ADMINISTRATIVE MATTERS

Report of Executive Director

The Executive Director reported on the following matters:

- The Commission’s April meeting has been canceled. The 2022 meeting schedule will be revisited at the May 12, 2022, meeting.
- The Commission has hired two new employees. Joy Haviland will serve as counsel for the Committee on Revision of the Penal Code. Megan Hayenga will serve as an office technician.
- The Executive Director is working toward changing the agency’s staff structure. The proposal is to eliminate the position of Chief Deputy Director when it becomes vacant, and reclassify it as an Assistant Chief Counsel. In addition, a vacant attorney position assigned to the Committee on Revision of the Penal Code will be reclassified as an Assistant Chief Counsel.

2022 LEGISLATIVE PROGRAM

The Commission considered Memorandum 2022-19, discussing the Commission's 2022 legislative program.

The Commission approved two technical amendments to Assembly Bill 1716 (Maienschein), as set out on pages one and two of the memorandum. The staff will ask that Assembly Member Maienschein's make those changes to the bill.

STUDY G-300 — STATE AND LOCAL AGENCY ACCESS TO CUSTOMER INFORMATION
FROM COMMUNICATION SERVICE PROVIDERS

The Commission considered Memorandum 2022-20, discussing public comment on a tentative recommendation that the law be revised to require notice to a customer when an administrative subpoena is used to obtain the customer's records from a communication service provider. The Commission approved the tentative recommendation as a final recommendation, for submission to the Governor and Legislature.

STUDY R-100 — FISH AND GAME LAW

The Commission considered Memorandum 2022-15, discussing the Commission's proposed reorganization of the Fish and Game Code. The Commission did not decide to proceed with a proposal to create a new Fish and Wildlife Code. Instead, the Commission will investigate the possibility of conducting a series of narrower organizational reforms in the existing Fish and Game Code. For the next meeting, the Commission directed the staff to prepare at least a partial draft of a proposed reorganization of Division 2 of the Fish and Game Code. That reorganization will propose the relocation of chapters as intact units (without disturbing their internal organization). Commissioners also asked that the staff prepare a discussion of the costs and benefits of such a reorganization and a general plan for future incremental reorganization work.

The Commission also considered Memorandum 2022-22 and its First Supplement, presenting public comment on proposed revision of specific provisions of the Fish and Game Code. The Commission approved all staff recommendations made in those materials, except that the proposed revision of Fish and Game Code Section 3407 was not approved. The Chair noted a possible

1 ambiguity in that provision, which the staff will discuss with the Department of
2 Fish and Wildlife before recommending further action.

3 Finally, the Commission considered Memorandum 2022-23. No Commission
4 action was required or taken with regard to that memorandum.

5 STUDY X-100 — EMERGENCY-RELATED REFORMS

6 The Commission considered Memorandum 2022-21, which discusses the
7 Commission's study on emergency-related reforms and presents possible
8 approaches for the work on this topic. The Commission decided to proceed with
9 work on an informational report (presented as option #3 on page 12 of the
10 memorandum).

11 *(Commissioner Carrillo abstained from this decision).*
