Memorandum 2008-42

Nonsubstantive Reorganization of Deadly Weapon Statutes:
Issues Relating to Drafts Previously Considered

At the direction of the Legislature (2006 Cal. Stat. res. ch. 128), the Commission is conducting a nonsubstantive study of the statutes relating to deadly weapons. The goal of the study is to reorganize those statutes in a user-friendly manner, without changing their substantive effect. The Commission is in the process of preparing a tentative recommendation, which will be broadly circulated for comment.

In the tentative recommendation, the material now in Title 2 of Part 4 of the Penal Code (Penal Code §§ 12000-12809) will be reorganized in a new Part 6 of the Penal Code. As currently planned, new Part 6 will consist of four titles:

- Title 1. Preliminary Provisions
- Title 2. Weapons Generally
- Title 3. Weapons Other Than Firearms
- Title 4. Firearms and Similar Weapons

The Commission has previously considered complete drafts of Titles 1-3 and a partial draft (Divisions 1-3) of Title 4. This memorandum discusses issues recently raised relating to those drafts.

The staff does not intend to present each of these issues for discussion at the upcoming meeting. Rather, a Commissioner or other person who has concerns about any issue discussed in this memorandum should plan to raise them for discussion at the meeting, or submit them in writing, preferably before the meeting (but afterwards is also acceptable). Unless the Commission otherwise directs, the staff will proceed as recommended in this memorandum.

Attached for the Commission’s consideration is a redraft of Titles 2-3 and Divisions 1-3 of Title 4, which incorporates (1) revisions recommended in this memorandum and (2) corrections of some typographical errors and other minor
mistakes. The revisions recommended in this memorandum are minor but affect sufficiently many provisions in Titles 2-3 and Divisions 1-3 of Title 4 to warrant presentation of a whole new draft of that material.

Commissioners and other interested persons should review the attached draft and determine whether any changes are needed before it is incorporated into a tentative recommendation.

BB DEVICES AND ImitATION FIREFARMS

At the June meeting, Lindsay Nichols of the Legal Community Against Violence (“LCAV”) questioned whether the provisions relating to BB devices and imitation firearms belong in a division entitled “Disguised or Misleading Appearance” in “Title 4. Firearms and Similar Weapons.” Jason Davis, representing the National Rifle Association (“NRA”), agreed that this placement was problematic. The Commission directed the staff to look into this point and make a recommendation on how to handle it.

The staff has since reexamined the outline of new Part 6 with this point in mind. We recommend the following changes to address it:

- “Title 4. Firearms and Similar Weapons” should be relabeled as “Title 4. Firearms.”
- The provisions relating to BB devices and imitation firearms should be moved to “Title 3. Weapons Other Than Firearms.”

We have revised the outline to implement these recommended changes. See Memorandum 2008-38.

We have also implemented the recommended changes in the attached redraft of Titles 2-3 and Divisions 1-3 of Title 4. See in particular proposed Penal Code Sections 19910-19915 (BB devices) and 20150-20180 (imitation firearms) in the attached redraft.

Commissioners and other interested persons should assess whether the recommended approach is satisfactory.

UNDETECTABLE KNIVES

Penal Code Section 12001.1 was just amended by Senate Bill 1033 (G. Runner), 2008 Cal. Stat. ch. 111, § 1. The bill was an urgency measure, so it went into effect immediately upon enactment.
Because the legislation has already taken effect, the staff has revised the corresponding provisions of new Part 6 of the Penal Code to incorporate the new legislation. See proposed Sections 20810 and 20815 in the attached redraft.

Other deadly weapons legislation enacted in 2008 will be incorporated into new Part 6 after the legislative session ends and the Governor has acted (or failed to timely act) on the bills sent to him for approval.

**RECENT DECISION BY THE UNITED STATES SUPREME COURT**

The United States Supreme Court recently decided *District of Columbia v. Heller, __ U.S. __, 128 S.Ct. 2783 (2008)*, which involved a constitutional challenge to the District of Columbia’s stringent handgun restrictions. In its 5-4 decision, the Court ruled that “the Second Amendment conferred an individual right to keep and bear arms.” *Id.* at 2799. The Court further ruled, however, that “[l]ike most rights, the right secured by the Second Amendment is not unlimited.” *Id.* at 2816.

The Court gave some guidance on the contours of the right to bear arms. *Id.* at 2816-22. In particular, the Court held that the District of Columbia’s “ban on handgun possession in the home violates the Second Amendment, as does its prohibition against rendering any lawful firearm in the home operable for the purpose of immediate self-defense.” *Id.* at 2821-22.

It will, however, take years before the courts definitively resolve the constitutionality of any of California’s firearm laws. In the meantime, the Commission “should not attempt to guess whether the courts will uphold any particular provision of California law.” Memorandum 2008-17, p. 4.

Rather, the Commission should **stick with the approach it previously adopted to judicial decisions interpreting or determining the constitutionality of deadly weapons provisions:**

If a provision has been invalidated by the court of last resort, then it should not be continued in the Commission’s proposed nonsubstantive reorganization of the deadly weapons statutes. Short of that, the provision should be included in the proposed legislation but (1) the Commission’s report should make clear that the Commission has not passed judgment on its constitutionality or the correctness of any judicial decision interpreting it, and (2) the proposed legislation should include an uncodified provision to similar effect.

Minutes (April 2008), pp. 5-6; see also Minutes (April 2007), p. 11.
Through an attorney who specializes in the Penal Code, the Office of Legislative Counsel has alerted us to a number of issues. The staff much appreciates receiving this input during the Commission’s study, instead of in the legislative process. The issues raised by the Office of Legislative Counsel are discussed below.

**Definition of “Assault Weapon”**

As currently drafted, the definition of “assault weapon” would consist of three separate code sections, located together in the “Definitions” portion of new Part 6. Proposed Penal Code Section 16200 would provide:

§ 16200. “Assault weapon”

16200. As used in [Sections 12011(a), 12072], 16110, 16780, and 17000 and in [Chapter 2.3 (commencing with Section 12275) of Title 2 of Part 4], “assault weapon” means the following designated semiautomatic firearms:

(a) All of the following specified rifles:
(1) All AK series including, but not limited to, the models identified as follows:
   (A) Made in China AK, AKM, AKS, AK47, AK47S, 56, 56S, 84S, and 86S.
   (B) Norinco 56, 56S, 84S, and 86S.
   (C) Poly Technologies AKS and AK47.
   (D) MAADI AK47 and ARM.
   (2) UZI and Galil.
   (3) Beretta AR-70.
   (4) CETME Sporter.
   (6) Daewoo K-1, K-2, Max 1, Max 2, AR 100, and AR 110C.
   (7) Fabrique Nationale FAL, LAR, FNC, 308 Match, and Sporter.
   (8) MAS 223.
   (9) HK-91, HK-93, HK-94, and HK-PSG-1.
   (10) The following MAC types:
    (A) RPB Industries Inc. sM10 and sM11.
    (B) SWD Incorporated M11.
    (11) SKS with detachable magazine.
    (12) SIG AMT, PE-57, SG 550, and SG 551.
    (14) Sterling MK-6.
    (15) Steyer AUG.
    (16) Valmet M62S, M71S, and M78S.
    (17) ArmaLite AR-180.
    (18) Bushmaster Assault Rifle.
(19) Calico M-900.
(20) J&R ENG M-68.
(21) Weaver Arms Nighthawk.
(b) All of the following specified pistols:
(1) UZI.
(2) Encom MP-9 and MP-45.
(3) The following MAC types:
(A) RPB Industries Inc. sM10 and sM11.
(B) SWD Incorporated M-11.
(C) Advance Armament Inc. M-11.
(D) Military Armament Corp. Ingram M-11.
(4) Intratec TEC-9.
(5) Sites Spectre.
(6) Sterling MK-7.
(7) Calico M-950.
(8) Bushmaster Pistol.
(c) All of the following specified shotguns:
(1) Franchi SPAS 12 and LAW 12.
(2) Striker 12.
(3) The Streetsweeper type S/S Inc. SS/12.
(d) Any firearm declared by the court pursuant to [Section 12276.5] to be an assault weapon that is specified as an assault weapon in a list promulgated pursuant to [Section 12276.5].
(e) This section is declaratory of existing law and a clarification of the law and the Legislature’s intent which bans the weapons enumerated in this section, the weapons included in the list promulgated by the Attorney General pursuant to [Section 12276.5], and any other models that are only variations of those weapons with minor differences, regardless of the manufacturer. The Legislature has defined assault weapons as the types, series, and models listed in this section because it was the most effective way to identify and restrict a specific class of semiautomatic weapons.
(f) As used in this section, “series” includes all other models that are only variations, with minor differences, of those models listed in subdivision (a), regardless of the manufacturer.

