Mechanics Lien Law: Clean-Up Legislation

Request for Public Comment

In 2010, the Legislature enacted Chapter 697 of the Statutes of 2010, which implemented a Commission recommendation to reorganize and recodify statutory mechanics lien law. The legislation will become operative on July 1, 2012.

The Commission now seeks input on a tentative recommendation that proposes certain statutory clean-up before the new statutory scheme becomes operative. In particular, the proposed legislation would accomplish the following:

- Implement conforming revisions that were chaptered out by other bills enacted in 2010.
- Correct minor technical errors.

The tentative recommendation is available from the California Law Revision Commission, 4000 Middlefield Road, Room D-2, Palo Alto, CA 94303-4739. The tentative recommendation is also available on the Commission's website at <<http://www.clrc.ca.gov/Mreports-tentrecs.html#2010>>.

The Commission often substantially revises its recommendations as a result of public comment. To receive timely consideration, comments should be submitted by **January 24, 2011**.
