to become due
to a direct contractor, the term includes the direct contractor’s assignee.

Comment. Section 41040 supersedes former Civil Code Section 3095 (“original contractor”).
The definition generalizes provisions of former Civil Code Section 3187 relating to payment of
the assignee of a direct contractor. See also Section 44340 (effect of assignment or garnishment).

See also Section 41110 (“public entity”).
§ 41050. Funds

41050. “Funds” means warrant, check, money, or bonds (if bonds are to be issued in payment of the public works contract).

Comment. Section 41050 is a new definition. It is included for drafting convenience. It generalizes provisions of former Civil Code Sections 3186, 3187, and 3196.

See also Section 41120 (“public works contract”).

§ 41060. Labor, service, equipment, or material

41060. “Labor, service, equipment, or material” includes but is not limited to labor, skills, services, material, supplies, equipment, appliances, power, and surveying provided pursuant to a public works contract.

Comment. Section 41060 is a new definition. It is included for drafting convenience. The phrase is intended to encompass all things of value provided pursuant to a public works contract, and replaces various phrases used throughout the former law, including “labor or material,” “labor, services, equipment, or materials,” “appliances, teams, or power,” “provisions, provender, or other supplies,” and the like. The definition applies to variant grammatical forms of the phrase used in this part, such as “labor, service, equipment, and material.”

See also Section 41120 (“public works contract”).

§ 41070. Laborer

41070. (a) “Laborer” means a person who, acting as an employee, performs labor, or bestows skill or other necessary services, pursuant to a public works contract.

(b) “Laborer” includes a person or entity to which a portion of a laborer’s compensation for a public works contract, including but not limited to employer payments described in Section 1773.1 of the Labor Code and implementing regulations, is paid by agreement with that laborer or the collective bargaining agent of that laborer.

(c) A person or entity described in subdivision (b) that has standing under applicable law to maintain a direct legal action, in their own name or as an assignee, to collect any portion of compensation owed for a laborer for work pursuant to a public works contract, shall have standing to enforce any rights or claims of the laborer under this part, to the extent of the compensation agreed to be paid to the person or entity for that work. This subdivision is intended to give effect to the long-standing public policy of this state to protect the entire compensation of a laborer, regardless of the form in which that compensation is to be paid.

Comment. Subdivision (a) of Section 41070 continues former Civil Code Section 3089(a) without substantive change.

Subdivision (b) continues the first sentence of former Civil Code Section 3089(b) and a part of former Civil Code Section 3111, without substantive change.

Subdivision (c) continues the second and third sentences of former Civil Code Section 3089(b), and a part of former Civil Code Section 3111, without substantive change.
§ 41080. Payment bond
   41080. “Payment bond” means a payment bond required by Section 45010.
   
   Comment. Section 41080 supersedes former Civil Code Section 3096.

§ 41090. Person
   41090. “Person” means an individual, corporation, public entity, business trust,
   estate, trust, partnership, limited liability company, association, or other entity.
   
   Comment. Section 41090 is a new definition. It is included for drafting convenience.
   See also Section 41110 (“public entity”).

§ 41100. Preliminary notice
   41100. “Preliminary notice” means the notice provided for in Chapter 3
   (commencing with Section 43010).
   
   Comment. Section 41100 supersedes former Civil Code Section 3098. The substantive
   requirements for preliminary notice are relocated to Chapter 3 (commencing with Section 43010).

§ 41110. Public entity
   41110. (a) “Public entity” has the meaning provided in Section 1100 and
   includes all of the following:
      (1) The Regents of the University of California.
      (2) An officer authorized to act for a public entity.
   (b) A reference in this part to a public entity means the public entity that
   awarded the public works contract.
   
   Comment. Subdivision (a) of Section 41110 restates former Civil Code Section 3099. Under
   Section 1100, “public entity” means the state, county, city, city and county, district, public
   authority, public agency, municipal corporation, or any other political subdivision or public
   corporation in the state. This part does not apply to a public works contract governed by federal
   law. See Section 42010 (application of part). The reference to an officer of the public entity is
   included for drafting convenience. Cf. former Civ. Code §§ 3247, 3250, 3251 (public entity or
   officer).
   Subdivision (b) is new; it is included for drafting convenience. Cf. former Civ. Code §§ 3247,
   3250, 3251.
   See also Section 41120 (“public works contract”).

§ 41120. Public works contract
   41120. “Public works contract” has the meaning provided in Section 1101.
   
   Comment. Section 41120 supersedes former Civil Code Section 3100 (“public work”). Under
   Section 1101, “public works contract” means an agreement for the erection, construction,
   alteration, repair, or improvement of any public structure, building, road, or other public
   improvement of any kind. This part does not apply to a public works contract governed by federal
   law. See Section 42010 (application of part).

§ 41130. Site
   41130. “Site” means the property on which a public works contract is performed
   or is to be performed.
Comment. Section 41130 restates former Civil Code Section 3101 to the extent it applied to a public works contract.

See also Section 41120 (“public works contract”).

§ 41140. Stop payment notice
41140. “Stop payment notice” means a notice given under Chapter 4 (commencing with Section 44110).

Comment. Section 41140 supersedes former Civil Code Section 3103.

§ 41150. Subcontractor
41150. “Subcontractor” means a contractor that does not have a direct contractual relationship with a public entity. The term includes a contractor that has a contractual relationship with a direct contractor or with another subcontractor.

Comment. The first sentence of Section 8046 continues former Section 3104 to the extent it applied to a public works contract. The second sentence is new; it makes clear that the term “subcontractor” includes a subcontractor of a subcontractor.

§ 41160. Work
41160. “Work” means labor, service, equipment, or material provided pursuant to a public works contract.

Comment. Section 41160 is a new definition. It is included for drafting convenience.

See also Sections 41060 (“labor, service, equipment, or material”), 41120 (“public works contract”).

§ 41170. Work of improvement
41170. (a) “Work of improvement” includes but is not limited to:

(1) Construction, alteration, repair, demolition, or removal, in whole or in part, of, or addition to, a building, wharf, bridge, ditch, flume, aqueduct, well, tunnel, fence, machinery, railroad, or road.

(2) Seeding, sodding, or planting of property for landscaping purposes.

(3) Filling, leveling, or grading of property.

(b) Except as otherwise provided in this part, “work of improvement” means the entire structure or scheme of improvement as a whole, and includes site improvement.

Comment. Section 41170 restates former Section 3106. The section is revised to reorganize and tabulate the different types of works falling within the definition, to expand the coverage of the definition, and to make various technical, nonsubstantive revisions. The term “property” replaces “lot or tract of land.”
CHAPTER 2. GENERAL PROVISIONS

§ 42010. Application of part

42010. (a) This part applies to a public works contract awarded by a public entity.

(b) This part does not apply to any of the following:

(1) A public works contract governed by federal law.

(2) A transaction governed by Sections 20457 to 20464, inclusive.

Comment. Subdivision (a) of Section 42010 restates former Civil Code Sections 3100 and 3179.

Paragraph (1) of subdivision (b) is new.

