**Technical and Minor Substantive Corrections:
Health and Safety Code Section 131052**

Request for Public Comment

The California Law Revision Commission seeks public comment on its proposal to revise Health and Safety Code Section 131052.

In 2006, the California Public Health Act of 2006 (2006 Cal. Stat. ch. 241) transferred the jurisdiction of the then-existing Department of Health Services to two newly created entities, the Department of Health Care Services and the Department of Public Health.

A key provision of the act, Health and Safety Code Section 131052, assigns responsibility to the Department of Public Health for numerous programs. It identifies those programs by cross-referring to statutes that govern them.

A number of those cross-references are defective. This tentative recommendation proposes revisions to correct those defects. The Commission solicits public comment on the proposed corrections.

The tentative recommendation is available from the California Law Revision Commission, c/o UC Davis School of Law, 400 Mrak Hall Drive, Davis, CA 95616. The tentative recommendation is also available on the Commission's website (www.clrc.ca.gov) through the pull-down "Reports" menu.

The Commission often substantially revises its recommendations in response to public comment. To receive timely consideration, comments should be submitted to the Commission by **November 21, 2018**.