Comment. Subdivisions (a)-(d) and the introductory clause of Section 16200 continue former Section 12276(a)-(d) and its introductory clause without substantive change.

Subdivision (e) continues former Section 12276(f) without substantive change.

Subdivision (f) continues former Section 12276(e) without substantive change.

See Sections 16201 (further clarification of “assault weapon”), 16202 (exemptions from definition of “assault weapon”).

Proposed Penal Code Section 16201 would provide:
§ 16201. Further clarification of “assault weapon”

16201. (a) Notwithstanding Section 16200, “assault weapon” also means any of the following:

(1) A semiautomatic, centerfire rifle that has the capacity to accept a detachable magazine and any one of the following:
   (A) A pistol grip that protrudes conspicuously beneath the action of the weapon.
   (B) A thumbhole stock.
   (C) A folding or telescoping stock.
   (D) A grenade launcher or flare launcher.
   (E) A flash suppressor.
   (F) A forward pistol grip.
(2) A semiautomatic, centerfire rifle that has a fixed magazine with the capacity to accept more than 10 rounds.
(3) A semiautomatic, centerfire rifle that has an overall length of less than 30 inches.
(4) A semiautomatic pistol that has the capacity to accept a detachable magazine and any one of the following:
   (A) A threaded barrel, capable of accepting a flash suppressor, forward handgrip, or silencer.
   (B) A second handgrip.
   (C) A shroud that is attached to, or partially or completely encircles, the barrel that allows the bearer to fire the weapon without burning the bearer’s hand, except a slide that encloses the barrel.
   (D) The capacity to accept a detachable magazine at some location outside of the pistol grip.
(5) A semiautomatic pistol with a fixed magazine that has the capacity to accept more than 10 rounds.
(6) A semiautomatic shotgun that has both of the following:
   (A) A folding or telescoping stock.
   (B) A pistol grip that protrudes conspicuously beneath the action of the weapon, thumbhole stock, or vertical handgrip.
(7) A semiautomatic shotgun that has the ability to accept a detachable magazine.
(8) Any shotgun with a revolving cylinder.

Comment. Section 16201 continues former Section 12276.1(a) without substantive change.

See Sections 16200 (“assault weapon”), 16202 (exemptions from definition of “assault weapon”), 16890 (“magazine”).

And proposed Penal Code Section 16202 would provide:

§ 16202. Exemptions from definition of “assault weapon”

16202. (a) The Legislature finds a significant public purpose in exempting from the definition of “assault weapon” pistols that are designed expressly for use in Olympic target shooting events. Therefore, those pistols that are sanctioned by the International
Olympic Committee and by USA Shooting, the national governing body for international shooting competition in the United States, and that were used for Olympic target shooting purposes as of January 1, 2001, and that would otherwise fall within the definition of “assault weapon” pursuant to Sections 16200 and 16201 are exempt, as provided in subdivision (b).

(b) “Assault weapon” does not include either of the following:

(1) Any antique firearm.

(2) Any of the following pistols, because they are consistent with the significant public purpose expressed in subdivision (a):

(3) The Department of Justice shall create a program that is consistent with the purposes stated in subdivision (a) to exempt new models of competitive pistols that would otherwise fall within the definition of “assault weapon” pursuant to Sections 16200 and 16201 from being classified as an assault weapon. The exempt competitive pistols may be based on recommendations by USA Shooting consistent with the regulations contained in the USA Shooting Official Rules or may be based on the recommendation or rules of any other organization that the department deems relevant.

**Comment.** Subdivision (a) of Section 16202 continues former Section 12276.1(b) without substantive change.

Subdivision (b) continues former Section 12276.1(c) without substantive change.
See Sections 16200 ("assault weapon"), 16201 (further clarification of "assault weapon").

Because these provisions are extensive and contain both definitional and substantive content, the Office of Legislative Counsel suggests that they be relocated with the substantive provisions relating to assault weapons. To alert readers to the location of these provisions, the Office of Legislative Counsel suggests including a guidepost in the “Definitions” portion of new Part 6, along the following lines:

§ 16200. “Assault weapon”
16200. Use of the term “assault weapon” is governed by Sections ____, ____, and _____.

Comment. Section 16200 is new. It is intended to help persons locate the provisions defining “assault weapon.”

LCAV previously voiced similar concerns about the location of the provisions defining “assault weapon.” At the time, the Commission was not persuaded to move the provisions out of the “Definitions” portion of new Part 6. See Minutes (Aug. 2007), p. 8.

Because the same concern has now been expressed by two different sources, and because the Office of Legislative Counsel has suggested using a guidepost to help readers find the definition of “assault weapon,” the staff recommends that the provisions defining “assault weapon” be moved as suggested, and replaced with a guidepost provision as shown above.

We have revised the outline of new Part 6 accordingly. See Memorandum 2008-38. The chapter on assault weapons has not yet been drafted, so we have not yet incorporated the provisions defining “assault weapon” into that chapter.

Is the recommended approach acceptable to the Commission?

Definition of “Capacity to Accept More Than 10 Rounds”

For purposes of one of the provisions defining “assault weapon,” proposed Penal Code Section 16350 would define “capacity to accept more than 10 rounds.” The Office of Legislative Counsel expressed concern that this definition might be overlooked.

That concern is understandable, because the staff accidentally neglected to refer to the definition of “capacity to accept more than 10 rounds” in the Comment to the provision that uses that term (proposed Penal Code § 16201, shown above). The Comment should be revised to correct that oversight:
Comment. Section 16201 continues former Section 12276.1(a) without substantive change.

See Sections 16200 (“assault weapon”), 16202 (exemptions from definition of “assault weapon”), 16350 (“capacity to accept more than 10 rounds”), 16890 (“magazine”).

Definition of “Drop Safety Requirement for Handguns”

Proposed Penal Code Section 16500 would define “drop safety requirement for handguns” as follows:

§ 16500. “Drop safety requirement for handguns”

16500. As used in this part, the “drop safety requirement for handguns” means that at the conclusion of the firing requirements for handguns described in [Section 12127], the same certified independent testing laboratory shall subject the same three handguns of the make and model for which certification is sought, to the following test:

(a) A primed case (no powder or projectile) shall be inserted into the chamber. For a pistol, the slide shall be released, allowing it to move forward under the impetus of the recoil spring, and an empty magazine shall be inserted. For both a pistol and a revolver, the weapon shall be placed in a drop fixture capable of dropping the pistol from a drop height of 1m + 1cm (39.4 + 0.4 in.) onto the largest side of a slab of solid concrete having minimum dimensions of 7.5 x 15 x 15 cm (3 x 6 x 6 in.). The drop distance shall be measured from the lowermost portion of the weapon to the top surface of the slab. The weapon shall be dropped from a fixture and not from the hand. The weapon shall be dropped in the condition that it would be in if it were dropped from a hand (cocked with no manual safety applied). If the design of a pistol is such that upon leaving the hand a “safety” is automatically applied by the pistol, this feature shall not be defeated. An approved drop fixture is a short piece of string with the weapon attached at one end and the other end held in an air vise until the drop is initiated.

(b) The following six drops shall be performed:
(1) Normal firing position with barrel horizontal.
(2) Upside down with barrel horizontal.
(3) On grip with barrel vertical.
(4) On muzzle with barrel vertical.
(5) On either side with barrel horizontal.
(6) If there is an exposed hammer or striker, on the rearmost point of that device, otherwise on the rearmost point of the weapon.

(c) The primer shall be examined for indentations after each drop. If indentations are present, a fresh primed case shall be used for the next drop.
(d) The handgun shall pass this test if each of the three test guns does not fire the primer.

**Comment.** Section 16500 continues former Section 12128 without substantive change.

Because this provision is both definitional and substantive in nature, the Office of Legislative Counsel suggests that it be relocated with the substantive provisions relating to unsafe handguns. To alert readers to the location of this provision, the Office of Legislative Counsel suggests including a guidepost in the “Definitions” portion of new Part 6, along the following lines:

§ 16500. “Drop safety requirement for handguns”

16500. Use of the phrase “drop safety requirement for handguns” is governed by Section _____.

**Comment.** Section 16500 is new. It is intended to help persons locate the definition of “drop safety requirement for handguns.”