Paragraph (2) of subdivision (b) restates former Civil Code Section 3266(b). This provision updates the former cross-reference to Streets and Highways Code Sections 5290-5297, which were repealed in 1982 when the Public Contract Code was created. See 1982 Cal. Stat. ch. 465, § 56. The repealed sections were superseded by Public Contract Code Sections 20457-20464. See 1982 Cal. Stat. ch. 465, § 11. The new sections apply to bonds in “street work” projects under Division 2 (commencing with Section 1600) (general provisions) of the Public Contract Code.

See also Sections 41110 (“public entity”), 41120 (“public works contract”).

§ 42020. Relation to other statutes

42020. (a) This part does not apply to or change improvement security under the Subdivision Map Act, Division 2 (commencing with Section 66410) of Title 7 of the Government Code.

(b) The Bond and Undertaking Law, Chapter 2 (commencing with Section 995.010) of Title 14 of Part 2 of the Code of Civil Procedure, applies to a bond given under this part, except to the extent this part prescribes a different rule or is inconsistent.

Comment. Subdivision (a) of Section 42020 is new. It clarifies the interrelation between this part and the Subdivision Map Act. For relevant provisions of that act, see Gov’t Code §§ 66499-66499.10 (improvement security).

Subdivision (b) is new. It is a specific application of Code of Civil Procedure Section 995.020 (application of Bond and Undertaking Law).

§ 42030. Who may use remedies

42030. (a) Except as provided in subdivision (b), any of the following persons that has not been paid in full may give a stop payment notice to the public entity or assert a claim against a payment bond:

(1) A person that provides work for a public works contract, if the work is authorized by a direct contractor, subcontractor, architect, project manager, or other person having charge of all or part of the public works contract.

(2) A laborer.

(3) A person described in Section 4107.7.
(b) A direct contractor may not give a stop payment notice or assert a claim against a payment bond under this part.

Comment. Section 42030 restates former Civil Code Section 3181, and parts of former Sections 3110, 3111, and 3112. The former references to site improvement work and to provisions, provender, or other supplies are included within the meaning of subdivision (a). See Sections 41060 (“labor, service, equipment, or material”), 41160 (“work”).

The reference to an “express trust fund” is replaced by a reference to a generalized category of persons or entities included within the definition of “laborer.” See Section 41070 (“laborer”).

See also Sections 41040 (“direct contractor”), 41060 (“labor, service, equipment, or material”), 41070 (“laborer”), 41080 (“payment bond”), 41090 (“person”), 41110 (“public entity”), 41120 (“public works contract”), 41140 (“stop payment notice”), 41160 (“work”).

§ 42040. Rules of practice

42040. Except as otherwise provided in this part, Part 2 (commencing with Section 307) of the Code of Civil Procedure provides the rules of practice in proceedings under this part.

Comment. Section 42040 continues the first sentence of former Civil Code Section 3259 without substantive change. The second sentence of former Civil Code Section 3259 is not continued; this part does not include special provisions relating to new trials or appeals.

§ 42050. Calculation of time

42050. For purposes of this part, the term “day” means a calendar day.

Comment. Section 42050 is new. A reference to the term “day” in a statute typically means a calendar day, unless otherwise specifically indicated. Iverson v. Superior Court, 167 Cal. App. 3d 544, 548, 213 Cal. Rptr. 399 (1985).

See also Civil Code Sections 10 (computing time), 11 (holidays).

§ 42060. Agency

42060. An act that may be done by or to a person under this part may be done by or to the person’s agent to the extent the act is within the scope of the agent’s authority.

Comment. Section 42060 generalizes a provision of former Civil Code Section 3103. It makes clear that an agent’s authority is limited to the scope of the agency. Thus, to the extent a direct contractor is deemed to be the agent of the principal for the purpose of engaging a subcontractor, the scope of the agency does not include other acts, such as compromise of litigation.

See also Section 41090 (“person”).

§ 42070. Liability of surety

42070. None of the following releases a surety from liability on a bond given under this part:

(a) A change to a contract, plan, specification, or agreement for a public works contract or for work provided for a public works contract.

(b) A change to the terms of payment or an extension of the time for payment for a public works contract.

(c) A rescission or attempted rescission of a contract, agreement, or bond.
(d) A condition precedent or subsequent in the bond purporting to limit the right of recovery of a claimant otherwise entitled to recover pursuant to a contract, agreement, or bond.

(e) In the case of a bond given for the benefit of claimants, the fraud of a person other than the claimant seeking to recover on the bond.

Comment. Section 42070 restates former Civil Code Section 3225.

See also Sections 41020 (“claimant”), 41090 (“person”), 41120 (“public works contract”), 41160 (“work”).

Article 2. Notice

§ 42110. Written notice

42110. (a) Notice under this part shall be in writing. Writing includes printing and typewriting.

(b) Written notice under this part may be given by electronic communication to the extent authorized under Section 42110.

Comment. Subdivision (a) of Section 42110 generalizes various provisions of former law. See, e.g., former Civ. Code §§ 3092 (notice of cessation), 3093 (notice of completion), 3098 (preliminary notice), 3103 (stop notice).

Subdivision (b) is new.

§ 42120. Contents of notice

42120. (a) Notice under this part shall, in addition to any other information required by statute for that type of notice, include all of the following information to the extent known to the person giving the notice:

(1) The name and address of the public entity.

(2) The name and address of the direct contractor.

(3) A description of the site sufficient for identification, including the street address of the site, if any. If a sufficient legal description of the site is given, the effectiveness of the notice is not affected by the fact that the street address is erroneous or is omitted.

(4) The name, address, and relationship to the parties of the person giving the notice.

(5) If the person giving the notice is a claimant:

(i) A general statement of the labor, service, equipment or material provided or to be provided by the claimant.

(ii) The name of the person who contracted for the labor, service, equipment or material provided or to be provided.

(iii) A statement or estimate of the claimant’s demand, if any, after deducting all just credits and offsets.

(b) Notice is not invalid by reason of any variance from the requirements of this section if the notice is sufficient to substantially inform the person given notice of the information required by this section and other information required in the notice.
Comment. Section 42120 is new. It generalizes and standardizes provisions found throughout former law. See, e.g., former Civ. Code §§ 3092 (notice of cessation), 3093 (notice of completion), 3098 (preliminary notice), 3103 (stop notice), 3252 (notice to principal and surety).

§ 42130. Notice of overdue laborer compensation

42130. (a) A direct contractor or subcontractor that employs a laborer and fails to pay the full compensation due the laborer, including any employer payments described in Section 1773.1 of the Labor Code and implementing regulations, shall not later than the date the compensation became delinquent, give the laborer, the laborer’s bargaining representative, if any, and the public entity, notice that includes all of the following information, in addition to the information specified in Section 43030:

1. The name and address of the laborer, and of any person or entity described in subdivision (b) of Section 41070 to which employer payments are due.
2. The total number of straight time and overtime hours worked by the laborer on each job.
3. The amount then past due and owing.

(b) Failure to give the notice required by subdivision (a) constitutes grounds for disciplinary action under the Contractors’ State License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code.

Comment. Section 42130 continues former Civil Code Section 3097(k), with the additional requirement that the information provided be given to the public entity, and include the name and address of the unpaid laborer.

Former Civil Code Section 3098(b), providing for disciplinary action if a subcontractor fails to give preliminary notice on a work of improvement exceeding $400, is not continued.

The reference to the Registrar of Contractors in the final sentence of former Section 3097(k) is revised to refer to the Contractors’ State License Law. This is a technical, nonsubstantive change.

