ADMINISTRATIVE MATTERS

Approval of Minutes of February 6 and 7, 1970, Meeting. Page 1 of the minutes of the February 6 and 7, 1970, meeting was corrected to delete the reference to Commissioner Sneed--the February meeting was held prior to the effective date of his appointment. With this correction, the minutes of the February meeting were approved.

Personnel. The Executive Secretary reported the resignation of Clarence B. Taylor, the Assistant Executive Secretary. The Commission authorized the Executive Secretary to attempt to fill the fourth attorney position at the Junior Counsel level.

1970 Legislative Program. The Commission considered Memorandum 70-23 and the oral report of the Executive Secretary. The amendments made in the Commission's bills to date were determined to be acceptable.

With respect to Senate Bills 92 and 94, the Executive Secretary was authorized to make amendments to these bills (if necessary to secure passage) providing that, in all cases involving the plan or design immunity, liability would be conditioned upon a preliminary determination by the court that the entity acted unreasonably in permitting the dangerous condition to remain.

With respect to Assembly Bill 124, the Executive Secretary was authorized to add a new Section 4800.1 to the Civil Code, providing substantially as follows:

4800.1. (a) Except as provided in subdivision (b), if the property subject to division under Section 4800 includes real property situated in another state, the court shall, if possible, divide the community and quasi-community property in accordance with

Section 4800 in such a manner that it is not necessary to change the nature of the interests held in the real property in the other state.

(b) If awarding the property in the manner provided in subdivision (a) would not meet the requirements of Section 4800 or if economic circumstances warrant, the court may do either of the following:

(1) Require the parties to execute such conveyances or take such other actions with respect to the real property situated in another state as are necessary to effect a division of the property in accordance with Section 4800; or

(2) Award to the party who would have been benefited by such conveyances or other actions the money value of the interests in such property that he would have received if the conveyances had been executed or other actions taken.

(2) Are the suggestions of the tentative recommendation with regard to the liability of public entities sound? If not, what changes do you recommend? (3) Should the rules suggested in the recommendation be made equally applicable to private persons? If not, what differences do you recommend?