LCAV previously voiced similar concerns about the location of the definition of “drop safety requirement for handguns.” At the time, the Commission was not persuaded to move that provision out of the “Definitions” portion of new Part 6. See Minutes (Aug. 2007), p. 8.

Because the same concern has now been expressed by two different sources, and because the Office of Legislative Counsel has suggested using a guidepost to help readers find the definition, the staff recommends that the definition of “drop safety requirement for handguns” be moved as suggested, and replaced with a guidepost provision as shown above.

We have revised the outline of new Part 6 accordingly. See Memorandum 2008-38. The article on unsafe handguns has not yet been drafted, so we have not yet incorporated the definition of “drop safety requirement for handguns” into that article.

**Is the recommended approach acceptable to the Commission?**

**Definitions of “Firing Requirement for Handguns” and “Unsafe Handgun”**

Like the definition of “drop safety requirement for handguns,” the definitions of “firing requirement for handguns” and “unsafe handgun” are both definitional and substantive in nature. Proposed Penal Code Section 16560 would provide:
§ 16560. “Firing requirement for handguns”

16560. (a) As used in this part, “firing requirement for handguns” means a test in which the manufacturer provides three handguns of the make and model for which certification is sought to an independent testing laboratory certified by the Attorney General pursuant to [Section 12130]. These handguns may not be refined or modified in any way from those that would be made available for retail sale if certification is granted. The magazines of a tested pistol shall be identical to those that would be provided with the pistol to a retail customer.

(b) The test shall be conducted as follows:

(1) The laboratory shall fire 600 rounds from each gun, stopping after each series of 50 rounds has been fired for 5 to 10 minutes to allow the weapon to cool, stopping after each series of 100 rounds has been fired to tighten any loose screws and clean the gun in accordance with the manufacturer’s instructions, and stopping as needed to refill the empty magazine or cylinder to capacity before continuing.

(2) The ammunition used shall be of the type recommended by the handgun manufacturer in the user manual, or if none is recommended, any standard ammunition of the correct caliber in new condition that is commercially available.

(c) A handgun shall pass this test if each of the three test guns meets both of the following:

(1) Fires the first 20 rounds without a malfunction that is not due to ammunition that fails to detonate.

(2) Fires the full 600 rounds with no more than six malfunctions that are not due to ammunition that fails to detonate and without any crack or breakage of an operating part of the handgun that increases the risk of injury to the user.

(d) If a pistol or revolver fails the requirements of either paragraph (1) or (2) of subdivision (c) due to ammunition that fails to detonate, the pistol or revolver shall be retested from the beginning of the “firing requirement for handguns” test. A new model of the pistol or revolver that failed due to ammunition that fails to detonate may be submitted for the test to replace the pistol or revolver that failed.

(e) As used in this section, “malfunction” means a failure to properly feed, fire, or eject a round, or failure of a pistol to accept or eject the magazine, or failure of a pistol’s slide to remain open after the magazine has been expended.

Comment. Section 16560 continues former Section 12127 without substantive change.

See Sections 16530 (“firearm capable of being concealed upon the person,” “pistol,” and “revolver”), 16640 (“handgun”).

Similarly, proposed Penal Code Section 17300 would provide:
§ 17300. “Unsafe handgun”

17300. As used in this part, “unsafe handgun” means any pistol, revolver, or other firearm capable of being concealed upon the person, for which any of the following is true:

(a) For a revolver:

(1) It does not have a safety device that, either automatically in the case of a double-action firing mechanism, or by manual operation in the case of a single-action firing mechanism, causes the hammer to retract to a point where the firing pin does not rest upon the primer of the cartridge.

(2) It does not meet the firing requirement for handguns.

(3) It does not meet the drop safety requirement for handguns.

(b) For a pistol:

(1) It does not have a positive manually operated safety device, as determined by standards relating to imported guns promulgated by the federal Bureau of Alcohol, Tobacco, and Firearms.

(2) It does not meet the firing requirement for handguns.

(3) It does not meet the drop safety requirement for handguns.

(4) Commencing January 1, 2006, for a center fire semiautomatic pistol that is not already listed on the roster pursuant to [Section 12131], it does not have either a chamber load indicator, or a magazine disconnect mechanism.

(5) Commencing January 1, 2007, for all center fire semiautomatic pistols that are not already listed on the roster pursuant to [Section 12131], it does not have both a chamber load indicator and if it has a detachable magazine, a magazine disconnect mechanism.

(6) Commencing January 1, 2006, for all rimfire semiautomatic pistols that are not already listed on the roster pursuant to [Section 12131], it does not have a magazine disconnect mechanism, if it has a detachable magazine.

(7)(A) Commencing January 1, 2010, for all semiautomatic pistols that are not already listed on the roster pursuant to [Section 12131], it is not designed and equipped with a microscopic array of characters that identify the make, model, and serial number of the pistol, etched or otherwise imprinted in two or more places on the interior surface or internal working parts of the pistol, and that are transferred by imprinting on each cartridge case when the firearm is fired, provided that the Department of Justice certifies that the technology used to create the imprint is available to more than one manufacturer unencumbered by any patent restrictions.

(B) As specified in Section _____, the Attorney General may also approve a method of equal or greater reliability and effectiveness in identifying the specific serial number of a firearm from spent cartridge casings discharged by that firearm.

(C) The microscopic array of characters required by this section shall not be considered the name of the maker, model, manufacturer’s number, or other mark of identification, including
any distinguishing number or mark assigned by the Department of Justice, within the meaning of [Sections 12090 and 12094].

Comment. Section 17300 continues the introductory clause and subdivisions (a) and (b)(1)-(6) of former Section 12126 without substantive change. Section 17300 also continues the first sentence, part of the second sentence, and the last sentence of former Section 12126(b)(7) without substantive change. The remainder of former Section 12126(b)(7) is continued in Section ____ without substantive change.

See Sections 16380 (“chamber load indicator”), 16500 (“drop safety requirement for handguns”), 16520 (“firearm”), 16530 (“firearm capable of being concealed upon the person,” “pistol,” and “revolver”), 16560 (“firing requirement for handguns”), 16640 (“handgun”), 17010 (“pistol”), 17080 (“revolver”), 17140 (“semiautomatic pistol”).

The Office of Legislative Counsel did not specifically raise concerns about the placement of these provisions. But they are sufficiently similar to the definition of “drop safety requirement for handguns” that it would be anomalous to treat the provisions differently.

The staff therefore recommends that the definition of “firing requirement for handguns” be relocated with the substantive provisions relating to unsafe handguns, and replaced with the following guidepost provision:

§ 16560. “Firing requirement for handguns”
16560. Use of the phrase “firing requirement for handguns” is governed by Section ____.

Comment. Section 16560 is new. It is intended to help persons locate the definition of “firing requirement for handguns.”

Similarly, the staff recommends that the definition of “unsafe handgun” be relocated with the substantive provisions relating to unsafe handguns, and replaced with the following guidepost provision:

§ 17300. “Unsafe handgun”
16560. Use of the phrase “unsafe handgun” is governed by Section ____.

Comment. Section 16560 is new. It is intended to help persons locate the definition of “firing requirement for handguns.”

We have revised the outline of new Part 6 accordingly. See Memorandum 2008-38. The article on unsafe handguns has not yet been drafted, so we have not yet incorporated the definitions of “firing requirement for handguns” and “unsafe handgun” into that article.
Is the recommended approach acceptable to the Commission?

**Definition of “Dirk” or “Dagger”**

Penal Code Section 12020(c)(24) defines “dirk” or “dagger,” as follows:

(24) As used in this section, a “dirk” or “dagger” means a knife or other instrument with or without a handguard that is capable of ready use as a stabbing weapon that may inflict great bodily injury or death. A nonlocking folding knife, a folding knife that is not prohibited by Section 653k, or a pocketknife is capable of ready use as a stabbing weapon that may inflict great bodily injury or death only if the blade of the knife is exposed and locked into position.

(Emphasis added.)

That provision would be continued in proposed Penal Code Section 16420, which is drafted as follows:

16470. As used in this part, “dirk” or “dagger” means a knife or other instrument with or without a handguard that is capable of ready use as a stabbing weapon that may inflict great bodily injury or death. A nonlocking folding knife, a folding knife that is not prohibited by Sections 17235 and 21510, or a pocketknife is capable of ready use as a stabbing weapon that may inflict great bodily injury or death only if the blade of the knife is exposed and locked into position.