Compliance with this section does not excuse compliance with Section 43010, if applicable.

Nothing in this section affects any requirement to provide similar information for other purposes. See, e.g., Lab. Code § 1776 (payroll records).

See also Sections 41040 (“direct contractor”), 41070 (“laborer”), 41110 (“public entity”), 41150 (“subcontractor”), 42010 (application of part).

§ 42140. Manner of giving notice

42140. Except as otherwise provided by statute, notice under this part may be given by any of the following means:

(a) Personal delivery.
(b) Mail in the manner provided in Section 42160.
(c) Leaving the notice and mailing a copy in the manner provided in Section 415.20 of the Code of Civil Procedure for service of summons and complaint in a civil action.

Comment. Section 42140 is new. It generalizes and standardizes provisions found throughout former law. See, e.g., former Civ. Code §§ 3098 (preliminary notice), 3103 (stop notice), 3185 (notice of expiration of time to give stop notice), 3199 (notice of release of funds), 3227 (notice to principal and surety).
Under subdivision (c), when notice is given in the manner provided in Code of Civil Procedure Section 415.20 for service of summons and complaint, the notice is complete five days after mailing the notice. See Section 42180 (when notice complete). The 10 day delay provided in the Code of Civil Procedure for completion of service under that code is inapplicable.

§ 42150. Address at which notice is given

42150. Except as otherwise provided by this part, notice under this part shall be given to the person to be notified at the following addresses:

(a) If the person to be notified is the public entity, at the office of the public entity or at another address specified by the public entity in the contract or elsewhere for service of notices, papers, and other documents.

(b) If the person to be notified is a direct contractor or a subcontractor, at the contractor’s residence or place of business, or at the contractor’s address shown on the building permit, on the contractor’s contract, or on the records of the Contractors’ State License Board.

(c) If the person to be notified is a claimant, at the claimant’s residence or place of business, or at the claimant’s address shown on the claimant’s contract, preliminary notice, stop payment notice, or claim against a payment bond, or on the records of the Contractors’ State License Board.

(d) If the person to be notified is the surety on a bond, at the surety’s residence or place of business, or at the surety’s address shown on the bond for service of notices, papers, and other documents, or on the records of the Department of Insurance.

Comment. Section 42150 is new. It generalizes and standardizes provisions found throughout former law.

For examples of two more particularized notice provisions, see Sections 43040 (giving preliminary notice), 44130 (giving of stop payment notice).

Subdivision (d) does not continue the unique provisions found in former Section 3227 for notice to alternate persons in the case of a personal surety or admitted surety insurer. The bond and undertaking law requires every bond to include the address at which the principal and sureties may be served with notices, papers, and other documents. Code Civ. Proc. § 995.320.

§ 42160. Mailed notice

42160. Notice given by mail under this part shall be given by registered or certified mail, Express Mail, or overnight delivery by an express service carrier.

Comment. Section 42160 is a new provision included for drafting convenience. It generalizes a number of provisions of former law, and expands the methods of giving notice to include delivery by express service carrier.

§ 42170. Notice by electronic communication

42170. (a) As used in this section, “electronic record” has the meaning provided in Civil Code Section 1633.2.

(b) A notice under this part may be given to a person in the form of an electronic record if the person has agreed to receive the notice in the form of an electronic record.
(c) If a person that has agreed to receive a notice in the form of an electronic record is a consumer within the meaning of Section 7006 of Title 15 of the United States Code, the person’s agreement shall satisfy the requirements of Section 7001 of Title 15 of the United States Code relating to consumer consent to an electronic record.

Comment. Section 42170 is new. It makes the California Uniform Electronic Transactions Act (UETA) (Civil Code Sections 1633.1-1633.17) expressly applicable to notices under this part. A consumer within the meaning of E-Sign is “an individual who obtains products or services used primarily for personal, family, or household purposes.” 15 U.S.C. § 7006(1). The consumer consent requirements of E-Sign include (i) affirmative consent, (ii) disclosure, (iii) electronic access, (iv) software and hardware upgrades. See 15 U.S.C. § 7001(c)(1).

§ 42180. When notice complete

42180. Notice under this part is complete and deemed to have been given at the following times:
(a) If given by personal delivery, when delivered.
(b) If given by mail, when deposited in the mail or with an express service carrier in the manner provided in Section 1013 of the Code of Civil Procedure.
(c) If given by leaving the notice and mailing a copy in the manner provided in Section 415.20 of the Code of Civil Procedure for service of summons in a civil action, five days after mailing.
(d) If given in the form of an electronic record, when the electronic record is transmitted.

Comment. Section 42180 is new. It generalizes and standardizes provisions found in former law.
Under subdivision (b), when notice is given in the manner provided in Code of Civil Procedure Section 1013, the notice is complete when deposited in the mail or with an express service carrier. The delays provided in the Code of Civil Procedure for completion of service under that code are inapplicable.
Under subdivision (c), when notice is given in the manner provided in Code of Civil Procedure Section 415.20 for service of summons and complaint, the notice is complete five days after mailing of the notice. The 10 day delay provided in the Code of Civil Procedure for completion of service under that code is inapplicable.

§ 42190. Proof of notice

42190. (a) Proof that notice was given to a person in the manner required by this part shall be made by a proof of notice declaration that states all of the following:
(1) The type or description of the notice given.
(2) The date, place, and manner of notice and facts showing that notice was given in the manner required by statute.
(3) The name and address of the person to which notice was given, and, if appropriate, the title or capacity in which the person was given notice.
(b) If the notice is given by mail, the declaration shall be accompanied by one of the following:
(1) Documentation provided by the United States Post Office showing that payment was made to mail the notice using registered or certified mail.
(2) Documentation provided by an express service carrier showing that payment was made to send the notice using an overnight delivery service.

(3) A return receipt, delivery confirmation, signature confirmation, or other proof of delivery or attempted delivery provided by the United States Postal Service, or a photocopy of the record of delivery and receipt maintained by the United States Postal Service, showing the date of delivery and to whom delivered, or in the event of nondelivery, by the returned envelope itself.

(4) A tracking record or other documentation provided by an express service carrier showing delivery or attempted delivery of the notice.

(c) If notice is given in the form of an electronic record, the declaration shall also state that the document was served electronically and that no notice of non-transmission was received.

Comment. Section 42190 is a new provision included for drafting convenience. It generalizes a number of provisions of former law, and expands the methods of proof to include a certification of the mailing by the United States Postal Service.

Article 3. Completion

§ 42210. Completion

42210. For the purpose of this part, completion of a work of improvement occurs at the earliest of the following times:

(a) Acceptance of the work of improvement by the public entity.

(b) Cessation of labor on the work of improvement for a continuous period of 60 days. This subdivision does not apply to a contract awarded under the State Contract Act, Part 2 (commencing with Section 10100).

Comment. Section 42210 restates former Civil Code Section 3086 to the extent it applied to a public work of improvement, but extends the period of continuous cessation of labor necessary to constitute completion from 30 days to 60 days. See also Section 42230 (notice of completion).

See also Sections 41110 (“public entity”), 41170 (“work of improvement”).

§ 42220. Notice of cessation

42220. (a) A public entity may record a notice of cessation if there has been a continuous cessation of labor for at least 30 days prior to the recordation that continues through the date of the recordation.

