MINUTES OF MARCH 17-18, 2005, COMMISSION MEETING

1       The Commission approved the Minutes of the March 17-18, 2005,  
2 Commission meeting as submitted by the staff.

ADMINISTRATIVE MATTERS

3       **Commission Membership**

4       The Commission welcomed its newly appointed members:

5       Sidney Greathouse

6       Pam Hemminger

7       David Huebner

8       Susan Lee

9       **Meeting Schedule**

10       The Commission changed the date and location of the September 2005  
11 meeting as follows:

12                   **September 2005**

**Burbank**

13                   Sept. 30 (Fri.)

                  9:30 am – 5:00 pm

1 **Handbook of Commission Practices and Procedures**

2 The Commission considered Memorandum 2005-15 and the attached draft  
3 updating the Commission's Handbook of Practices and Procedures. The  
4 Commission approved the draft as its new Handbook, with the following  
5 revisions:

6 *Rule 2.5.2. Anonymous Communication to Commission*

7 New Rule 2.5.2 should read:

8 Although the Commission encourages persons to identify  
9 themselves and their affiliations, a communication to the  
10 Commission may be anonymous. The Commission can take the  
11 anonymity of the author into account in evaluating an anonymous  
12 communication. The identity of a source is sometimes helpful in  
13 assessing the merits of an idea or how much weight it should be  
14 given.

15 *Rule 2.5.3. Written Communication to Chairperson or to Individual Commissioner*

16 New Rule 2.5.3 should read along the following lines:

17 If the staff receives a written communication addressed to the  
18 Chairperson or to an individual Commissioner regarding a  
19 Commission study, the staff will treat the communication in the  
20 same manner as a communication to the Commission as a whole.  
21 For example, if a communication relates to a topic under study, the  
22 staff normally attaches the communication to a staff memorandum,  
23 discusses the communication in the memorandum, and presents  
24 the memorandum for consideration at a Commission meeting. If a  
25 communication relates to other business of the Commission, the  
26 staff normally responds to the communication.

27 If the Chairperson or an individual Commissioner receives a  
28 written communication from an interested person regarding a  
29 Commission study, it is recommended that the Chairperson or  
30 individual Commissioner forward the communication to the staff.

31 *Rule 3.2. Contacting Individual Member of Legislature*

32 Rule 3.2. should be revised to read:

33 The Commission has considered whether and under what  
34 procedure the Executive Secretary should contact individual  
35 members of the Legislature to explain Commission bills.

36 Shortly before a legislative committee hears a bill to effectuate a  
37 Commission recommendation, the staff should send (or assist the  
38 Chairperson in sending) the recommendation and an explanatory

1 letter to each member of the committee. Aside from this practice  
2 and communications with a legislative member of the Commission  
3 or an author, coauthor, or prospective coauthor of a bill to  
4 effectuate a Commission recommendation, the staff should not  
5 contact a member of the Legislature about a pending Commission  
6 bill unless the member has raised questions about a Commission  
7 bill in committee or otherwise and it seems likely that the member  
8 does not fully understand the Commission's recommendation or  
9 the reasons for it. If it appears desirable, the Executive Secretary  
10 may contact the member to answer questions the member may  
11 have about the bill and otherwise explain it. Care must be taken not  
12 to advocate or appear to be advocating legislation in violation of  
13 Government Code Section 8288, which provides:

14 No employee of the Commission and no member  
15 appointed by the Governor shall, with respect to any  
16 proposed legislation concerning matters assigned to the  
17 Commission for study pursuant to Section 8293, advocate  
18 the passage or defeat of the legislation by the Legislature or  
19 the approval or veto of the legislation by the Governor or  
20 appear before any committee of the Legislature as to such  
21 matters unless requested to do so by the committee or its  
22 chairperson. In no event shall an employee or member of the  
23 commission appointed by the Governor advocate the  
24 passage or defeat of any legislation or the approval or veto  
25 of any legislation by the Governor, in his or her official  
26 capacity as an employee or member.

27 (Footnote omitted.)

## 28 **Report of Executive Secretary**

### 29 *Commission Membership*

30 The Executive Secretary noted that, with the new appointments, the  
31 Commission has no gubernatorial vacancies. The Commission remains without  
32 an Assembly member; that position is to be filled by appointment of the Speaker  
33 of the Assembly.