Comment. Section 16420 continues former Section 12020(c)(24) without substantive change.

(Emphasis added.)

As indicated in italics, the new provision would replace the existing reference to “Section 653k” with a reference to “Sections 17235 and 21510.” Proposed Section 17235 is the provision that would continue the definition of “switchblade knife” now found in Section 653k. Proposed Section 21510 is the provision that would continue Section 653k’s prohibitions relating to switchblade knives.

The Office of Legislative Counsel suggests that the cross-reference to proposed Section 17235 (defining “switchblade knife”) is unnecessary and potentially confusing; the cross-reference to proposed Section 21510 (stating prohibitions relating to switchblade knives) is sufficient.

On reflection, the staff agrees. By its terms, proposed Section 17235’s definition of “switchblade knife” would apply to the entirety of new Part 6, including the reference to “switchblade knife” in proposed Section 21510. The Comment to proposed Section 21510 would draw attention to that definition.
There is thus no need to refer to it in proposed Section 16420; the cross-reference
to proposed Section 21510 will be enough.

We therefore recommend that proposed Section 16470 be revised as follows:

16470. As used in this part, “dirk” or “dagger” means a knife or
other instrument with or without a handguard that is capable of
ready use as a stabbing weapon that may inflict great bodily injury
or death. A nonlocking folding knife, a folding knife that is not
prohibited by Sections 17235 and Section 21510, or a pocketknife is
capable of ready use as a stabbing weapon that may inflict great
bodily injury or death only if the blade of the knife is exposed and
locked into position.

Comment. Section 16420 continues former Section 12020(c)(24)
without substantive change.

Unless the Commission otherwise directs, we will incorporate this revision into
the next draft of proposed Section 16420.

Definition of “Imitation Firearm”

Penal Code Section 12550 defines “imitation firearm” as follows:

12550. As used in this article, the following definitions apply:

(c) “Imitation firearm” means any BB device, toy gun, replica of
a firearm, or other device that is so substantially similar in
coloration and overall appearance to an existing firearm as to lead a
reasonable person to perceive that the device is a firearm.

The article to which this definition applies includes Penal Code Section 12555,
which provides further guidance on the meaning of “imitation firearm” for
purposes of that section:

12555. (a) Any person who, for commercial purposes,
purchases, sells, manufactures, ships, transports, distributes, or
receives, by mail order or in any other manner, an imitation firearm
except as authorized by this section shall be liable for a civil fine in
an action brought by the city attorney or the district attorney of not
more than ten thousand dollars ($10,000) for each violation.

(b) The manufacture, purchase, sale, shipping, transport,
distribution, or receipt, by mail or in any other manner, of imitation
firearms is authorized if the device is manufactured, purchased,
sold, shipped, transported, distributed, or received for any of the
following purposes:

(1) Solely for export in interstate or foreign commerce.
(2) Solely for lawful use in theatrical productions, including
motion picture, television, and stage productions.

– 15 –
(3) For use in a certified or regulated sporting event or competition.
(4) For use in military or civil defense activities, or ceremonial activities.
(5) For public displays authorized by public or private schools.

(c) As used in this section, “imitation firearm” does not include any of the following:

(1) A nonfiring collector’s replica that is historically significant, and is offered for sale in conjunction with a wall plaque or presentation case.
(2) A BB device, as defined in subdivision (g) of Section 12001.
(3) A device where the entire exterior surface of the device is white, bright red, bright orange, bright yellow, bright green, bright blue, bright pink, or bright purple, either singly or as the predominant color in combination with other colors in any pattern, as provided by federal regulations governing imitation firearms, or where the entire device is constructed of transparent or translucent materials which permits unmistakable observation of the device’s complete contents, as provided by federal regulations governing imitation firearms.

(Emphasis added.)

These definitions of “imitation firearm” would be continued in proposed Penal Code Section 16700. Subdivision (a) would continue the general definition now in Section 12550(c), and subdivision (b) would continue the special definition now in Section 12555(c):

16700. (a) As used in this part, “imitation firearm” means any BB device, toy gun, replica of a firearm, or other device that is so substantially similar in coloration and overall appearance to an existing firearm as to lead a reasonable person to perceive that the device is a firearm.

(b) As used in [Section 12555], “imitation firearm” does not include any of the following:

(1) A nonfiring collector’s replica that is historically significant, and is offered for sale in conjunction with a wall plaque or presentation case.
(2) A BB device.
(3) A device where the entire exterior surface of the device is white, bright red, bright orange, bright yellow, bright green, bright blue, bright pink, or bright purple, either singly or as the predominant color in combination with other colors in any pattern, as provided by federal regulations governing imitation firearms, or where the entire device is constructed of transparent or translucent materials which permits unmistakable observation of the device’s complete contents, as provided by federal regulations governing imitation firearms.

Comment. Subdivision (a) of Section 16700 continues former Section 12550(c) without substantive change.
Subdivision (b) continues former Section 12555(c) without substantive change.
See Sections 16250 (“BB device”), 16520 (“firearm”).

The remainder of Section 12555 would be continued in proposed Penal Code Section 24125, which would be located in the portion of new Part 6 relating to imitation firearms. To help ensure that persons using new Section 24125 are aware of the applicable definitions of “imitation firearm,” that provision would expressly refer to those definitions, as shown in italics below:

24125. (a) A person who, for commercial purposes, purchases, sells, manufactures, ships, transports, distributes, or receives, by mail order or in any other manner, an imitation firearm (as defined in subdivisions (a) and (b) of Section 16700), except as authorized by this section, is liable for a civil fine in an action brought by the city attorney or the district attorney of not more than ten thousand dollars ($10,000) for each violation.

(b) The manufacture, purchase, sale, shipping, transport, distribution, or receipt, by mail or in any other manner, of an imitation firearm (as defined in subdivisions (a) and (b) of Section 16700) is authorized if the device is manufactured, purchased, sold, shipped, transported, distributed, or received for any of the following purposes:

1. Solely for export in interstate or foreign commerce.
2. Solely for lawful use in theatrical productions, including motion picture, television, and stage productions.
3. For use in a certified or regulated sporting event or competition.
4. For use in military or civil defense activities, or ceremonial activities.
5. For public displays authorized by public or private schools.

Comment. Section 24125 continues former Section 12555(a)-(b) without substantive change.

Our contact in the Office of Legislative Counsel considers this problematic. He explained that the special definition now in Section 12555(c) is meant to be the only definition applicable to that section. Thus, he believes that proposed Section 24125 should refer only to subdivision (b) of proposed Section 16700 (the provision continuing the special definition), not to both subdivisions (a) and (b).

He might be correct that only one of the definitions is actually meant to apply. However, that is not how the law is currently drafted. Section 12550 defines “imitation firearm” as used “in this article.” There is no exception for Section 12555, nor does Section 12555 state that its special definition overrides the one in Section 12550.
In this nonsubstantive study, the staff is thus reluctant to revise proposed Section 24125 to refer only to the special definition (subdivision (b) of proposed Section 16700). We recommend, however, that the Commission take other steps to address the point raised.

First, the reference in proposed Section 24125 to “subdivisions (a) and (b) of Section 16700” would be unusual, because that provision contains only two subdivisions. Using that phrase would help draw attention to the special definition in subdivision (b), as we intended. But the unusual phrase might also be construed as confirmation that the Legislature intends the general definition in subdivision (a) to apply in this context, subject to the qualifications stated in subdivision (b).

Because the phrase might be given undue significance, we would avoid it and simply refer to “Section 16700,” instead of “subdivisions (a) and (b) of Section 16700.” We would also move the cross-reference from the text of proposed Section 24125 to the Comment, and use the Comment to draw attention to the special definition that applies only for purposes of that statute. These changes could be implemented as follows:

24125. (a) A person who, for commercial purposes, purchases, sells, manufactures, ships, transports, distributes, or receives, by mail order or in any other manner, an imitation firearm (as defined in subdivisions (a) and (b) of Section 16700), except as authorized by this section, is liable for a civil fine in an action brought by the city attorney or the district attorney of not more than ten thousand dollars ($10,000) for each violation.