(b) The notice shall be signed and verified by the public entity or its agent.

(c) The notice shall comply with the requirements of Article 2 (commencing with Section 42110), and shall also include all of the following information:

(1) The date on or about which the labor ceased.

(2) A statement that the cessation has continued until the recordation of the notice.

Comment. Section 42220 continues former Civil Code Section 3092 (notice of cessation), to the extent it applied to a public works contract. For the effect of recordation of a notice of cessation, see Sections 44140 (time for giving stop payment notice) and 45050 (time for enforcing payment bond).
A notice of cessation is recorded in the office of the county recorder of the county in which the public works contract or part of it is performed. Section 42250 (recording of notice). A notice of cessation is recorded when it is filed for record. Section 42250 (recording of notice).

See also Section 41110 (“public entity”).

§ 42230. Notice of completion

42230. (a) A public entity may record a notice of completion on or within 15 days after completion of a work of improvement.

(b) The notice shall be signed and verified by the public entity or its agent.

(c) The notice shall comply with the requirements of Article 2 (commencing with Section 42110), and shall also include the date of completion. An erroneous statement of the date of completion does not affect the effectiveness of the notice if the true date of completion is 15 days or less before the date of recordation of the notice.

Comment. Section 42230 continues former Civil Code Section 3093 (notice of completion), to the extent it applied to a public works contract, and extends the 10-day period for recording a notice of completion under former law to 15 days. For the effect of recordation of a notice of completion, see Sections 44140 (time for giving stop payment notice) and 45070 (notice to principal and surety on payment bond).

For the date of completion of a work of improvement, see Section 42210.

A notice of completion is recorded in the office of the county recorder of the county in which the public works contract or part of it is performed. Section 42250 (recording of notice). A notice of completion is recorded when it is filed for record. Section 42250 (recording of notice).

§ 42240. Notice of completion of contract for portion of work of improvement

42240. (a) If a work of improvement is made pursuant to two or more contracts with a public entity, each covering a portion of the work of improvement, the public entity may record a notice of completion of a contract with the public entity for a portion of the work of improvement.

(b) The recordation of a notice of completion of a contract under this section governs only work provided pursuant to that contract.

Comment. Section 42240 is new. It is adopted from former Civil Code Section 3117.

See also Sections 41110 (“public entity”), 41160 (“work”), 41170 (“work of improvement”).

§ 42250. Recording of notice

42250. (a) A notice of cessation or completion is recorded when filed for record in the office of the county recorder of the county in which the public works contract or part of it is performed. A notice in otherwise proper form containing the information required by Sections 42220 or 42230 shall be accepted by the recorder for recording and is deemed duly recorded without acknowledgment.

(b) The county recorder shall number, index, and preserve a notice of cessation or completion presented for filing under this part, and shall number, index, and transcribe into the official records, in the same manner as a conveyance of real property, a notice of completion recorded under this part.
(c) The county recorder shall charge and collect the fees provided in Article 5 (commencing with Section 27460) of Chapter 6 of Part 3 of Division 2 of Title 3 of the Government Code for performing duties under this section.

Comment. Section 42250 generalizes a number of provisions of former law, to the extent they applied to a public works contract. Cf. former Civ. Code § 3258.

See also Sections 42220 (notice of cessation), 42230 (notice of completion).

Article 4. Waiver and Release

§ 42310. Terms of contract

42310. (a) A public entity or direct contractor may not, by contract or otherwise, waive, affect, or impair a claimant’s rights under this part, whether with or without notice, except with the claimant’s written consent, and any term of a contract that purports to do so is void and unenforceable.

(b) A claimant’s written consent is void and unenforceable unless and until the claimant executes and delivers a waiver and release under this article.

Comment. Section 42310 continues the first and second sentences of former Civil Code Section 3262(a) without substantive change, to the extent they related to a public works contract. See Section 41020 (“claimant”).

See also Sections 41020 (“claimant”), 41040 (“direct contractor”), 41110 (“public entity”).

§ 42320. Waiver and release

42320. A claimant’s waiver and release does not release the public entity or surety on a payment bond from a claim unless both of the following conditions are satisfied:

(a) The waiver and release is in substantially the form provided in this article and is signed by the claimant.

(b) If the release is a conditional release, there is evidence of payment to the claimant. Evidence of payment may be either of the following:

(1) The claimant’s endorsement on a single or joint payee check that has been paid by the financial institution on which it was drawn.

(2) Written acknowledgment of payment by the claimant.

Comment. Section 42320 continues the third and fourth sentences of former Civil Code Section 3262(a) without substantive change, to the extent they related to a public works contract. The waiver and release may be signed by the claimant’s agent. See Section 42060 (agency).

See also Sections 41020 (“claimant”), 41080 (“payment bond”), 41110 (“public entity”).

§ 42330. Statement of claimant

42330. An oral or written statement purporting to waive, release, impair or otherwise adversely affect a claim is void and unenforceable and does not create an estoppel or impairment of the claim unless either of the following conditions is satisfied:

(1) The statement is pursuant to a waiver and release under this article.
(2) The claimant has actually received payment in full for the claim.

Comment. Section 42330 continues former Civil Code Section 3262(b) without substantive change, to the extent it related to a public works contract.

See also Section 41020 (“claimant”).

§ 42340. Reduction or release of stop payment notice

42340. (a) A claimant may reduce the amount of, or release in its entirety, a stop payment notice. The reduction or release shall comply with Article 2 (commencing with Section 42110), but need not be a waiver and release form provided in this article.

(b) The writing shall identify whether it is a reduction of the amount of the stop payment notice, or a release of the notice in its entirety. If the writing is a reduction, it shall state the amount of the reduction, and the amount to remain withheld after the reduction.

(c) A claimant’s reduction or release of a stop payment notice has the following effect:

(1) The reduction or release releases the claimant’s right to enforce payment of the claim stated in the notice to the extent of the reduction or release.

(2) The reduction or release releases the public entity from the obligation to withhold funds pursuant to the notice to the extent of the reduction or release.

(3) The reduction or release does not preclude the claimant from giving a subsequent stop payment notice that is timely and proper.

(4) The reduction or release does not release any right of the claimant other than the right to enforce payment of the claim stated in the stop payment notice to the extent of the reduction or release.

Comment. Subdivisions (a) and (c) of Section 42340 restate the second, third, and fourth sentences of subdivision (b) of former Civil Code Section 3262, to the extent they related to a public works contract.

Subdivision (b) of Section 42340 is new.

See also Sections 41020 (“claimant”), 41090 (“person”), 41110 (“public entity”), 41140 (“stop payment notice”).

§ 42350. Accord and satisfaction or settlement agreement not affected

42350. This article does not affect the enforceability of either an accord and satisfaction concerning a good faith dispute or an agreement made in settlement of an action pending in court if the accord and satisfaction or agreement and settlement make specific reference to the claim.

Comment. Section 42350 continues former Civil Code Section 3262(c) without substantive change, to the extent it related to a public works contract.

