First Supplement to Memorandum 2012-4

2011-2012 Annual Report (Staff Draft)

A staff draft of the Commission's *2011-2012 Annual Report* is attached to Memorandum 2012-4. This supplement to that memorandum recommends minor revisions to that draft. If the Commission approves these revisions, the staff will incorporate them in the published version of the Annual Report.

2012 Legislative Activity

On pages 3 and 10, the Annual Report should list cleanup legislation relating to the Commission's deadly weapons recommendation as additional 2012 legislative activity. See Memorandum 2012-6 for further detail.

Personnel of Commission

The staff recently learned that Susan Duncan Lee and James Adler will not be serving as Commissioners in 2012. That fact should be reflected in the letterhead on page 7 and the list of Commission personnel on page 24 of the Annual Report.

Staff Activity

In the discussion of staff activity on page 27 of the report, a reference to an article co-authored by the Chief Deputy Counsel should be updated to reflect that the article is now in press with *California Lawyer*.

Respectfully submitted,

Steve Cohen