(b) The manufacture, purchase, sale, shipping, transport, distribution, or receipt, by mail or in any other manner, of an imitation firearm (as defined in subdivisions (a) and (b) of Section 16700) is authorized if the device is manufactured, purchased, sold, shipped, transported, distributed, or received for any of the following purposes:

1. Solely for export in interstate or foreign commerce.
2. Solely for lawful use in theatrical productions, including motion picture, television, and stage productions.
3. For use in a certified or regulated sporting event or competition.
4. For use in military or civil defense activities, or ceremonial activities.
5. For public displays authorized by public or private schools.

Comment. Section 24125 continues former Section 12555(a)-(b) without substantive change.

See Section 16700 (“imitation firearm”), which includes special guidance for interpreting that term in the context of this section.
We have taken the above approach in the attached draft, but we have renumbered proposed Section 24125 as proposed Section 20165, due to relocation of the provisions governing imitation firearms.

Finally, we would add this matter to the Commission’s list of “Minor Clean-up Issues for Possible Future Legislative Attention.” See Memorandum 2008-41. It would be useful for the Legislature to clarify whether (1) the general definition of “imitation firearm” is inapplicable in this context, or (2) the general definition applies subject to the limitations stated in the special definition.

Does the Commission agree with the steps recommended above?

Use of “Such” in Statutory Text

As a general practice, the Office of Legislative Counsel avoids use of the word “such” in statutory text. We routinely comply with that practice in drafting material for the Commission.

In drafting some of the deadly weapons provisions, however, we retained existing statutory language that includes the word “such.” The Office of Legislative Counsel pointed this out.

In most of these instances, the word “such” could be eliminated without much difficulty, as shown below:

§ 16250. “BB device”

16250. As used in this part, “BB device” means any instrument that expels a projectile, such as for example a BB or a pellet, not exceeding 6mm caliber, through the force of air pressure, gas pressure, or spring action, or any spot marker gun.

§ 16500. “Drop safety requirement for handguns”

16500. As used in this part, the “drop safety requirement for handguns” means that at the conclusion of the firing requirements for handguns described in [Section 12127], the same certified independent testing laboratory shall subject the same three handguns of the make and model for which certification is sought, to the following test:

(a) A primed case (no powder or projectile) shall be inserted into the chamber. For a pistol, the slide shall be released, allowing it to move forward under the impetus of the recoil spring, and an empty magazine shall be inserted. For both a pistol and a revolver, the weapon shall be placed in a drop fixture capable of dropping the pistol from a drop height of 1m + 1cm (39.4 + 0.4 in.) onto the largest side of a slab of solid concrete having minimum dimensions of 7.5 x 15 x 15 cm (3 x 6 x 6 in.). The drop distance shall be measured from the lowermost portion of the weapon to the top
surface of the slab. The weapon shall be dropped from a fixture and not from the hand. The weapon shall be dropped in the condition that it would be in if it were dropped from a hand (cocked with no manual safety applied). If the design of a pistol is such that upon leaving the hand a “safety” is automatically applied by the pistol, this feature shall not be defeated. An approved drop fixture is a short piece of string with the weapon attached at one end and the other end held in an air vise until the drop is initiated.

§ 16780. “Less lethal weapon”

16780. As used in this part,

(a) “Less lethal weapon” means any device that is designed to or that has been converted to expel or propel less lethal ammunition by any action, mechanism, or process for the purpose of incapacitating, immobilizing, or stunning a human being through the infliction of any less than lethal impairment of physical condition, function, or senses, including physical pain or discomfort. It is not necessary that a weapon leave any lasting or permanent incapacitation, discomfort, pain, or other injury or disability in order to qualify as a less lethal weapon.

(b) Less lethal weapon includes the frame or receiver of any weapon described in subdivision (a), but does not include any of the following unless the part or weapon has been converted as described in subdivision (a):

(5) When used as designed or intended by the manufacturer, any weapon that is commonly regarded as a toy gun, and that as such a toy gun is incapable of inflicting any impairment of physical condition, function, or senses.

§ 16880. “Machinegun”

16880. (a) As used in this part, “machinegun” means any weapon that shoots, is designed to shoot, or can readily be restored to shoot, automatically more than one shot, without manual reloading, by a single function of the trigger.

(b) The term “machinegun” also includes the frame or receiver of any such weapon described in subdivision (a), any part designed and intended solely and exclusively, or combination of parts designed and intended, for use in converting a weapon into a machinegun, and any combination of parts from which a machinegun can be assembled if those parts are in the possession or under the control of a person.

(c) The term “machinegun” also includes any weapon deemed by the federal Bureau of Alcohol, Tobacco, and Firearms as readily
convertible to a machinegun under Chapter 53 (commencing with Section 5801) of Title 26 of the United States Code.

§ 16940. “Nunchaku”
16940. As used in this part, “nunchaku” means an instrument consisting of two or more sticks, clubs, bars or rods to be used as handles, connected by a rope, cord, wire, or chain, in the design of a weapon used in connection with the practice of a system of self-defense such as self-defense, for example karate.

§ 17210. “Silencer”
17210. As used in [Sections 12500-12520], “silencer” means any device or attachment of any kind designed, used, or intended for use in silencing, diminishing, or muffling the report of a firearm. The term “silencer” also includes any combination of parts, designed or redesigned, and intended for use in assembling a silencer or fabricating a silencer and any part intended only for use in such assembly or fabrication of a silencer.

§ 17240. “Tear gas”
17240. (a) As used in this part, “tear gas” applies to and includes any liquid, gaseous or solid substance intended to produce temporary physical discomfort or permanent injury through being vaporized or otherwise dispersed in the air.

(b) Notwithstanding subdivision (a), “tear gas” does not apply to, and does not include, any substance registered as an economic poison as provided in Chapter 2 (commencing with Section 12751) of Division 7 of the Food and Agricultural Code, provided that such the substance is not intended to be used to produce discomfort or injury to human beings.

§ 18005. Disposal of weapons constituting nuisance
18005. (a) An officer to whom weapons are surrendered under Section 18000, except upon the certificate of a judge of a court of record, or of the district attorney of the county, that the retention thereof is necessary or proper to the ends of justice, may annually, between the 1st and 10th days of July, in each year, offer the weapons, which the officer in charge of them considers to have value with respect to sporting, recreational, or collection purposes, for sale at public auction to persons licensed pursuant to [Section 12071] to engage in businesses involving any weapon purchased.

(b) If any weapon has been stolen and is thereafter recovered from the thief or the thief’s transferee, or is used in a manner as to constitute a nuisance under [Section 12028(a) or (b)] without the prior knowledge of its lawful owner that it would be so used, it shall not be offered for sale under subdivision (a) but shall be restored to the lawful owner, as soon as its use as evidence has
been served, upon the lawful owner’s identification of the weapon and proof of ownership, and after the law enforcement agency has complied with [Section 12021.3].

(c) If, under this section, a weapon is not of the type that can be sold to the public, generally, or is not sold under subdivision (b), the weapon, in the month of July, next succeeding, or sooner, if necessary to conserve local resources, including space and utilization of personnel who maintain files and security of those weapons, shall be destroyed so that it can no longer be used as such a weapon subject to surrender under Section 18000, except upon the certificate of a judge of a court of record, or of the district attorney of the county, that the retention of it is necessary or proper to the ends of justice.

§ 18710. Unlawful possession of destructive device other than fixed ammunition greater than .60 caliber
18710. (a) Except as provided by this chapter, a person, firm, or corporation who, within this state, possesses a destructive device, other than fixed ammunition of a caliber greater than .60 caliber, is guilty of a public offense.

(b) A person, firm, or corporation who is convicted of an offense under subdivision (a) shall be punished by imprisonment in the county jail for a term not to exceed one year, or in state prison, or by a fine not to exceed ten thousand dollars ($10,000), or by both such fine and imprisonment.

§ 18735. Sale, possession, or transport of fixed ammunition greater than .60 caliber
18735. (a) Except as provided by this chapter, a person, firm, or corporation who, within this state, sells, offers for sale, possesses or knowingly transports any fixed ammunition of a caliber greater than .60 caliber is guilty of a public offense.

(b) Upon conviction of an offense under subdivision (a), a person, firm, or corporation shall be punished by imprisonment in the county jail for a term not to exceed six months or by a fine not to exceed one thousand dollars ($1,000), or by both such fine and imprisonment.

(c) A second or subsequent conviction shall be punished by imprisonment in the county jail for a term not to exceed one year, or by imprisonment in the state prison, or by a fine not to exceed three thousand dollars ($3,000), or by both such fine and imprisonment.