### 34 *Staff*

35 The Executive Secretary noted that his accumulated personal leave time is a  
36 substantial liability for the Commission, and he needs to start reducing the  
37 balance. Otherwise, whenever he retires, the Commission's budget will be  
38 substantially impacted, or the Commission will be unable to fill the position for a  
39 substantial period of time. The consequences of the Executive Secretary's plan to

1 reduce his accrued leave balance include reduced staff productivity and  
2 diversion of other staff to cover any urgent matters that come up during his  
3 absence. However, the remainder of the staff is highly experienced and  
4 competent, so this should not be a significant concern.

5 *Budget*

6 The Executive Secretary reported that the Governor's budget would fund the  
7 Commission at its current level. The Assembly budget subcommittee has voted  
8 to increase the Commission's budget by \$150,000 and 1.5 positions. The Senate  
9 budget subcommittee has voted to increase the Commission's budget by \$40,000  
10 and .5 positions. The .5 position would be a half time administrative assistant, to  
11 enhance the productivity of the Commission's legal staff. As matters currently  
12 stand, the Commission's budget will be a conference committee item.

13 *Studies*

14 The Executive Secretary reported that three measures are pending this session  
15 to assign study topics to the Commission. SCR 15 (Morrow/Escutia/Dunn) is a  
16 Commission resolution to authorize the study of oral argument in civil  
17 proceedings. SCR 42 (Campbell) would authorize the study of no-contest clauses,  
18 and AB 12 (DeVore) would authorize the study of TOD real property deeds.

19 The new Chair of Senate Judiciary Committee has expressed concern about  
20 two Commission studies — Federal Rules of Evidence and financial privacy. The  
21 Commission's Chair and the Executive Secretary have sought a meeting with the  
22 Judiciary Committee Chair to discuss the concerns. Meanwhile, the Executive  
23 Secretary has agreed to take the study of the Federal Rules of Evidence off  
24 calendar. The financial privacy study has been concluded, and the Commission  
25 can do no further work in the area, absent a legislative resolution authorizing it.

26 The Commission's resolution — SCR 15 (Morrow/Escutia/Dunn) — may be  
27 made available as a vehicle to review studies on the Commission's calendar and  
28 confirm legislative sanction of those studies.

LEGISLATIVE PROGRAM

29 The Commission considered Memorandum 2005-14, relating to the  
30 Commission's 2005 legislative program. For Commission action on items in the  
31 legislative program, see the entries in these Minutes under the following  
32 headings:

- 1 • Study B-502 – Unincorporated Associations
- 2 • Study H-853 – State Assistance to Common Interest Developments
- 3 • Study H-854 – Common Interest CC&Rs and Local Regulation
- 4 • Study K-301 – Waiver of Privilege by Disclosure

5 STUDY B-502 – UNINCORPORATED ASSOCIATION GOVERNANCE

6 The Commission considered Memorandum 2005-14, which included  
7 discussion of Senate Bill 702 (Ackerman). That bill would implement the  
8 Commission’s recommendations on *Unincorporated Association Governance*, 33 Cal.  
9 L. Revision Comm’n Reports 231 (2004) and *Nonprofit Association Tort Liability*, 33  
10 Cal. L. Revision Comm’n Reports 257 (2004).

11 The Commission ratified the bill amendments and Comment revisions  
12 described in the memorandum. However, the staff will explore the possibility of  
13 making a technical amendment to proposed Corporations Code Section 18620(b)  
14 in order to avoid use of the word “other.”

15 The staff will inform the State Bar that the Commission does not intend to  
16 revisit the substantive questions underlying the amendments.

17 STUDY F-1301 – ENFORCEMENT OF MONEY JUDGMENT UNDER FAMILY CODE

18 The Commission considered Memorandum 2005-21 presenting a staff draft  
19 tentative recommendation on the enforcement of a judgment arising under the  
20 Family Code.

21 The Commission approved the staff draft for circulation as a tentative  
22 recommendation.

STUDY H-821 – MECHANICS LIEN LAW

23 The Commission considered Memorandum 2005-19 and its First Supplement,  
24 relating to the mechanics lien law. The Commission made the following decisions  
25 in connection with the memorandum.