§ 42360. Conditional waiver and release on progress payment

42360. If a claimant is required to execute a waiver and release in exchange for, or in order to induce the payment of, a progress payment and the claimant is not, in fact, paid in exchange for the waiver and release or a single payee check or joint
payee check is given in exchange for the waiver and release, the waiver and release shall be in substantially the following form:

(c) A claimant that has a direct contractual relationship with a direct contractor is not required to give preliminary notice.

Comment. Subdivision (a) of Section 43010 restates part of the introductory clause of former Civil Code Section 3098. For a statutory exception to the preliminary notice requirement, see Section 45070 (notice to principal and surety).

Section 44240, either the direct contractor or the claimant may commence an
action for a declaration of the rights of the parties.

(b) After commencement of the action, either the direct contractor or the
claimant may move the court for a determination of rights under the affidavit and
counteraffidavit. The party making the motion shall give not less than five days’
notice of the hearing to the public entity and to the other party.

(c) The court shall hear the motion within 15 days after the date of the motion,
unless the court continues the hearing for good cause.

Comment. Section 44250 restates former Civil Code Section 3201. See also Sections 42040
(rules of practice), 42060 (written notice).
See also Sections 41020 (“claimant”), 41040 (“direct contractor”), 41110 (“public entity”).

§ 44260. Pleadings and burden of proof

44260. (a) The affidavit and counteraffidavit shall be filed with the court by the
public entity and shall constitute the pleadings, subject to the power of the court to
permit an amendment in the interest of justice. The affidavit of the direct
contractor shall be deemed controverted by the counteraffidavit of the claimant,
and both shall be received in evidence.

(b) At the hearing, the direct contractor has the burden of proof.

Comment. Section 44260 restates former Civil Code Section 3202.
See also Sections 41020 (“claimant”), 41040 (“direct contractor”), 41110 (“public entity”).

§ 44270. Court determination

44270. (a) No findings are required in a summary proceeding under this article.

(b) If at the hearing no evidence other than the affidavit and counteraffidavit is
offered, the court may, if satisfied that sufficient facts are shown, make a
determination on the basis of the affidavit and counteraffidavit. If the court is not
satisfied that sufficient facts are shown, the court shall order the hearing continued
for production of other evidence, oral or documentary, or the filing of other
affidavits and counteraffidavits.

c) At the conclusion of the hearing, the court shall make an order determining
whether the demand for release is allowed. The court’s order is determinative of
the right of the claimant to have funds further withheld by the public entity.

d) The direct contractor shall serve a copy of the court’s order on the public
entity.

Comment. Section 44270 restates former Civil Code Section 3203. Former Civil Code Section
3204 relating to jury trial is not continued; proceedings under this article are tried to the judge,
not to a jury.
See also Sections 41020 (“claimant”), 41040 (“direct contractor”), 41050 (“funds”), 41110
(“public entity”).

§ 44280. Summary determination not res judicata

44280. A determination in a summary proceeding under this article is not res
judicata with respect to a right of action by the claimant against either the principal
or surety on a payment bond or with respect to a right of action against a party
personally liable to the claimant.

Comment. Section 44280 restates former Civil Code Section 3205. The former reference to a
“labor or material bond” is replaced by a reference to a payment bond.
See also Sections 41020 (“claimant”), 41080 (“payment bond”).

Article 3. Distribution of Funds Withheld

§ 44310. Distribution of funds withheld pursuant to stop payment notice

44310. If funds withheld pursuant to a stop payment notice are insufficient to
pay in full the claims of all persons that have given a stop payment notice, the
funds shall be distributed among the claimants in the ratio that the claim of each
bears to the aggregate of all claims for which a stop payment notice is given,
without regard to the order in which the notices were given or enforcement actions
were commenced.

Comment. Section 44310 restates former Civil Code Section 3190. Only valid claims, as
determined in an enforcement action, are entitled to participate in the distribution. Cf. Idaho
amount of the claim for which payment is required is determined under Article 4 (commencing
with Section 40410) (enforcement of payment of claim stated in stop payment notice).
See also Sections 41020 (“claimant”), 41050 (“funds”), 41090 (“person”), 41140 (“stop
payment notice”).

§ 44320. Stop payment notice remedy not exclusive

44320. Nothing in this chapter impairs the right of a claimant to recover from
the direct contractor or the contractor’s sureties in an action on a payment bond
under Chapter 5 (commencing with Section 45010) any deficit that remains unpaid
after the distribution under Section 44310.
Comment. Section 44320 restates former Civil Code Section 3191.
See also Sections 41020 (“claimant”), 41040 (“direct contractor”), 41080 (“payment bond”).

§ 44330. Forfeiture for false notice
44330. A person that willfully gives a false stop payment notice to the public entity or that willfully includes in the notice work not provided for the public works contract for which the stop payment notice is given, forfeits all right to participate in the distribution under Section 44310.

Comment. Section 44330 restates former Civil Code Section 3192.
See also Sections 41090 (“person”), 41110 (“public entity”), 41120 (“public works contract”), 41140 (“stop payment notice”), 41160 (“work”).

§ 44340. Effect of assignment or garnishment
44340. (a) A stop payment notice takes priority over an assignment by a direct contractor of any amount due or to become due pursuant to a public works contract, including contract changes, whether made before or after the giving of a stop payment notice, and the assignment has no effect on the rights of the claimant.
(b) Any garnishment of an amount due or to become due pursuant to a public works contract by a creditor of a direct contractor under Article 8 (commencing with Section 708.710) of Chapter 6 of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure and any statutory lien on that amount is subordinate to the rights of a claimant.

Comment. Section 44340 restates former Civil Code Section 3193.
See also Sections 41020 (“claimant”), 41040 (“direct contractor”), 41140 (“stop payment notice”).

Article 4. Enforcement of Payment of Claim Stated in Stop Payment Notice

§ 44410. Prerequisites for enforcement of notice
44410. (a) A claimant may not enforce payment of the claim stated in a stop payment notice unless the claimant has complied with all of the following conditions:
(1) The claimant has given preliminary notice to the extent required by Chapter 3 (commencing with Section 43010).
(2) The claimant has given the stop payment notice within the time provided in Section 44140.
(b) The claim filing procedures of Part 3 (commencing with Section 900) of Division 3.6 of Title 1 of the Government Code do not apply to an action under this article.

Comment. Subdivision (a) of Section 44410 restates former Civil Code Section 3183.
Subdivision (b) restates former Civil Code Section 3265.
See also Sections 41020 ("claimant"), 41100 ("preliminary notice"), 41140 ("stop payment notice").

§ 44420. Time for enforcement of payment of claim stated in stop payment notice

44420. (a) The claimant shall commence an action against the public entity and the direct contractor to enforce payment of the claim stated in a stop payment notice not earlier than 10 days after the date the claimant gives the stop payment notice.

(b) The claimant shall commence an action against the public entity and the direct contractor to enforce payment of the claim stated in a stop payment notice not later than 90 days after expiration of the time within which a stop payment notice must be given.

(c) An action under this section may not be brought to trial or judgment entered before expiration of the time provided in subdivision (b).

(d) If a claimant does not commence an action to enforce payment of the claim stated in a stop payment notice within the time provided in subdivision (b), the notice ceases to be effective and the public entity shall release funds withheld pursuant to the notice.

Comment. Section 44420 restates former Civil Code Section 3210. See also Section 44140 (time within which stop payment notice must be given). See also Sections 41020 ("claimant"), 41040 ("direct contractor"), 41050 ("funds"), 41110 ("public entity"), 41140 ("stop payment notice").