§ 22840. Tear gas or tear gas weapons in prison, jail, or similar institution
22840. Nothing in this division authorizes the possession of tear gas or a tear gas weapon in an institution described in Section 4574,
or within the grounds belonging or adjacent to any such institution described in Section 4574, except where authorized by the person in charge of the institution.

To conform to Legislative Counsel’s drafting practice, the staff recommends that these revisions be made.

In a few instances, there is a compelling reason to retain the existing use of “such.” In particular, proposed Penal Code Section 22910(b) would continue the second paragraph of existing Penal Code Section 12422 verbatim, as shown below (with “such” in boldface):

§ 22910. Obliteration of serial number, name of manufacturer, or other identification mark

22910. (a) Any person who changes, alters, removes or obliterates the name of the manufacturer, the serial number, or any other mark of identification on a tear gas weapon is guilty of a public offense and, upon conviction, shall be punished by imprisonment in the state prison or by a fine of not more than two thousand dollars ($2,000) or by both.

(b) Possession of any such weapon upon which the same shall have been changed, altered, removed, or obliterated, shall be presumptive evidence that such possessor has changed, altered, removed, or obliterated the same.

Comment. Subdivision (a) of Section 22910 continues the first paragraph of former Section 12422 without substantive change. Subdivision (b) continues the second paragraph of former Section 12422 without change. Continuation of this material is not intended to reflect any determination regarding its constitutionality. For a case discussing the constitutionality of a similar provision, see In re Christopher K., 91 Cal. App. 4th 853, 110 Cal. Rptr. 914 (2001).

See Sections 17240 (“tear gas”), 17250 (“tear gas weapon”).

The staff deliberately chose that approach because a provision much like the second paragraph of existing Section 12422 was held unconstitutional in In re Christopher K., 91 Cal. App. 4th 853, 110 Cal. Rptr. 914 (2001). If the second paragraph of existing Section 12422 were recodified with grammatical revisions, someone might contend that the revisions reflect a legislative assessment that the provision is constitutional. Verbatim recodification is less likely to prompt such an argument, particularly with a Comment explaining that recodification of the provision “is not intended to reflect any determination regarding its constitutionality.” See Memorandum 2008-25, Attachment pp. 26-27. For that reason, the Commission should stick with the verbatim recodification.
The word “such” also appears in proposed Penal Code Section 23650(b), as shown in boldface below:

§ 23650. Minimum safety standard for firearm safety devices and gun safes

23650. (a) The Attorney General shall develop regulations to implement a minimum safety standard for firearm safety devices and gun safes to significantly reduce the risk of firearm-related injuries to children 17 years of age and younger. The final standard shall do all of the following:

1. Address the risk of injury from unintentional gunshot wounds.

2. Address the risk of injury from self-inflicted gunshot wounds by unauthorized users.

3. Include provisions to ensure that all firearm safety devices and gun safes are reusable and of adequate quality and construction to prevent children and unauthorized users from firing the firearm and to ensure that these devices cannot be readily removed from the firearm or that the firearm cannot be readily removed from the gun safe except by an authorized user utilizing the key, combination, or other method of access intended by the manufacturer of the device.

4. Include additional provisions as appropriate.

(b) The Attorney General may consult, for the purposes of guidance in development of the standards, test protocols such as those described in Title 16 (commencing with Part 1700) of the Code of Federal Regulations, relating to poison prevention packaging standards. These protocols may be consulted to provide suggestions for potential methods to utilize in developing standards and shall serve as guidance only. The Attorney General shall also give appropriate consideration to the use of devices that are not detachable, but are permanently installed and incorporated into the design of a firearm.

Section 23650 gives guidance to the Attorney General on preparation of regulations implementing a minimum safety standard for firearm safety devices and gun safes. The process of preparing those regulations has been completed; the statutory provision governing preparation of the regulations is being retained for reference purposes. Because it gives guidance on a process that has been
The Commission should leave proposed Section 23650(b) as is.

Drafting of Provisions That Would Continue Penal Code Section 12020(a)

Penal Code Section 12020 is an extremely lengthy provision (almost nine pages in the attachment to Memorandum 2007-59). Subdivision (a) provides:

12020. (a) Any person in this state who does any of the following is punishable by imprisonment in a county jail not exceeding one year or in the state prison:

(1) Manufactures or causes to be manufactured, imports into the state, keeps for sale, or offers or exposes for sale, or who gives, lends, or possesses any cane gun or wallet gun, any undetectable firearm, any firearm which is not immediately recognizable as a firearm, any camouflaging firearm container, any ammunition which contains or consists of any flechette dart, any bullet containing or carrying an explosive agent, any ballistic knife, any multiburst trigger activator, any nunchaku, any short-barreled shotgun, any short-barreled rifle, any metal knuckles, any belt buckle knife, any leaded cane, any zip gun, any shuriken, any unconventional pistol, any lipstick case knife, any cane sword, any shobi-zue, any air gauge knife, any writing pen knife, any metal military practice handgrenade or metal replica handgrenade, or any instrument or weapon of the kind commonly known as a blackjack, slungshot, billy, sandclub, sap, or sandbag.

(2) Commencing January 1, 2000, manufactures or causes to be manufactured, imports into the state, keeps for sale, or offers or exposes for sale, or who gives, or lends, any large-capacity magazine.

(3) Carries concealed upon his or her person any explosive substance, other than fixed ammunition.

(4) Carries concealed upon his or her person any dirk or dagger.

However, a first offense involving any metal military practice handgrenade or metal replica handgrenade shall be punishable only as an infraction unless the offender is an active participant in a criminal street gang as defined in the Street Terrorism and Enforcement and Prevention Act (Chapter 11 (commencing with Section 186.20) of Title 7 of Part 1). A bullet containing or carrying an explosive agent is not a destructive device as that term is used in Section 12301.

Subdivision (b) consists of a long list of circumstances in which subdivision (a) does not apply (i.e., exemptions from the general rule). Subdivision (c) states definitions of terms used in subdivisions (a) and (b).

To improve organizational clarity and readability, the Commission decided to divide up the substance of Section 12020 according to the type of weapon or
equipment covered. If the provision were reorganized that way, a person interested in the rules applicable to a particular type of weapon or equipment would readily be able to find them.

Some of the exemptions stated in subdivision (b) are expressly limited to a particular type of weapon or equipment. It is easy to determine how to treat such an exemption in dividing up Section 12020. It belongs in proximity to each provision that restricts a type of weapon or equipment to which it applies.

Other exemptions stated in subdivision (b) are broad, making it difficult to tell precisely which weapons or equipment the exemption is meant to cover. To avoid any risk of a substantive change, the Commission decided not to try to determine which items are covered by each of these exemptions. Instead, it placed these broad exemptions in “Chapter 1. Exemptions” of “Division 2. Generally Prohibited Weapons” of “Title 2. Weapons Generally.” The Commission recognized that this placement is not ideal and included this matter on its list of “Minor Clean-up Projects for Possible Future Legislative Attention.”

To assist persons using the code, the broad exemptions would be referenced in the text and Comment of each provision that restricts a type of weapon or equipment now listed in Section 12020(a). For example, proposed Penal Code Section 24710 would provide:

24710. Subject to Chapter 1 (commencing with Section 17700) of Division 2 of Title 2, any person in this state who manufactures or causes to be manufactured, imports into the state, keeps for sale, or offers or exposes for sale, or who gives, lends, or possesses any wallet gun is punishable by imprisonment in a county jail not exceeding one year or in the state prison.

Comment. With respect to a wallet gun, Section 24710 continues former Section 12020(a)(1) without substantive change.

For circumstances in which this section is inapplicable, see Sections 16590 (“generally prohibited weapon”), 17700-17745 (exemptions relating to generally prohibited weapons).

See Section 17330 (“wallet gun”). See also Sections 17800 (distinct and separate offense), 24790 (wallet gun constituting nuisance).

(Emphasis added.)

In drafting these provisions, the staff considered the alternative of including such a reference in the Comment but not in the text, as follows:

24710. Any person in this state who manufactures or causes to be manufactured, imports into the state, keeps for sale, or offers or exposes for sale, or who gives, lends, or possesses any wallet gun is
punishable by imprisonment in a county jail not exceeding one year or in the state prison.

**Comment.** With respect to a wallet gun, Section 24710 continues former Section 12020(a)(1) without substantive change.

*For circumstances in which this section is inapplicable, see Sections 16590 ("generally prohibited weapon"), 17700-17745 (exemptions relating to generally prohibited weapons).*

See Section 17330 ("wallet gun"). See also Sections 17800 (distinct and separate offense), 24790 (wallet gun constituting nuisance).