26 **§ 3082.106. Payment bond (public work)**

27 The typo in the draft statute on payment bonds should be corrected:

28 “Payment bond (public work)” means a bond given under  
29 Article 2 (commencing with Section 3087.310) of Chapter 6 in a  
30 public work.

1 **§ 3083.720. Bona fide purchaser or encumbrancer**

2 The procedure set out in the memorandum for cancellation of an invalid lien  
3 might be augmented with language drawn from the lis pendens statute to ensure  
4 that a stale claim of lien is not constructive notice of anything. The language  
5 might state that, on expiration, the claim of lien “does not constitute actual or  
6 constructive notice of any of the matters contained, claimed, alleged, or  
7 contended in the claim of lien, or create a duty of inquiry in any person thereafter  
8 dealing with the affected property.” See Code Civ. Proc. § 405.60. The staff will  
9 send this language to the title insurance companies to assist in their review of the  
10 proposal on cancellation of an invalid lien.

11 **§ 3087.220. Limitation of owner’s liability**

12 The draft should limit the owner’s liability on recording of a payment bond  
13 “where it would be equitable to do so” rather than “in all cases”. This will  
14 resolve a conflict in the statute consistent with the application of the statute in  
15 practice. The staff should compile examples of the application of the “equitable”  
16 standard under existing law.

17 **§ 3087.230. Bond required by lending institution**

18 The staff should further research this provision, which allows a lending  
19 institution to object to a bond if the bond underwriter was licensed by the  
20 Department of Insurance. The provision may be intended to refer to a surplus  
21 line carrier. It is possible the section no longer serves a useful function.

22 **§ 3087.240. Provision shortening statute of limitations**

23 This section, regulating a payment bond provision seeking to shorten the  
24 statute of limitations, should be eliminated in reliance on the flat 6-month  
25 limitations period of proposed Section 3087.250.

26 **§ 3087.250. Statute of limitations against surety on recorded bond**

27 This section, providing a flat 6-month limitations period for an action against  
28 a surety on a payment bond recorded before completion of a work of  
29 improvement, should be expanded to cover an action against the principal on the  
30 bond as well.

1    **§ 3087.260. Preliminary notice (private work) required**

2       The Commission decided not to add a requirement that the owner send a  
3   copy of a payment bond to any person who has given the owner a preliminary  
4   notice.

5    **§ 3087.310. Payment bond requirement for public work**

6       The draft should state clearly the principle that a public work of improvement  
7   by a local entity over \$25,000 requires a payment bond, and a public work of  
8   improvement by a state entity (other than the Legislature, Judiciary, or  
9   University of California) over \$5,000 requires a payment bond.

10      The staff should look into relocating the public work remedies — payment  
11   bonds and stop notices — from the mechanics lien law to an appropriate location  
12   in the Public Contract Code.

13   **§ 3087.340. Action on bond**

14      The Commission discussed the discrepancy between enforcement of a  
15   payment bond, for which an award of attorney’s fees is provided, and a  
16   mechanics lien, for which an award of attorney’s fees is not allowed. The  
17   Commission did not attempt to harmonize the two situations.

18      STUDY H-853 – STATE ASSISTANCE TO COMMON INTEREST DEVELOPMENTS

19      The Commission considered Memorandum 2005-17, which included  
20   discussion of Assembly Bill 770 (Mullin) and Senate Bill 551 (Lowenthal) —  
21   identical companion bills that would implement the Commission’s  
22   recommendation on *CID Ombudsperson Pilot Project* (March 2005). A preprint  
23   copy of the recommendation was attached to the memorandum for the  
24   Commission’s review.

25      The Commission ratified the bill amendments and Comment revision  
26   described in the memorandum, with one exception. The Commission did not  
27   ratify the amendment to proposed Civil Code Section 1380.230 (certification that  
28   documents have been read). The staff will revise the preprint recommendation to  
29   restore that Section to the language recommended by the Commission.

1 compromise offer shown in the Exhibit attached to the memorandum, but  
2 expressed concern that proposed Evidence Code Section 912(a)(2) might be  
3 misinterpreted to require a court to make a written finding. If an opportunity  
4 arises, the language should be revised to prevent such a misinterpretation. The  
5 Commission gave the staff discretion to handle this matter as it deems  
6 appropriate.