§ 44430. Notice of action

44430. Within five days after commencement of an action to enforce payment of the claim stated in a stop payment notice, the claimant shall give notice of commencement of the action to the public entity in the same manner that a stop payment notice is given.

Comment. Section 44430 restates former Civil Code Section 3211. See Section 44130 (giving of stop payment notice). See also Sections 41020 ("claimant"), 41110 ("public entity"), 41140 ("stop payment notice").

§ 44440. Joinder, consolidation, and interpleader

44440. If more than one claimant has given a stop payment notice:

(a) Any number of claimants may join in the same enforcement action.

(b) If claimants commence separate actions, the court that first acquires jurisdiction may order the actions consolidated.

(c) On request of the public entity the court shall require that all claimants be impleaded in one action and shall adjudicate the rights of all parties in the action.

Comment. Section 44440 restates former Civil Code Section 3214 without substantive change. See also Section 42040 (rules of practice). See also Sections 41020 ("claimant"), 41110 ("public entity"), 41140 ("stop payment notice").
§ 44450. Dismissal of enforcement action for lack of prosecution

44450. Notwithstanding Section 583.420 of the Code of Civil Procedure, the court may dismiss an action to enforce payment of the claim stated in a stop payment notice that is not brought to trial within two years after commencement of the action.

Comment. Section 44450 restates former Civil Code Section 3212. The cross-reference to the Code of Civil Procedure is added to make clear that this section modifies the general three-year period for discretionary dismissal. Cf. Section 42040 (rules of practice).

See also Section 41140 (“stop payment notice”).

§ 44460. Dismissal of action or judgment against claimant

44460. A stop payment notice ceases to be effective, and the public entity shall release funds withheld, in either of the following circumstances:

(a) An action to enforce payment of the claim stated in the stop payment notice is dismissed, unless expressly stated to be without prejudice.

(b) Judgment in an action to enforce payment of the claim stated in the stop payment notice is against the claimant.

Comment. Section 44460 restates former Civil Code Section 3213.

See also Sections 41020 (“claimant”), 41050 (“funds”), 41110 (“public entity”), 41140 (“stop payment notice”).

CHAPTER 5. PAYMENT BOND

§ 45010. Payment bond requirement

45010. (a) A direct contractor that is awarded a public works contract involving an expenditure in excess of twenty-five thousand dollars ($25,000) shall, before commencement of work, give a payment bond to and approved by the public entity.

(b) A public entity shall state in its call for bids that a payment bond is required for a public works contract involving an expenditure in excess of twenty-five thousand dollars ($25,000).

(c) A payment bond given and approved under this section will permit performance of and provide coverage for work pursuant to a public works contract that supplements the contract for which the bond is given, if the requirement of a new bond is waived by the public entity.

(d) For the purpose of this section, a design professional is not deemed a direct contractor and is not required to give a payment bond.

(e) This section does not apply to a public works contract with a “state entity” as defined in subdivision (d) of Section 7103.

Comment. Section 45010 restates former Civil Code Section 3247. The transitional provisions of the former section are omitted due to lapse of time.

Subdivision (c) is an exception to the rule stated in Electrical Electronic Control, Inc. v. Los Angeles Unified, 126 Cal. App. 4th 601, 24 Cal. Rptr. 3d 316 (2005), holding that a payment bond under former Civil Code Section 3247, unless otherwise stated or agreed upon, provides coverage only for work performed pursuant to the contract for which the bond was given.
See also Sections 41030 ("design professional"), 41040 ("direct contractor"), 41080 ("payment bond"), 41110 ("public entity"), 41120 ("public works contract").

§ 45020. Consequences of failure to give bond

45020. If a payment bond is not given and approved as required by Section 45010:
   (a) The public entity awarding the public works contract shall not audit, allow, or pay a claim of the direct contractor pursuant to the contract.
   (b) A claimant shall receive payment of a claim pursuant to a stop payment notice in the manner provided by Chapter 4 (commencing with Section 44110).

Comment. Section 45020 restates former Civil Code Section 3251. The former operative date provision is deleted due to lapse of time.

See also Sections 41020 ("claimant"), 41040 ("direct contractor"), 41080 ("payment bond"), 41110 ("public entity"), 41140 ("stop payment notice").

§ 45030. Bond requirements

45030. (a) A payment bond shall be in an amount not less than one hundred percent of the total amount payable pursuant to the public works contract. The bond shall be in the form of a bond and not a deposit in lieu of bond.
   (b) The payment bond shall provide that if the direct contractor or a subcontractor fails to pay any of the following, the surety will pay the obligation and, if an action is brought to enforce the liability on the bond, a reasonable attorney’s fee, to be fixed by the court:
      (1) A person authorized under Section 42030 to assert a claim against a payment bond.
      (2) Amounts due under the Unemployment Insurance Code with respect to work or labor performed pursuant to the public works contract.
      (3) Amounts required to be deducted, withheld, and paid over to the Employment Development Department from the wages of employees of the contractor and subcontractors under Section 13020 of the Unemployment Insurance Code with respect to the work and labor.
   (c) The payment bond shall by its terms inure to the benefit of any person authorized under Section 42030 to assert a claim against a payment bond so as to give a right of action to that person or that person’s assigns in an action to enforce the liability on the bond.
   (d) The direct contractor may require that a subcontractor give a bond to indemnify the direct contractor for any loss sustained by the direct contractor because of any default of the subcontractor.

Comment. Section 45030 restates former Civil Code Section 3248 and supersedes former Civil Code Section 3096.

See also Sections 41040 ("direct contractor"), 41080 ("payment bond"), 41090 ("person").
§ 45040. Construction of bond

45040. (a) A payment bond shall be construed most strongly against the surety and in favor of the beneficiary.

(b) A surety is not released from liability to the beneficiary by reason of a breach of the public works contract between the public entity and the direct contractor or on the part of the beneficiary.

(c) Except as otherwise provided by statute, the sole conditions of recovery on the bond are that the beneficiary is a person authorized under Section 42030 to assert a claim against a payment bond and has not been paid the full amount of the claim.

§ 45050. Statute of limitations

45050. A claimant may commence an action to enforce the liability on a payment bond at any time after the claimant ceases to provide work, but not later than six months after the period in which a stop payment notice may be given under Section 44140.

Comment. Section 45050 restates former Civil Code Section 3249, and broadens it to cover enforcement of any liability on the bond, not limited to the liability of the surety. Code Civ. Proc. § 996.440 (judgment on bond against principal and sureties). See also Sections 41020 (“claimant”), 41080 (“payment bond”), 41140 (“stop payment notice”), 41160 (“work”).

§ 45060. Notice required

45060. (a) In order to enforce a claim against a payment bond, a claimant shall give the preliminary notice provided in Chapter 3 (commencing with Section 43010).

(b) If preliminary notice was not given as provided in Chapter 3 (commencing with Section 43010), a claimant may enforce a claim by giving written notice to the surety and the bond principal within 15 days after recordation of a notice of completion. If no notice of completion has been recorded, the time for giving written notice to the surety and the bond principal is extended to 75 days after completion of the work of improvement.