That approach would most closely track the language of existing Section 12020(a).

We recommended against the approach, however, because it might lead people to overlook the broad exemptions, particularly if they use a code that does not reproduce the Commission’s Comments. The Commission concurred in this assessment.

The Office of Legislative Counsel has not questioned the Commission’s decision to refer to the broad exemptions in the statutory text as well as in the Comment. Our contact in that office has suggested, however, that the broad exemptions be rephrased. Specifically, he urges the Commission to replace “Subject to” with “Except as provided in,” like so:

```
24710. Subject to Except as provided in Chapter 1 (commencing with Section 17700) of Division 2 of Title 2, any person in this state who manufactures or causes to be manufactured, imports into the state, keeps for sale, or offers or exposes for sale, or who gives, lends, or possesses any wallet gun is punishable by imprisonment in a county jail not exceeding one year or in the state prison.
```

He says this would be more consistent with the way Penal Code provisions are typically drafted.

The staff deliberately avoided using the phrase “Except as provided in ....” We thought it slightly more likely to trigger concerns about a substantive effect than the phrase “Subject to ....” In either case, however, there is little cause for such concern, because the Commission’s Comments, its report, and an uncodified provision in the proposed legislation would all make clear that the legislation is purely nonsubstantive in nature and should be so interpreted.

In light of the comments from the Office of Legislative Counsel, the staff therefore recommends replacing “Subject to” with “Except as provided in” in proposed Section 24710 and the other provisions that would continue Section
We have incorporated such changes in the attached draft. See proposed Penal Code §§ 19100, 19200, 20310, 20410, 20510, 20610, 20710, 20910, 21110, 21310, 21810, 22010, 22210, 22410, 23810, 23920, 24310, 24410, 24510, 24610, 24710. We have also made a similar change in proposed Penal Code Section 23920, which involves a similar drafting issue in a different context.

Are the recommended revisions acceptable to the Commission?

Penal Code Drafting Convention

Penal Code Section 12303.6 provides:

12303.6. Any person, firm, or corporation who, within this state, sells, offers for sale, or knowingly transports any destructive device, other than fixed ammunition of a caliber greater than .60 caliber, except as provided by this chapter, is guilty of a felony and is punishable by imprisonment in the state prison for two, three or four years.

(Emphasis added.)

The substance of that provision would be continued in Proposed Penal Code Section 18730, which the staff drafted as follows:

18730. Except as provided by this chapter, a person, firm, or corporation who, within this state, sells, offers for sale, or knowingly transports a destructive device, other than fixed ammunition of a caliber greater than .60 caliber, is guilty of a felony and is punishable by imprisonment in the state prison for two, three, or four years.

(Emphasis added.) We took a similar approach in other provisions, substituting “a” for “any” (or sometimes “every”) where use of the longer word appeared unnecessary and inconsistent with the Commission’s usual drafting methodology.

Our contact in the Office of Legislative Counsel questioned this approach, pointing out that Penal Code offenses are typically drafted in the following manner:

Any person who does X with any Y is guilty of a felony and is punishable by ....

Every person who does X with any Y is guilty of a felony and is punishable by ....

He could not explain the reasons for this drafting convention. He noted, however, that in some contexts courts have attached significance to the use of
“any” rather than “a” (e.g., in determining whether certain conduct can be charged as multiple offenses or only as a single offense).

It is true that the Penal Code is replete with provisions drafted in the manner he described. A few offenses are drafted differently; the code is not completely consistent. See, e.g., Penal Code §§ 132.5, 193.8, 205, 270, 308.3, 311.3, 452, 597g, 653t, 12651. But the overwhelming majority of provisions that define an offense comply with the above-described drafting convention.

The staff therefore recommends that the Commission adhere to this drafting convention in recodifying provisions that follow it. For example, proposed Penal Code Section 18730 should be revised as follows:

18730. Except as provided by this chapter, a any person, firm, or corporation who, within this state, sells, offers for sale, or knowingly transports a any destructive device, other than fixed ammunition of a caliber greater than .60 caliber, is guilty of a felony and is punishable by imprisonment in the state prison for two, three, or four years.

We made this revision in the attached draft. We also made similar revisions in other provisions. See proposed Penal Code §§ 17700, 17735, 17740, 18710-18755, 18800, 19000, 19400, 20010, 20110, 21510, 21710, 22840, 22910, 24010-24115, 24125. In addition, we replaced “a” with “any” in a number of provisions that we drafted in the singular (the Commission’s usual approach) instead of tracking the plural formulation in existing law. See proposed Penal Code §§ 17715-17730, 19290, 20015, 20390, 20490, 20590, 20690, 20790, 20815, 20820, 20990, 21190, 22090, 22290, 22295, 22490, 22610, 22810, 23635, 24390, 24490, 24590, 24690, 24790. We plan to make such revisions in two of the definitions as well (proposed Penal Code §§ 16770, 17280), which will be redrafted later in this study.

Is this approach acceptable to the Commission? Is anyone aware of any further problem along these lines that requires attention? As always, the Commission staff would be grateful for input from knowledgeable sources, on this point or on any other aspect of the Commission’s ongoing study.

Respectfully submitted,

Barbara Gaal
Chief Deputy Counsel

PROPOSED LEGISLATION

☞ Staff Note. This is a work in progress. The material shown below may be changed. For an outline of new Part 6 of the Penal Code, see Memorandum 2008-38.

Some of the provisions in this draft contain a bracketed cross-reference to one or more existing code sections. As new Part 6 of the Penal Code is drafted, these cross-references will be conformed to the new numbering scheme.

Blanks are used to indicate references to sections that have not yet been drafted (e.g., “Section _____”).

All of the proposed provisions would be located in the Penal Code. All references are to the Penal Code unless otherwise noted.

§ 23505. Severability

23505. If any section, subsection, sentence, clause, or phrase of [this chapter] is for any reason held unconstitutional, that decision does not affect the validity of the remaining portions of [this chapter]. The Legislature hereby declares that it would have passed [this chapter] and each section, subsection, sentence, clause, and phrase of it, irrespective of the fact that any one or more other sections, subsections, sentences, clauses, or phrases be declared unconstitutional.

Comment. Section 23505 continues former Section 12003 without substantive change.

§ 23510. Distinct and separate offense despite reference to “any firearm”

23510. For purposes of [Sections 12021, 12021.1, 12025, 12070, 12072, 12073, 12078, 12101, and 12801 of this code], and Sections 8100, 8101, and 8103 of the Welfare and Institutions Code, notwithstanding the fact that the term “any firearm” may be used in those sections, each firearm or the frame or receiver of each firearm constitutes a distinct and separate offense under those sections.

§ 23515. Violent use of firearm

23515. As used in [this chapter], an offense that involves the violent use of a firearm includes any of the following:

DIVISION 2. FIREARM SAFETY DEVICES, GUN SAFES, AND RELATED WARNINGS

23620. This division and Sections 16540, 16610, and 16870 shall be known and may be cited as the “Aroner-Scott-Hayden Firearms Safety Act of 1999.”

Comment. Section 23620 continues former Section 12087 without substantive change.

§ 23625. Legislative findings

23625. The Legislature makes the following findings:

(a) In the years 1987 to 1996, nearly 2,200 children in the United States under the age of 15 years died in unintentional shootings. In 1996 alone, 138 children were shot and killed unintentionally. Thus, more than 11 children every month, or one child every three days, were shot or killed unintentionally in firearms-related incidents.

(b) The United States leads the industrialized world in the rates of children and youth lost to unintentional, firearms-related deaths. A 1997 study from the federal Centers for Disease Control and Prevention reveals that for unintentional firearm-related deaths for children under the age of 15, the rate in the United States was nine times higher than in 25 other industrialized countries combined.

(c) While the number of unintentional deaths from firearms is an unacceptable toll on America’s children, nearly eight times that number are treated in U.S. hospital emergency rooms each year for nonfatal unintentional gunshot wounds.

(d) A study of unintentional firearm deaths among children in California found that unintentional gunshot wounds most often involve handguns.