Comment. Section 45060 restates former Civil Code Section 3252(a). The former limitation to a contract entered into on or after January 1, 1995, is omitted due to lapse of time. See also Sections 41020 (“claimant”), 41080 (“payment bond”), 41100 (“preliminary notice”), 42210 (completion (including acceptance and cessation)), 42230 (notice of completion).

§ 45070. Notice to principal and surety

45070. Notice to the principal and surety under Section 45060 shall comply with the requirements of Article 2 (commencing with Section 42110) of Chapter 2.

Comment. Section 45070 restates former Civil Code Section 3227.

§ 45080. Action on bond
45080. (a) A claimant may maintain an action to enforce the liability of a surety on a payment bond whether or not the claimant has given the public entity a stop payment notice.
(b) A claimant may maintain an action to enforce the liability on the bond separately from and without commencement of an action against the public entity.
(c) In an action to enforce the liability on the bond, the court shall award the prevailing party a reasonable attorney’s fee.

Comment. Section 45080 restates former Civil Code Section 3250. The provision that a reasonable attorney’s fee is “to be taxed as costs” is deleted as surplus. See Code Civ. Proc. § 1033.5(a)(10)(B) (attorney’s fee allowable as costs). See also Section 42040 (rules of practice).
See also Sections 41020 (“claimant”), 41080 (“payment bond”), 41110 (“public entity”), 41140 (“stop payment notice”).

§ 45090. Limitation on chapter
45090. (a) A claimant does not have a right to recover on a payment bond unless the claimant provided work to the direct contractor either directly or through one or more subcontractors pursuant to a public works contract.
(b) Nothing in this section affects the stop payment notice rights of, and relative priorities among, design professionals.

Comment. Section 45090 restates former Civil Code Section 3267, but clarifies that claimants providing work to subcontractors at every level have a right to recover against a direct contractor’s payment bond as provided in this section. See Union Asphalt, Inc. v. Planet Ins. Co., 21 Cal. App. 4th 1762, 27 Cal. Rptr. 2d 371 (1994).
This section omits the reference in former law to holders of secured interests in the land; although the relevance of that provision to a public works contract is limited, this section is not intended to affect priorities among those interests to the extent they may exist.
See also Sections 41020 (“claimant”), 41030 (“design professional”), 41040 (“direct contractor”), 41080 (“payment bond”), 41120 (“public works contract”), 41140 (“stop payment notice”), 41160 (“work”).

Operative Date and Transitional Provision
SEC. ____. (a) This act is operative January 1, 2009.
(b) Except as otherwise provided in this section, this act applies to a contract for a work of improvement executed before, on, or after the operative date.
(c) The effectiveness of a notice given, or other action taken, before the operative date is governed by the applicable law in effect before the operative date and not by this act.

Damage to an express trust fund under this subdivision is limited to actual employer payments required to be made on behalf of employees of the licensee, as part of the overall compensation of those employees, which the licensee fails to pay.
Comment. Section 7071.5 is amended to delete an obsolete reference to former Civil Code Section 3111. The substance of former Civil Code Section 3111 is continued in Civil Code Section 8020 and Public Contract Code Section 41070.

(b) The qualifying individual’s bond shall not be required in addition to the contractor’s bond when the qualifying individual is himself or herself the proprietor under subdivision (a) or a general partner under subdivision (b) of Section 7068.

Bus. & Prof. Code § 7159 (amended). Home improvement contract
SEC. ____. Section 7159 of the Business and Professions Code is amended to read:

7159. (a)(1) This section identifies the projects for which a home improvement contract is required, outlines the contract requirements, and lists the items that shall be included in the contract, or may be provided as an attachment.
(2) This section does not apply to service and repair contracts that are subject to Section 7159.10, provided the contract for the applicable services complies with Sections 7159.10 to 7159.14, inclusive.

(3) This section does not apply to the sale, installation, and servicing of a fire alarm sold in conjunction with an alarm system, as defined in subdivision (n) of Section 7590.1, provided all costs attributable to making the fire alarm system operable, including sale and installation costs, do not exceed five hundred dollars ($500), and the licensee complies with the requirements set forth in Section 7159.9.

(4) This section does not apply to any costs associated with monitoring a burglar or fire alarm system.

(5) Failure by the licensee, his or her agent or salesperson, or by a person subject to be licensed under this chapter, to provide the specified information, notices, and disclosures in the contract, or to otherwise fail to comply with any provision of this section, is cause for discipline.

(b) For purposes of this section, “home improvement contract” means an agreement, whether oral or written, or contained in one or more documents, between a contractor and an owner or between a contractor and a tenant, regardless of the number of residence or dwelling units contained in the building in which the tenant resides, if the work is to be performed in, to, or upon the residence or dwelling unit of the tenant, for the performance of a home improvement, as defined in Section 7151, and includes all labor, services, and materials to be furnished and performed thereunder, if the aggregate contract price specified in one or more improvement contracts, including all labor, services, and materials to be furnished by the contractor, exceeds five hundred dollars ($500). “Home improvement contract” also means an agreement, whether oral or written, or contained in one or more documents, between a salesperson, whether or not he or she is a home improvement salesperson, and an owner or a tenant, regardless of the number of residence or dwelling units contained in the building in which the tenant resides, which provides for the sale, installation, or furnishing of home improvement goods or services.

(c) In addition to the specific requirements listed under this section, every home improvement contract and any person subject to licensure under this chapter or his or her agent or salesperson shall comply with all of the following:

(1) The writing shall be legible.

(2) Any printed form shall be readable. Unless a larger typeface is specified in this article, text in any printed form shall be in at least 10-point typeface and the headings shall be in at least 10-point boldface type.

(3)(A) Before any work is started, the contractor shall give the buyer a copy of the contract signed and dated by both the contractor and the buyer. The buyer’s receipt of the copy of the contract initiates the buyer’s rights to cancel the contract pursuant to Sections 1689.5 to 1689.14, inclusive, of the Civil Code.
(B) The contract shall contain on the first page, in a typeface no smaller than that generally used in the body of the document, both of the following:

(i) The date the buyer signed the contract.

(ii) The name and address of the contractor to which the applicable “Notice of Cancellation” is to be mailed, immediately preceded by a statement advising the buyer that the “Notice of Cancellation” may be sent to the contractor at the address noted on the contract.

(4) A statement that, upon satisfactory payment being made for any portion of the work performed, the contractor shall, prior to any further payment being made, furnish to the person contracting for the home improvement or swimming pool work a full and unconditional release from any claim or mechanic’s lien pursuant to Section 3444 8410 of the Civil Code for that portion of the work for which payment has been made.

(5) A change-order form for changes or extra work shall be incorporated into the contract and shall become part of the contract only if it is in writing and signed by the parties prior to the commencement of any work covered by a change order.

(6) The contract shall contain, in close proximity to the signatures of the owner and contractor, a notice stating that the owner or tenant has the right to require the contractor to have a performance and payment bond.

(7) If the contract provides for a contractor to furnish joint control, the contractor shall not have any financial or other interest in the joint control.

(8) The provisions of this section are not exclusive and do not relieve the contractor from compliance with any other applicable provision of law.

(d) A home improvement contract and any changes to the contract shall be in writing and signed by the parties to the contract prior to the commencement of any work covered by the contract or applicable change order and, except as provided in paragraph (8) of subdivision (a) of Section 7159.5, shall include or comply with all of the following:

(1) The name, business address, and license number of the contractor.

(2) If applicable, the name and registration number of the home improvement salesperson that solicited or negotiated the contract.

(3) The following heading on the contract form that identifies the type of contract in at least 10-point boldface type: “Home Improvement.”

(4) The following statement in at least 12-point boldface type: “You are entitled to a completely filled in copy of this agreement, signed by both you and the contractor, before any work may be started.”

(6) If a finance charge will be charged, the heading: “Finance Charge,” followed by the amount in dollars and cents. The finance charge is to be set out separately from the contract amount.

(7) The heading: “Description of the Project and Description of the Significant Materials to be Used and Equipment to be Installed,” followed by a description of
the project and a description of the significant materials to be used and equipment
to be installed. For swimming pools, the project description required under this
paragraph also shall include a plan and scale drawing showing the shape, size,
dimensions, and the construction and equipment specifications.

(8) If a downpayment will be charged, the details of the downpayment shall be
expressed in substantially the following form, and shall include the text of the
notice as specified in subparagraph (C):

(A) The heading: “Down Payment.”

(B) A space where the actual downpayment appears.

(C) The following statement in at least 12-point boldface type:

“THE DOWN PAYMENT MAY NOT EXCEED $1,000 OR 10 PERCENT OF
THE CONTRACT PRICE, WHICHEVER IS LESS.”

(9) If any payments, other than the downpayment, are to be made before the
project is completed, the details of these payments, known as progress payments,
shall be expressed in substantially the following form, and shall include the text of

(4) A notice with the heading “Mechanics’ Lien Warning” written as follows:

“MECHANICS LIEN WARNING:

Anyone who helps improve your property, but who is not paid, may record what is called a mechanics’ lien on your property. A mechanics’ lien is a claim, like a mortgage or home equity loan, made against your property and recorded with the county recorder.

Even if you pay your contractor in full, unpaid subcontractors, suppliers, and laborers who helped to improve your property may record mechanics’ liens and sue you in court to foreclose the lien. If a court finds the lien is valid, you could be forced to pay twice or have a court officer sell your home to pay the lien. Liens can also affect your credit.

To preserve their right to record a lien, each subcontractor and material supplier must provide you with a document called a ‘20-day Preliminary Notice.’ This notice is not a lien. The purpose of the notice is to let you know that the person who sends you the notice has the right to record a lien on your property if he or she is not paid.

BE CAREFUL. The Preliminary Notice can be sent up to 20 days after the subcontractor starts work or the supplier provides material. This can be a big problem if you pay your contractor before you have received the Preliminary Notices.

You will not get Preliminary Notices from your prime contractor or from laborers who work on your project. The law assumes that you already know they are improving your property.

PROTECT YOURSELF FROM LIENS. You can protect yourself from liens by getting a list from your contractor of all the subcontractors and material suppliers that work on your project. Find out from your contractor when these subcontractors started work and when these suppliers delivered goods or materials. Then wait 20 days, paying attention to the Preliminary Notices you receive.

PAY WITH JOINT CHECKS. One way to protect yourself is to pay with a joint check. When your contractor tells you it is time to pay for the work of a subcontractor or supplier who has provided you with a Preliminary Notice, write a joint check payable to both the contractor and the subcontractor or material supplier.

For other ways to prevent liens, visit CSLB’s Web site at www.cslb.ca.gov or call CSLB at 800-321-CSLB (2752).
REMEMBER, IF YOU DO NOTHING, YOU RISK HAVING A LIEN PLACED ON YOUR HOME. This can mean that you may have to pay twice, or face the forced sale of your home to pay what you owe.”

(5) The following notice shall be provided in at least 12-point typeface:
“Information about the Contractors’ State License Board (CSLB): CSLB is the state consumer protection agency that licenses and regulates construction contractors.

Contact CSLB for information about the licensed contractor you are considering, including information about disclosable complaints, disciplinary actions and civil judgments that are reported to CSLB.

Use only licensed contractors. If you file a complaint against a licensed contractor within the legal deadline (usually four years), CSLB has authority to investigate the complaint. If you use an unlicensed contractor, CSLB may not be able to help you resolve your complaint. Your only remedy may be in civil court, and you may be liable for damages arising out of any injuries to the unlicensed contractor or the unlicensed contractor’s employees.

2. If there is a separate finance charge between the contractor and the person contracting for home improvement, the finance charge shall be set out separately from the contract amount.

3. If a downpayment will be charged, the downpayment may not exceed one thousand dollars ($1,000) or 10 percent of the contract amount, whichever is less.

4. If, in addition to a downpayment, the contract provides for payments to be made prior to completion of the work, the contract shall include a schedule of payments in dollars and cents specifically referencing the amount of work or services to be performed and any materials and equipment to be supplied.

5. Except for a downpayment, the contractor may neither request nor accept payment that exceeds the value of the work performed or material delivered.

The person contracting for home improvement may withhold all further payments until these releases are furnished.

7. If the contract provides for a payment of a salesperson’s commission out of the contract price, that payment shall be made on a pro rata basis in proportion to the schedule of payments made to the contractor by the disbursing party in accordance with paragraph (4).

8. A contractor furnishing a performance and payment bond, lien and completion bond, or a bond equivalent or joint control approved by the registrar covering full performance and payment is exempt from paragraphs (3), (4), and (5), and need not include, as part of the contract, the statement regarding the downpayment specified in subparagraph (C) of paragraph (8) of subdivision (d) of Section 7159, the details and statement regarding progress payments specified in paragraph (9) of subdivision (d) of Section 7159, or the Mechanics’ Lien Warning specified in paragraph (4) of subdivision (e) of Section 7159. A contractor furnishing these bonds, bond equivalents, or a joint control approved by the registrar may accept payment prior to completion. If the contract provides for a contractor to furnish joint control, the contractor shall not have any financial or other interest in the joint control.

dollars ($100) nor more than five thousand dollars ($5,000), or by imprisonment in
a county jail not exceeding one year, or by both that fine and imprisonment.

of repairs to the structure for damage caused by a natural disaster, shall be ordered
by the court to make full restitution to the victim based on the person’s ability to
pay, as defined in subdivision (e) of Section 1203.1b of the Penal Code. In
addition to full restitution, and imprisonment authorized by this section, the court
may impose a fine of not less than five hundred dollars ($500) nor more than

(c) The assignee may not recover under this section a transfer:

deferred in Section 493.010), may avoid a transfer of property of the assignor
transferred to secure reimbursement of a surety that furnished a bond or other

assignee under subdivision (b) of this section. The liability of the surety under the
bond or obligation shall be discharged to the extent of the value of the property
recovered by the assignee or the amount paid to the assignee.
(e) (1) For the purposes of this section:
(A) A transfer of real property other than fixtures, but including the interest of a

(i) The release shall not apply to any required guarantee and warranty period required by Section 66499.9 for the guarantee or warranty nor to the amount of the security deemed necessary by the local agency for the guarantee and warranty period nor to costs and reasonable expenses and fees, including reasonable attorneys’ fees.

(j) The legislative body may authorize any of its public officers or employees to authorize release or reduction of the security in accordance with the conditions hereinabove set forth and in accordance with any rules that it may prescribe.