(e) A study in the December 1995 issue of the Archives of Pediatric and Adolescent Medicine found that children as young as three years old are strong enough to fire most commercially available handguns. The study revealed that 25 percent of three to four year olds and 70 percent of five to six year olds had sufficient finger strength to fire 59 (92 percent) of the 64 commonly available handguns referenced in the study.
(f) The Government Accounting Office (GAO), in its March 1991 study, “Accidental Shootings: Many Deaths and Injuries Caused by Firearms Could be Prevented,” estimates that 31 percent of accidental deaths caused by firearms might be prevented by the addition of two safety devices: a child-resistant safety device that automatically engages and a device that indicates whether the gun is loaded. According to the study results, of the 107 unintentional firearms-related fatalities the GAO examined for the calendar years 1988 and 1989, 8 percent could have been prevented had the firearm been equipped with a child-resistant safety device. This 8 percent represents instances in which children under the age of six unintentionally shot and killed themselves or other persons.

(g) Currently, firearms are the only products manufactured in the United States that are not subject to minimum safety standards.

(h) A 1997 public opinion poll conducted by the National Opinion Research Center at the University of Chicago in conjunction with the Johns Hopkins Center for Gun Policy and Research found that 74 percent of Americans support safety regulation of the firearms industry.

(i) Some currently available trigger locks and other similar devices are inadequate to prevent the accidental discharge of the firearms to which they are attached, or to prevent children from gaining access to the firearm.

Comment. Section 23625 continues former Section 12087.5 without substantive change.

§ 23630. Limitations on application

23630. (a) This division does not apply to the commerce of any antique firearm.

(b)(1) This division does not apply to the commerce of any firearm intended to be used by a salaried, full-time peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2, for purposes of law enforcement.

(2) Nothing in this division precludes a local government, local agency, or state law enforcement agency from requiring its peace officers to store their firearms in gun safes or attach firearm safety devices to those firearms.

Comment. In combination with Section 16170(b), Section 23630 continues former Section 12088.8 without substantive change.

See Sections 16170(b) (“antique firearm”), 16520 (“firearm”), 16540 (“firearm safety device”), 16610 (“gun safe”).

§ 23635. Firearm safety device requirement, warning requirement for noncomplying long-gun safe, and warning described in Section 23640

23635. (a) Any firearm sold or transferred in this state by a licensed firearms dealer, including a private transfer through a dealer, and any firearm manufactured in this state, shall include or be accompanied by a firearm safety device that is listed on the Department of Justice’s roster of approved firearm safety devices and that is identified as appropriate for that firearm by reference to either the
manufacturer and model of the firearm, or to the physical characteristics of the firearm that match those listed on the roster for use with the device.

(b) The sale or transfer of a firearm shall be exempt from subdivision (a) if both of the following apply:

(1) The purchaser or transferee owns a gun safe that meets the standards set forth in Section 23650. Gun safes shall not be required to be tested, and therefore may meet the standards without appearing on the Department of Justice roster.

(2) The purchaser or transferee presents an original receipt for purchase of the gun safe, or other proof of purchase or ownership of the gun safe as authorized by the Attorney General, to the firearms dealer. The dealer shall maintain a copy of this receipt or proof of purchase with the dealer’s record of sales of firearms.

(c) The sale or transfer of a firearm shall be exempt from subdivision (a) if all of the following apply:

(1) The purchaser or transferee purchases an approved safety device no more than 30 days prior to the day the purchaser or transferee takes possession of the firearm.

(2) The purchaser or transferee presents the approved safety device to the firearms dealer when picking up the firearm.

(3) The purchaser or transferee presents an original receipt to the firearms dealer, which shows the date of purchase, the name, and the model number of the safety device.

(4) The firearms dealer verifies that the requirements in paragraphs (1) to (3), inclusive, have been satisfied.

(5) The firearms dealer maintains a copy of the receipt along with the dealer’s record of sales of firearms.

(d)(1) Any long-gun safe commercially sold or transferred in this state, or manufactured in this state for sale in this state, that does not meet the standards for gun safes adopted pursuant to Section 23650 shall be accompanied by the following warning:

“WARNING: This gun safe does not meet the safety standards for gun safes specified in California Penal Code Section 23650. It does not satisfy the requirements of Penal Code Section 23635, which mandates that all firearms sold in California be accompanied by a firearm safety device or proof of ownership, as required by law, of a gun safe that meets the Section 23650 minimum safety standards developed by the California Attorney General.”

(2) This warning shall be conspicuously displayed in its entirety on the principal display panel of the gun safe’s package, on any descriptive materials that accompany the gun safe, and on a label affixed to the front of the gun safe.

(3) This warning shall be displayed in both English and Spanish, in conspicuous and legible type in contrast by typography, layout, or color with other printed matter on the package or descriptive materials, in a manner consistent with Part 1500.121 of Title 16 of the Code of Federal Regulations, or successor regulations thereto.
(e) Any firearm sold or transferred in this state by a licensed firearms dealer, including a private transfer through a dealer, and any firearm manufactured in this state, shall be accompanied by warning language or a label as described in Section 23640.

**Comment.** Subdivision (a) of Section 23635 continues former Section 12088.1(a) without substantive change.

§ 23640. **Warning label**

23640. (a) The packaging of any firearm and any descriptive materials that accompany any firearm sold or transferred in this state, or delivered for sale in this state, by any licensed manufacturer, or licensed dealer, shall bear a label containing the following warning statement:

**WARNING**

Children are attracted to and can operate firearms that can cause severe injuries or death.

Prevent child access by always keeping guns locked away and unloaded when not in use. If you keep a loaded firearm where a child obtains and improperly uses it, you may be fined or sent to prison.

A yellow triangle containing an exclamation mark shall appear immediately before the word “Warning” on the label.

(b) If the firearm is sold or transferred without accompanying packaging, the warning label or notice shall be affixed to the firearm itself by a method to be prescribed by regulation of the Attorney General.

(c) The warning statement required under subdivisions (a) and (b) shall satisfy both of the following requirements:

(1) It shall be displayed in its entirety on the principal display panel of the firearm’s package, and on any descriptive materials that accompany the firearm.

(2) It shall be displayed in both English and Spanish, in conspicuous and legible type in contrast by typography, layout, or color with other printed matter on that package or descriptive materials, in a manner consistent with Part 1500.121 of Title 16, of the Code of Federal Regulations, or successor regulations thereto.

**Comment.** Section 23640 continues former Section 12088.3 without substantive change.

(c)(1) On a third violation of any of those sections, a firearm manufacturer shall be permanently ineligible to manufacture firearms in this state.

(2) On a third violation of any of those sections, a licensed firearm dealer shall be permanently ineligible to sell firearms in this state.

Comment. Section 23645 continues former Section 12088.6 without substantive change. See Sections 16440 (“dealer”), 16520 (“firearm”).

§ 23650. Minimum safety standard for firearm safety devices and gun safes

23650. (a) The Attorney General shall develop regulations to implement a minimum safety standard for firearm safety devices and gun safes to significantly reduce the risk of firearm-related injuries to children 17 years of age and younger. The final standard shall do all of the following:

(1) Address the risk of injury from unintentional gunshot wounds.

(2) Address the risk of injury from self-inflicted gunshot wounds by unauthorized users.

(3) Include provisions to ensure that all firearm safety devices and gun safes are reusable and of adequate quality and construction to prevent children and unauthorized users from firing the firearm and to ensure that these devices cannot be readily removed from the firearm or that the firearm cannot be readily removed from the gun safe except by an authorized user utilizing the key, combination, or other method of access intended by the manufacturer of the device.

(4) Include additional provisions as appropriate.

(b) The Attorney General may consult, for the purposes of guidance in development of the standards, test protocols such as those described in Title 16 (commencing with Part 1700) of the Code of Federal Regulations, relating to poison prevention packaging standards. These protocols may be consulted to provide suggestions for potential methods to utilize in developing standards and shall serve as guidance only. The Attorney General shall also give appropriate consideration to the use of devices that are not detachable, but are permanently installed and incorporated into the design of a firearm.

Comment. Section 23650 continues former Section 12088.2 without substantive change. See Sections 16520 (“firearm”), 16540 (“firearm safety device”), 16610 (“gun safe”).

(c) The certified laboratory shall, at the manufacturer’s or dealer’s expense, test a firearm safety device and submit a copy of the final test report directly to the Department of Justice, along with the firearm safety device. The department shall notify the manufacturer or dealer of its receipt of the final test report and the department’s determination as to whether the firearm safety device tested may be sold in this state.

(d) Commencing on July 1, 2001, the Department of Justice shall compile, publish, and maintain a roster listing all of the firearm safety devices that have been tested by a certified testing laboratory, have been determined to meet the department’s standards for firearm safety devices, and may be sold in this state.
